African Americans At The Crossroads The Restructuring Of Black Leadership And The 1992 Elections

Cynthia Fleming

African Americans At The Crossroads The Restructuring Of Black Leadership And The 1992 Elections:

African Americans at the Crossroads Clarence Lusane, 1994 Clarence Lusane is one of America's most thoughtful and critical thinkers on issues of race, class, and power. *African Americans at the Crossroads* represents an important contribution to the literature on African American politics and the future of American race relations. I enthusiastically recommend this book to scholars and community activists alike. Manning Marable, author of *How Capitalism Underdeveloped Black America*. Clarence Lusane uses the 1992 elections as a prism to explore Black community leadership and offers a long-term vision of Black empowerment and resistance inside and outside the electoral arena. *African American Leadership* Ronald W. Walters, Robert C. Smith, 1999-04-01 CHOICE 2000 Outstanding Academic Title. Written by two preeminent scholars of the subject, this book provides a panoramic view of the theory, research, and praxis of African American leadership. Walters and Smith offer a great deal to students of black leadership as well as important strategy and policy recommendations for black leaders. The book first presents a comprehensive assessment of the social science research literature on black leadership. It finds that older studies (1930s to 1960s) dealt with the nascent formation of leadership theory where blacks were located predominantly in the context of southern politics and had to adopt a conservative to moderate leadership style. The authors also review and evaluate research on black leadership from the 1970s to the present and suggest attention be given to studies of leadership that involve community-level leadership, female leaders, black mayors, and black conservatives. *African American Leadership* also focuses on the practice of black leadership. It begins with an analysis of the roles of black leadership and historical analysis of strategies or strategy shift. The authors then provide illustrative case studies of the styles of black leadership. They examine the continued utilization of mass mobilization in the form of boycotts, direct action, and mass demonstrations and marches. The issue of collective black leadership or the framework of unity, an illusive but necessary form of community organization, is also explored, and serious attention is given to issues of recruitment and deployment. **Yes We Did?** Cynthia Fleming, 2009-11-04 Barack Obama's presidential victory demonstrated unprecedented racial progress on a national level. Not since the civil rights legislation of the 1960s has the United States seen such remarkable advances. During Obama's historic campaign, however, prominent African Americans voiced concern about his candidacy, demonstrating a divided agenda among black political leaders. The assassination of Martin Luther King Jr. changed perceptions about the nature of African American leadership. In *Yes We Did*, Cynthia Fleming examines the expansion of black leadership from grassroots to the national arena, beginning with Booker T. Washington and W. E. B. DuBois and progressing through contemporary leaders including Harold Ford Jr., Louis Farrakhan, Jesse Jackson Jr., and Barack Obama. She emphasizes socioeconomic status, female black leadership, media influence, black conservatism, and generational conflict. Fleming had unprecedented access to a wide range of activists including Carol Mosley Braun, Al Sharpton, and John Hope Franklin. She deftly maps the history of black leadership in America, illuminating both lingering disadvantages and obstacles that developed

after the civil rights movement Among those interviewed were community activists and scholars as well as former freedom riders sit in activists and others who were intimately involved in the civil rights struggle and close to Dr King Their personal accounts reflect the diverse viewpoints of the black community and offer a new understanding of the history of African American leadership its current status and its uncertain future

Perspectives in Black Politics and Black Leadership

John Davis,2007 *Perspectives in Black Politics and Black Leadership* is an in depth examination of the central components of Black leadership in regards to three key issues the problems associated with Black leadership at the elite level high profile activists the debate concerning the significance of Black mayors and the changing role of the Congressional Black caucus CBC The examination also explores why these issues are in the view of some no longer relevant and require radical attention In addition this work analyzes Black voting behavior in the 2000 presidential election the continuing significance of Affirmative Action and attempts to dissolve it and offers critiques of current Black leaders The study concludes with an exploration of the declining influence of the CBC in the Black community and examines the CBC attempts to influence U S foreign policy in a conservative political culture

Barack Obama and Twenty-First-Century Politics

Horace G. Campbell,2010-08-06 Barack Obama has been called a transformative and transcendental political figure this book shows us just how significant the movement behind him was in reshaping the politics of the United States Horace Campbell examines the networks that made the 2009 electoral victory possible and discusses the importance of self organization and self emancipation in politics Developing a theory of politics that starts with the humanist principles of Ubuntu and draws in ecological spiritual anti racist and anti sexist principles Campbell suggests we move away from old forms of vanguardism reconceptualising political organisation and recognising that new social forces are at play

In the Balance of Power

Omar H. Ali,2020-08-18 Reveals the multiple independent political tactics and strategies that African Americans have used to expand democracy and uphold civil and political rights since the founding of the nation This new edition of Ali s groundbreaking narrative includes an epilogue by independent political analyst and leader Jacqueline Salit New material addresses the historic presidencies of both Barack Obama and Donald Trump as well as the rising tide of independent and anti party sentiments

To Make Our World Anew: A History of African Americans

Robin D. G. Kelley,Earl Lewis,2000-05-30 Written by the most prominent of the new generation of historians this superb volume offers the most up to date and authoritative account available of African American history ranging from the first Africans brought as slaves into the Americas to todays black filmmakers and politicians Here is a panoramic view of African American life rich in gripping first person accounts and short character sketches that invite readers to relive history as African Americans experienced it We begin in Africa with the growth of the slave trade and follow the forced migration of what is estimated to be between ten and twenty million people witnessing the terrible human cost of slavery in the colonies of England and Spain We read of the Haitian Revolution which ended victoriously in 1804 with the birth of the first independent black nation in the New World

and of slave rebellions and resistance in the United States in the years leading up to the Civil War There are vivid accounts of the Civil War and Reconstruction years the backlash of notorious Jim Crow laws and mob lynchings and the founding of key black educational institutions The contributors also trace the migration of blacks to the major cities the birth of the Harlem Renaissance the hardships of the Great Depression and the service of African Americans in World War II the struggle for Civil Rights in the 1950s and 60s and the emergence of today's black middle class From Harriet Tubman and Frederick Douglass to Martin Luther King Jr and Louis Farrakhan *To Make Our World Anew* is an unforgettable portrait of a people

African Americans and the Presidency Bruce A. Glasrud, Cary D. Wintz, 2009-12-04 African Americans and the Presidency explores the long history of African American candidates for President and Vice President examining the impact of each candidate on the American public as well as the contribution they all made toward advancing racial equality in America Each chapter takes the story one step further in time through original essays written by top experts giving depth to these inspiring candidates some of whom are familiar to everyone and some whose stories may be new Presented with illustrations and a detailed timeline African Americans and the Presidency provides anyone interested in African American history and politics with a unique perspective on the path carved by the predecessors of Barack Obama and the meaning their efforts had for the United States

Rumor, Repression, and Racial Politics George Derek Musgrove, 2012 While historians have devoted an enormous amount of attention to documenting how African Americans gained access to formal politics in the mid 1960s very few have scrutinized what happened next and the small body of work that does consider the aftermath of the civil rights movement is almost entirely limited to the Black Power era In *Rumor Repression and Racial Politics* Derek Musgrove pushes much further presenting a powerful new historical framework for understanding race and politics between 1965 and 1996 He argues that in order to make sense of this recent period we need to examine the harassment of black elected officials the ways black politicians were denied access to seats they'd won in elections or after taking office were targeted in corruption probes Musgrove's aim is not to evaluate whether individual allegations of corruption had merit but to establish what the pervasive harassment of black politicians has meant politically and culturally over the course of recent American history It's a story that takes him from California to Michigan to Alabama and along the way covers a fascinating range of topics Watergate the surveillance state the power of conspiracy theories the plunge in voter turnout and even the strange political campaigns of Lyndon LaRouche Provided by publisher

The Columbia Guide to African American History Since 1939 Robert L. Harris, Rosalyn Terborg-Penn, 2006 A multifaceted approach to understanding the central developments in African American history since 1939 It combines a historical overview of key personalities and movements with essays on specific facets of the African American experience a chronology of events and a guide to further study From publisher description

This Engaging Realm of E-book Books: A Detailed Guide Unveiling the Pros of Kindle Books: A Realm of Ease and Flexibility

Kindle books, with their inherent mobility and ease of access, have freed readers from the constraints of physical books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in bookstores.
