African Encounters With Domesticity:

African Encounters with Domesticity Karen Tranberg Hansen, 1992 *Readings in Gender in Africa* Andrea Cornwall, 2005 This is a comprehensive overview on the existing literature on gender in Africa It covers areas such as Western perceptions colonial morality religion and politics **Women in African Colonial Histories** Susan Geiger, Jean Allman, Nakanyike Musisi, 2002-04 While recognising the inherent violence and brutality of the colonial encounter the essays in this anthology show that African women were not simply the hapless victims of European political rule African Modernities and Mobilities Gam Nkwi, 2015-05-11 In this book Walter Gam Nkwi documents the complexities and nuances embedded in African modernities and mobilities which have been overlooked in historical discourses in Africa and Cameroon Using an ethnographic historical approach and drawing on the intricacies of what it has meant to be and belong in Kom an ethnic community in the Northwest Region of Cameroon since 1800 he explores the discourses and practices of kfaang as central to any understanding of mobility and modernity in Kom Cameroon and Africa at large The book unveils the emic understanding of modernity through the history and ethnography of kfaang and its technologies and illustrates how these terminologies were conceived and perceived by the Kom people in their social and physical mobilities It documents and analyzes the historical processes involved in bringing about and making kfaang a defining feature of everyday life in Kom and among Kom subjects **Women in African Studies Scholarly Publishing** Cassandra Rachel Veney, Paul Tiyaambe Zeleza, 2001 Examining the role gender plays in African Studies as practised in Africa and the US this book discusses the challenges and difficulties female scholars face in their efforts to produce and disseminate scholarly knowledge Beginning with an analysis of the structural and institutional barriers that affect women s productivity it then examines the impact of the growth of women s presses the promotion of feminist scholarship and the productive links formed across the Atlantic providing insight into the politics of cross cultural race and gender *African Evangelicalism and the Transformation of Africa* Jacob K. Olupona, 2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical

movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today

Honour in African History John Iliffe, 2005 This is

the first published account of the role played by ideas of honour in African history from the fourteenth century to the present day It argues that appreciation of these ideas is essential to an understanding of past and present African behaviour Before European conquest many African men cultivated heroic honour others admired the civic virtues of the patriarchal householder and women honoured one another for industry endurance and devotion to their families These values both conflicted and blended with Islamic and Christian teachings Colonial conquest fragmented heroic cultures but inherited ideas of honour found new expression in regimental loyalty respectability professionalism working class masculinity the changing gender relationships of the colonial order and the nationalist movements which overthrew that order Today the same inherited notions obstruct democracy inspire resistance to tyranny and motivate the defence of dignity in the face of AIDS
