site [Giving Space to African Voices](#) Zehlia Babaci-Wilhite, 2014-08-07 This book sets out to bring voices of the South to the debate on localization of education and makes the case that it should be considered a right in education Despite all the scientifically based evidence on the improved quality of education through the use of a local language and local knowledge English as a language of instruction and Western knowledge based curriculum continue to be used at all educational levels in many developing nations This means that in many African countries the goal of rights to education is becoming increasingly remote let alone that of rights in education With this understanding and with the awareness of the education challenges of millions of children throughout Africa the authors argue that local curriculum through local languages needs to be valued and to be preserved and that children need to be prepared for the world in a language that promotes understanding The authors make a clear case that policy makers are in a position to work towards a quality education for all as part of a more comprehensive right based approach We owe it to the children of the South to offer the best quality education possible in order to achieve social justice

[African Voices of the Atlantic Slave Trade](#) Anne Caroline Bailey, 2005 The story of the Atlantic slave trade has largely been filtered through the records of white Europeans but in this watershed book Anne C Bailey focuses on memories of the trade from the African perspective African chiefs and other elders in an area of southeastern Ghana once famously called the Old Slave Coast share stories that reveal that Africans were both traders and victims of the trade Though Africans were not equal partners with Europeans their involvement had devastating consequences on their history and sense of identity Like trauma victims many African societies experience a fragmented view of their past that partially explains the silence and shame around the slave trade Capturing astonishing oral histories that were handed down through generations of storytellers Bailey breaks this deafening silence and explores the delicate nature of historical memory in this rare unprecedented book Bailey offers a noteworthy carefully researched contribution to the study of the African slave trade and brings unheard historical voices to the fore Publishers Weekly A remarkable effort to

present the slave trade from a perspective very different from what we are used to not that of slaverys liberal opponents or even of the slaves themselves but of the Africans from whose midst the slaves were taken Bailey is scrupulously objective in making her way through the resulting political minefield People like Anne Bailey make us uncomfortable which is all to the good Daniel Lazare The Nation A true work of retrieval and restoration A remarkable gift Ato Quayson director African Studies Centre University of Cambridge UK

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
