Afrika Korps At War 2 The Long Road Back:

Afrika Korps at War: The long road back George Forty, 1978 *Afrikakorps Soldier 1941-43* Pier Paolo Battistelli, 2013-02-20 This book explores the experiences of the German Afrikakorps soldier during the North Africa campaign from the Korps arrival in theatre in February 1941 to its eventual surrender in Tunisia in May 1943 with a particular focus on the intense period of warfare in the Western Desert between 1941 and 1942 Under the leadership of one of the war's most famous commanders Erwin Rommel the Afrikakorps grew to include a broad range of armour infantry artillery anti tank engineer communications supply medical and service elements The soldiers of the Afrikakorps considered themselves as part of an elite a highly select group that had no equal not only in the German Army but in the rest of the world

Hitler's War in Africa 1941-1942 David Mitchelhill-Green, 2021-08-04 Adolf Hitler's war in Africa arose from the urgent need to reinforce the Italian dictator Benito Mussolini whose 1940 invasion of Egypt had been soundly beaten Of secondary importance to his ideological dream of conquering the Soviet Union Germany's Führer rushed a small mechanised force into the unfamiliar North African theatre to stave off defeat and avert any political fallout This fresh account begins with the arrival of the largely unprepared German formations soon to be stricken by disease and heavily reliant upon captured materiel as they fought a bloody series of see-sawing battles across the Western Desert David Mitchelhill Green has gathered a wealth of personal narratives from both sides as he follows the brash exploits of General Erwin Rommel intent on retaking Libya the Nile firmly in his sights Against this backdrop is the brutal human experience of war itself

Battle Story: El Alamein 1942 Pier Paolo Battistelli, 2011-09-30 The Second Battle of El Alamein marked a major turning point in the Western Desert Campaign of the Second World War El Alamein saw two of the greatest generals of the war pitted against each other Rommel and Montgomery Through key profiles and a chapter devoted to The Armies Battle Story El Alamein explores what made these men inspired leaders and what led to their respective defeat and victory Montgomery's success ensured that the Axis army was unable to occupy Egypt and therefore gain control of the Suez Canal or the Middle Eastern oil fields thereby preventing a major source of income and power for them The background and impact of the battle are explored in separate chapters so offering the reader a clear insight into why what happened in this remote part Egypt was so central to the Allied cause Through quotes and maps the text explores the unfolding action of the battle and puts the reader on the frontline If you truly want to understand what happened and why read Battle Story

With Rommel in the Desert David Mitchelhill-Green, 2017-04-30 This WWII pictorial history illustrates Nazi Germany's North African campaign showing life under Rommel through vivid wartime photographs Prior to the outbreak of World War II the German Army had focused exclusively on preparations needed to wage war in continental Europe The threat of an Italian collapse in North Africa in early 1941 however prompted Hitler to aid his ally by sending an armored blocking force to Libya Not content to merely thwart the British from capturing Tripoli Lieutenant General Erwin Rommel harried his inexperienced expeditionary force

eastward towards the Nile Delta With Rommel in the Desert presents a pictorial narrative of the unfolding conflict from the arrival of the Deutsches Afrikakorps until Rommel's departure from the battlefield in March 1943 These rare wartime photographs show daily life in the desert war with its shifting fortunes and unique challenges Primarily viewed from the perspective of ordinary combatants this is their personal record of serving with Rommel in the desert

The War in North Africa, 1940-1943 Colin F. Baxter, 1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940 1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940 42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians

The Bloody Road to Tunis David Rolf, 2015-02-03 As the Afrika Korps withdrew after a bruising defeat at El Alamein it became apparent that Axis forces would not be able to maintain their hold over Libya Rommel pulled his troops back to Tunisia digging in along the Mareth Line and turned westwards

El Alamein 1942 Pier Paolo Battistelli, 2016-03-26 The story of one of the most important battles of the Second World War between two of its greatest generals is expertly related and explained by a leading historian with detailed illustrations and supplementary facts

World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

Rommel in North Africa David Mitchelhill-Green, 2017-08-30 Erwin Rommel is the arguably the most well known German general of the Second World War Revered by his troops and applauded by his enemies the so called Desert Fox achieved legendary status for his daring exploits and bold maneuvers during the North African campaign In this book richly illustrated with over 400 images the author examines the privations and challenges Rommel faced in leading his coalition force Endeavoring to reach the Nile Delta we find Rommel's Axis soldiers poorly prepared to undertake such an audacious operation Much admired by his men in

the front lines we discover a demanding and intolerant leader censured by subordinate officers and mistrusted by his superiors in Berlin Certainly no diplomat we observe posed interactions with Italian and junior German officers through an official lens We note Rommel s readiness to take advantage of his enemy s weakness and study his extraordinary instinct for waging mobile warfare We consider his disregard for the decisive factor of supply and view his army s reliance on captured equipment We learn how this brave and ambitious commander was celebrated by German propaganda when the Wehrmacht s fortunes in the East were waning Conversely analyze why Winston Churchill honored him as a daring and skillful opponent Finally we picture this energetic ambitious at times reckless commander as he roamed the vast Western Desert battlefield This is the story of Rommel in North Africa

Afrika Korps At Wat 2 The Long Road Back Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
