

After The Soviet Union

Michael McFaul, Kathryn Stoner-Weiss, Kathryn Stoner

After The Soviet Union:

Life After the Soviet Union Nozar Alaolmolki, 2001-10-19 Examines the political social and economic issues confronted by each of the newly independent republics in the Transcaucasus and Central Asian regions *Ethnicity, Nationalism and Conflict in and After the Soviet Union* Valery Tishkov, 1997 Valery Tishkov is a well known Russian historian and anthropologist and former Minister of Nationalities in Yeltsin's government This book draws on his inside knowledge of major events and extensive primary research Tishkov argues that ethnicity has a multifaceted role it is the most accessible basis for political mobilization a means of controlling power and resources in a transforming society and therapy for the great trauma suffered by individuals and groups under previous regimes This complexity helps explain the contradictory nature and outcomes of public ethnic policies based on a doctrine of ethno nationalism *After the USSR* Anatoly Michailovich Khazanov, 1995 Khazanov's astute assessments of ethnic and political strife in Russia in Chechnia in Central Asia in Kazakhstan among the Meskhetian Turks and among the Yakut of Eastern Siberia illuminate the interconnections between nationalism ethnic relations social structures and political process in the waning days of the USSR and in the new independent states Exploring the Soviet nationality policy and its failure to satisfy national aspirations Khazanov demonstrates the fatal flaws of totalitarian rule and the impossibility of reforming it Khazanov cautions that the liberal democratic direction of current transformations in the former Soviet Union should not be taken for granted For most of the independent states he points out departing from totalitarianism requires creation of a civil society for the first time in their history The state's partial retreat from the public sphere leaves a dangerous institutional vacuum in which nationalism is emerging as the dominant ideology He warns that this new post totalitarian society is still a far cry from a genuine liberal democracy and despite its inherent instability may turn out to be a long lasting phenomenon *The Soviet Union After Perestroika* Paul Holman, 1991 **After the Collapse of Communism** Michael McFaul, Kathryn Stoner-Weiss, Kathryn Stoner, 2004-09-06 Publisher Description **USSR Foreign Policies After Détente** Richard F. Staar, 2013-09-01 Based largely on primary sources in the Russian language this succinct volume covers the following aspects of Soviet foreign policy world outlook personalities and structures of the decisionmaking process implementation of objectives and a discussion of practices toward geographic regions as well as specific countries **After Independence** Lowell Barrington, 2009-12-18 The majority of the existing work on nationalism has centered on its role in the creation of new states After Independence breaks new ground by examining the changes to nationalism after independence in seven new states This innovative volume challenges scholars and specialists to rethink conventional views of ethnic and civic nationalism and the division between primordial and constructivist understandings of national identity Where do nationalists go once they get what they want We know rather little about how nationalist movements transform themselves into the governments of new states or how they can become opponents of new regimes that in their view have not taken the self determination drive far enough This stellar

collection contributes not only to comparative theorizing on nationalist movements but also deepens our understanding of the contentious politics of nationalism's ultimate product new countries Charles King Chair of the Faculty and Ion Ratiu Associate Professor Georgetown University School of Foreign Service This well integrated volume analyzes two important variants of nationalism postcolonial and postcommunist in a sober lucid way and will benefit students and scholars alike Zvi Gitelman University of Michigan Lowell W Barrington is Associate Professor of Political Science Marquette University

CIA's Analysis of the Soviet Union, 1947-1991 United States. Central Intelligence Agency, 2001 Provides key documents used to analyze and explain the intentions and capability of the Soviet Union to US policymakers **The Baltic States After Independence** The late Ole Nørgaard, 1999-01-01 The Baltic States After Independence is an excellent and informative account of how the Baltic republics have fared This excellent book is indispensable for any scholar studying the former Soviet Union Although this book will be a definitive reference for transition scholars it deserves a wider audience I would encourage every economics major to read it or at least parts of it Too often the economics curriculum tainted by orthodoxy ignores the interdependence of economics politics and international relations The authors superbly demonstrate that markets do not develop independently and ahistorically rather their development is path dependent and guided by a qualified and efficient state apparatus I can think of no better book that disparages neoclassical orthodoxy almost to the point of irrelevancy while at the same time vindicating the central tenets of institutionalism Jack Reardon Journal of Economic Issues Acclaim for the first edition The book is of great help in understanding the Baltic states in particular the survival of what has been referred to as the civil society and the re establishment of democracy Ulf Hansson Initiative on Conflict Resolution and Ethnicity The second edition of this widely acclaimed book considers the extent to which the Baltic states have succeeded politically and economically in their aspirations to emulate Western institutions since independence The book has been completely revised since the first edition to account for the rapid changes in the countries themselves and in the theories that attempt to generalize the patterns of development in post communist countries **After Soviet State Antisemitism** Yohanan Petrovsky-Shtern, Vladimir Ze'ev Khanin, 2024-10-21 Following the abolishment of state sanctioned antisemitism under Gorbachev's Perestroika liberalization policy Jewish life in the FSU former Soviet Union was dominated by two interrelated trends large scale emigration on the one hand and attempts to re establish a fully organized local Jewish life on the other Although many aspects of these trends have become the subjects of academic research a few important developments in the recent decade have not been studied in depth The authors of this volume trace these trends using various methods from the social sciences and humanities and focusing on issues pertaining to the physical mental legal and cultural borders of the Jewish collective in the post Soviet Eurasia traditional and modern patterns of Jewish ethnic national religious and cultural identities the development of Jewish organizations and movements contemporary Jewish religious and civil culture and the general sociocultural and political contexts of the FSU Jewish life This volume will make a robust

contribution to research on contemporary Jewish and other ethnicities and will enrich public discourses on ethnic religious and cultural minorities and their current situation in Europe and the FSU

When people should go to the books stores, search opening by shop, shelf by shelf, it is really problematic. This is why we allow the books compilations in this website. It will entirely ease you to look guide **After The Soviet Union** as you such as.
