Against Numerology Richard Caddel,1987 **Against Numerology** Richard Caddel,1987-01-01 **PRONOLOGY** Pandit Alahar Vijay,Bhalvnkar Vivin, We are made known to the world by means of our names When someone calls us by name we immediately turn to him We ask what the matter is So it gradually makes the body and name as one unit A person s character value fame all depends on his name Therefore through this new science called PRONOLOGY we can investigate and analyze the sound aspect of Numerology of our names and come to know about the positive as well as negative forces that may influence us Through this art we can remove the evil effects contained in our names and increase the good effects In this way it benefits everyone 11:11 the Time Prompt Phenomenon Marie D. Jones,Larry Flaxman,2019-11 Originally published in 2009 by New Page Books **The Presocratics and the Supernatural** Andrew Gregory,2013-10-24 This book examines the relationship between magic philosophy and the investigation of nature in presocratic Greece Did the presocratic thinkers often praised for their rejection of the supernatural still believe in gods and the divine and the efficacy of magical practices Did they use animism astrology numerology and mysticism in their explanations of the world This book analyses the evidence in detail and argues that we need to look at each of these beliefs in context **The Encounter of Chinese and Western Philosophies** Benoît Vermander,2023-09-05 Vermander revisits the encounter between Chinese and Western philosophy while unfolding questions about the way comparative philosophy is conducted today In the vulgate of intellectual history Western thought has constructed a substantialist view of reality that puts relations and processes into a subordinate position The same view explains for the primacy given to the autonomy of individual beings In contrast according to the same vulgate Chinese thought has been stressing the fluidity of all phenomena and forms of life to best adapt to their overarching patterns The critique of these representations is a preliminary for tackling the following question in today s context what style of cross cultural philosophical engagement should be imagined and fostered Cross cultural philosophical dialogue is indeed indispensable to the revival of philosophies that could be both local and genuinely dialogic The first two chapters focus upon the dominant model propounded by Western sinologists when it comes to comparing the Western philosophical tradition with the Chinese one The third chapter shifts to Chinese narratives about local comparative and global philosophies notably assessing its self positioning vis vis Western authors topics and concepts Chapter 4 offers a general reading of ancient Chinese classics alternative to the one that presently dominates the landscape described in Chapters 1 to 3 Chapter 5 harnesses the results and insights already gathered offering a blueprint as to the way to positively draw upon different philosophical traditions to engage common questions and pursue shared endeavors A last chapter presents four cases of ongoing transcultural philosophical dialogues and the promises they bear while the conclusion recapitulates the journey and opens further perspectives Once it develops outside pre formatted narratives the web shaped by our philosophies and wisdoms suggests the outlines of a world that we could inhabit together The Paranormal

Equation James Stein, 2012-12-26 Most of us think science is incapable of explaining supernatural phenomena This would include everything from ghosts and communication with the dead to extrasensory perception ESP precognition and telekinesis Scientists are generally highly skeptical of the existence of such phenomena because of the lack of the rigorous documentation that science requires Nevertheless many great scientists have believed and do believe in the supernatural The Paranormal Equation presents an argument for the existence of supernatural phenomena based on the mathematics and science discovered during the last century It also explains why supernatural phenomena must exist if the universe satisfies certain conditions conditions which are accepted by many working scientists The Paranormal Equation explores such questions as How can we distinguish between the truly unknown and the supernatural How have scientists attempted to study the supernatural What are the rational reasons for believing in the supernatural Which hypotheses about the universe mandate the existence of supernatural phenomena Anyone interested in how science is beginning to understand and even explain the seemingly unexplainable will want to read this fascinating new title **The Mystery of the Lord's Prayer**

Blanca Mojica, 2014-05 The Mystery of the Lord s Prayer can provide you with the responses you seek from your inner being helping you to see how everything is connected with the universe the numbers and you You have a special code that you must meet in this life The Mystery of the Lord s Prayer along with numerology can tell you what it is and how to make it vibrate so that the universe can respond as it should be Master Jesus left us in prayer the mystery to solve in your own personal message that may find several answers for which you ve been looking **Pronology - The Dynamic Name Science**

Pandtit Alahar Vijay, *Lost and Found: My Journey to a Saved Soul* Michelle Marie Damico, 2016-08-02 Have you ever wondered if there is more to life then we can see Are there really other dimensions within our world If so who or what resides there Do angels and demons truly exist If so where are they and how do they function in our world What does the Bible say about angels and demons Is there a biblical mystery that has been overlooked Lost and Found My Journey to a Saved Soul will answer these questions and more through uncovering one of the mysteries that has been hidden since the fall of mankind This mystery is broken down through God given biblical revelation regarding the unseen world This mystery became a living reality when Michelle Damico and her husband Chris Damico entered into the unseen realm on a forty day journey They had experienced firsthand what it was like to function within another dimension also known as the spirit world It was through unknowingly opening a door into forms of witchcraft that entered them into the spirit realm being led to a shaman and tricked into a ritual that they believed was a marital ceremony This led to her mother being spiritually attacked therefore triggering a subarachnoid hemorrhage and her mother s near death experience Michelle s husband s possession and cry to be institutionalized and her children being attacked by spirits that desired to possess their soul Their home was overpowered with evil and deep darkness and there was nobody they could turn to but Jesus All glory and honor to our Lord and Savior Jesus Christ for delivering us out of the darkness and into his marvelous light Giving thanks to the Father who has

qualified us to share in the inheritance of the saints God's people in the Light For He has rescued us and has drawn us to Himself from the dominion of darkness and has transferred us to the kingdom of His beloved Son in whom we have redemption because of His sacrifice resulting in the forgiveness of our sins and the cancellation of sins penalty He is the exact living image the essential manifestation of the unseen God the visible representation of the invisible the firstborn the preeminent one the sovereign and the originator of all creation Colossians 1:12-15 AMP
