The Age of Johnson Jack Lynch, J. T. Scanlan, 2021-06-18 Volume 24 features commentary on a range of Johnsonian topics his reaction to Milton his relation to the Allen family his notes in his edition of Shakespeare his use of Oliver Goldsmith in his Dictionary and his always fascinating Nachleben The volume also includes articles on topics of strong interest to Johnson penal reform Charlotte Lennox's professional literary career and the conjectural history of Homer in the eighteenth century

Tobias Smollett in the Enlightenment Richard J. Jones, 2011-04 Tobias Smollett 1721-1771 is best known today as a novelist but in the eighteenth century he was regarded as a historian and critic In this book Richard J Jones explores the diversity of Smollett's journalistic and literary writings and establishes new connections between Smollett's work and writers of the Scottish Enlightenment The book takes as its focal point Smollett's visit to Nice between 1763 and 1765 and the account he wrote of it in *Travels through France and Italy* 1766 This account is usually seen as a travel narrative but Jones argues that it should be read as a pocket encyclopedia in the tradition of Voltaire Jones divides his study into sections on medicine fine art the theater and history In doing so he offers a productive juxtaposition of authors' texts and contexts presenting Smollett as a writer whose Scottish and particularly Glaswegian identity informed his involvement in a wider European Enlightenment

The Selected Essays of Donald Greene Donald Johnson Greene, 2004 Part III *The Terrain of Literature* features Greene's examination of a variety of literary approaches to literature in an era when the subject needs to be referred as well to cognitive science as more conventional critical modes even deconstruction that have long defined it Additionally he illuminates important works by writers as various as Jane Austen and Evelyn Waugh These essays as well as the book as a whole are framed here by Greene's assessment of Canadian literature that calls attention to the native terrain that he originally called home and how the latter contributed to the making of one of the most cosmopolitan scholars of his era Jacket

Theology and Literature in the Age of Johnson Melvyn New, Gerard Reedy, 2012-06-14 *Theology and Literature in the Age of Johnson Resisting Secularism* contains seventeen essays exploring the complex relationships between literary intentions and theological concerns of authors writing in the second half of the eighteenth century The diversity of literary forms and subjects from Fielding and Richardson to Burke and Wollstonecraft is matched by a diversity of approaches and theologies To argue that the age resisted secularism is by no means to argue that resistance was blindly doctrinal or rigidly uniform The many ways secularism could be resisted is the subject of the collection Published by University of Delaware Press Distributed worldwide by Rutgers University Press

New Essays on Samuel Johnson Anthony W. Lee, 2018-10-17 *New Essays on Samuel Johnson Revaluation* is a collection of essays by various hands that examines its point of focus the inexhaustible English author Samuel Johnson from a variety of different critical perspectives The book also simultaneously interrogates particular texts such as the Dictionary the *Lives of the Poets* alongside general themes such as Johnson and intertextuality Johnson and autobiography The word revaluation from the title connotes both the deployment of specifically

au courant approaches viewing for example Johnson in relation to climate change or Johnson and the notion of osmology as well as more general reflections upon Johnson's importance to our present cultural and temporal moment Samuel Johnson Among the Modernists Anthony W. Lee, 2019-04-09 The traditional view of Samuel Johnson has been that of a reactionary conservative Although many have worked to undermine this stereotype perhaps enough remains to claim Johnson as a representative of modernity This book aims to demonstrate that Johnson is a figure of modernity one with an appeal many modernist writers found irresistible **The Age of Projects** William Andrews Clark Memorial Library, 2008-01-01 The Age of Projects uses the notion of a project as a key to understanding the massive social cultural political literary and scientific transitions that occurred in Europe during the late seventeenth century *Johnson in Japan* Kimiyo Ogawa, Mika Suzuki, 2020-10-16 The study and reception of Samuel Johnson's work has long been embedded in Japanese literary culture The essays in this collection reflect that history and influence underscoring the richness of Johnson scholarship in Japan while exploring broader conditions in Japanese academia today In examining Johnson's works such as the Rambler 1750-52 Rasselas 1759 Lives of the Most Eminent English Poets 1779-81 and Journey to the Western Islands of Scotland 1775 the contributors all members of the half century old Johnson Society of Japan also engage with the work of other important English writers namely Shakespeare Mary Shelley Jane Austen and Matthew Arnold and later Japanese writers including Natsume Soseki 1867-1916 If the state of Johnson studies in Japan is unfamiliar to Western academics this volume offers a unique opportunity to appreciate Johnson's centrality to Japanese education and intellectual life and to reassess how he may be perceived in a different cultural context Published by Bucknell University Press Distributed worldwide by Rutgers University Press Abyssinia's Samuel Johnson Wendy Laura Belcher, 2012-05-31 As a young man Samuel Johnson one of the most celebrated English authors of the eighteenth century translated A Voyage to Abyssinia by Jeronimo Lobo a tome by a Portuguese missionary about the country now known as Ethiopia Far from being a potboiler this translation left an indelible imprint on Johnson Demonstrating its importance through a range of research and attentive close readings Abyssinia's Samuel Johnson highlights the lasting influence of an African people on Johnson's oeuvre Wendy Laura Belcher uncovers traces of African discourse in Johnson's only work conceived for the stage Irene several of his short stories and of course his most famous fiction The History of Rasselas Prince of Abissinia Throughout Belcher provides a much needed perspective on the power of the discourse of the other to infuse European texts Most pointedly she illuminates how the Western literary canon is globally produced developing the powerful metaphor of spirit possession to suggest that some texts in the European canon are best understood as energumens texts that are spoken through Her model of discursive possession offers a new way of theorizing transcultural intertextuality in particular how Europe's others have co constituted European representations Drawing on sources in English French Portuguese and Ge'ez this study challenges the conventional wisdom on Johnson's work from the inspiration for the name Rasselas and the nature of Johnson's religious beliefs to what makes Rasselas so

web an open subset of the riemann surface for the multivalued function $f(z) = \log z$ in mathematics particularly in complex analysis a riemann surface is a one dimensional complex manifold loosely speaking this means that any riemann surface is formed by gluing together open subsets of the complex plane $\mathbb{C}$ using holomorphic gluing maps
