Age Like This 1920 1940 Collected Essays Age Like This:

An Age Like This: 1920-1940 George Orwell, 1968 **The Feminine Middlebrow Novel, 1920s to 1950s** Nicola Humble, 2004 Humble presents a study of the novels by and for middle class women that dominated the publishing market in the first half of the 20th century She studies the work of authors such as Agatha Christie alongside cultural products such as cookery books **An age like this, 1920-1940** Sonia Orwell, Ian Angus, 1968 **The Collected Essays, Journalism and Letters 1** George Orwell, 1976 *Graham Greene in the 1930s* Andrew Purssell, 2025-08-12 Graham Greene in the 1930s presents a major new reading of Greene s literary works and critical writings from the 1930s a period of increasing academic interest and importance Greene s works from this period encompass a wide range of forms genres and media capturing the richness and variety of British literary culture between the wars they also reveal its urgent preoccupations and challenges such as the era defining concern with the relationship between politics and art and a corresponding fascination with modernity and mass culture as well as the shifting status of literature itself during the first true media age Graham Greene in the 1930s investigates this major twentieth century author s less considered early works in their original literary historical contexts and in the context of new critical approaches to the decade s literature and culture from the reconsideration within modernist studies of the kinds of interwar writing with its characteristic movement between genres and experimentation typified by early Greene to the current focus on the long 1930s which has seen the decade repositioned at the heart of twentieth century British literary history This book establishes the compelling intersections between early Greene and the literature of the 1930s It puts Greene at the centre of an era of profound and continuous transition and of a remarkable period in twentieth century literary history **Cricket, Literature and Culture** Anthony Bateman, 2016-05-13 In his important contribution to the growing field of sports literature Anthony Bateman traces the relationship between literary representations of cricket and Anglo British national identity from 1850 to the mid 1980s Examining newspaper accounts instructional books fiction poetry and the work of editors anthologists and historians Bateman elaborates the ways in which a long tradition of literary discourse produced cricket s cultural status and meaning His critique of writing about cricket leads to the rediscovery of little known texts and the reinterpretation of well known works by authors as diverse as Neville Cardus James Joyce the Great War poets and C L R James Beginning with mid eighteenth century accounts of cricket that provide essential background Bateman examines the literary evolution of cricket writing against the backdrop of key historical moments such as the Great War the 1926 General Strike and the rise of Communism Several case studies show that cricket simultaneously asserted English ideals and created anxiety about imperialism while cricket s distinctively colonial aesthetic is highlighted through Bateman s examination of the discourse surrounding colonial cricket tours and cricketers like Prince Kumar Shri Ranjitsinhji of India and Sir Learie Constantine of Trinidad Featuring an extensive bibliography Bateman s book shows that while the discourse surrounding cricket was key to its status as a symbol of nation and empire the embodied

practice of the sport served to destabilise its established cultural meaning in the colonial and postcolonial contexts

Advertising and Propaganda in World War II David Clampin, 2014-03-21 The Blitz the period of Nazi bombing campaigns on civilian Britain during World War II was a formative period for British national identity In this groundbreaking book David Clampin looks at the images campaigns and slogans which helped to form the fabled Blitz spirit powerfully echoed in Winston Churchill's speeches Because advertisers attempted to capitalise on war time patriotism Clampin's unique focus on advertising provides a visually rich seam of new information on the everyday war and makes an enormous contribution to the debate on people's experiences of war and nationalism Using a remarkable and hitherto unseen range of primary source material advertisements in the press slogans and posters this work will reshape the contested meanings of the Home Front opening up cultural history discourses on gender and nationalism Advertising and Propaganda in World War II is essential reading for historians of World War II as well as students and scholars of Media Studies and Communication Studies

The British Superhero Chris Murray, 2017-03-15 Chris Murray reveals the largely unknown and rather surprising history of the British superhero It is often thought that Britain did not have its own superheroes yet Murray demonstrates that there were a great many in Britain and that they were often used as a way to comment on the relationship between Britain and America Sometimes they emulated the style of American comics but they also frequently became sites of resistance to perceived American political and cultural hegemony drawing upon satire and parody as a means of critique Murray illustrates that the superhero genre is a blend of several influences and that in British comics these influences were quite different from those in America resulting in some contrasting approaches to the figure of the superhero He identifies the origins of the superhero and supervillain in nineteenth century popular culture such as the penny dreadfuls and boys weeklies and in science fiction writing of the 1920s and 1930s He traces the emergence of British superheroes in the 1940s the advent of fake American comics and the reformatting of reprinted material Murray then chronicles the British Invasion of the 1980s and the pivotal roles in American superhero comics and film production held by British artists today This book will challenge views about British superheroes and the comics creators who fashioned them Murray brings to light a gallery of such comics heroes as the Amazing Mr X Powerman Streamline Captain Zenith Electroman Mr Apollo Masterman Captain Universe Marvelman Kelly's Eye Steel Claw the Purple Hood Captain Britain Supercats Bananaman Paradax Jack Staff and SuperBob He reminds us of the significance of many such creators and artists as Len Fullerton Jock McCall Jack Glass Denis Gifford Bob Monkhouse Dennis M Reader Mick Anglo Brendan McCarthy Alan Moore Grant Morrison Dave Gibbons and Mark Millar

Narrative, Emotion, and Insight Noël Carroll, John Gibson, 2011 A collection of essays written for this volume by leaders in the field that study the emotional and cognitive significance of narrative and its implications for aesthetics and the philosophy of art Provided by publisher
