Publishers, Readers and the Great War Vincent Trott, 2017-10-05 Literature is at the heart of popular understandings of the First World War in Britain and has perpetuated a popular memory of the conflict centred on disillusionment horror and futility This book examines how and why literature has had this impact exploring the role played by authors publishers and readers in constructing the memory of the war since 1918 It demonstrates that publishers were as influential as authors in shaping perceptions of the conflict and it provides a detailed analysis of critical and popular responses to war books tracing the evolution of readers attitudes to the war between 1918 and 2014 By exploring the cultural legacy of the war from these two previously overlooked perspectives Vincent Trott offers fresh insights regarding the emergence of a collective memory of the First World War in Britain Drawing on a broad range of primary source material including publishers correspondence dust jackets adverts book reviews and diary entries and examining canonical authors such as Wilfred Owen Siegfried Sassoon and Vera Brittain alongside long forgotten texts and more recent autobiographical works by Harry Patch and Henry Allingham **Publishers Readers and the Great War** provides a rich and nuanced analysis of the climate within which First World War literature was written published and received since 1918 [BBC Proms 2014: The Official Guide](#)

Treasury of War Poetry: British and American Poems of the World War 1914-1917 (WWI Centenary Series) G. H.

Clarke, 2016-03-10 The present Anthology contains a number of representative poems produced by English speaking men and women The editorial policy has been humanly hospitable rather than academically critical especially in the case of some of the verses written by soldiers at the Front which however slight in certain instances their technical merit may be are yet psychologically interesting as sincere transcripts of personal experience and will it is thought for that very reason peculiarly attract and interest the reader It goes without saying that there are several poems in this group which conspicuously succeed also as works of art For the rest the attempt has been made within such limitations as have been experienced to present pretty freely the best of what has been found available in contemporary British and American war verse This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context **War and Words** Wojciech Drąg, Jakub Krogulec, Mateusz Marecki, 2016-05-11 Despite the vast body of texts inspired by warfare from The Iliad to Maus war writing is perpetually haunted by the notions of unrepresentability and inadequacy War and Words examines the methods conventions and pitfalls of constructing verbal accounts of military conflict in literature and the media This multifocal study draws on a wide array of theoretical perspectives including feminism posthumanism masculinity trauma spatiality and media studies and brings together such diverse material as canonical literature war veterans testimonies imaginative fiction computer games English curricula and Al Qaeda s propaganda pieces In five consecutive sections Spreading War Propaganda Reconstructing War Spaces Envisioning War Gendering War and Teaching War the contributors consider war in its manifold aspects as an ideological tool used for propaganda purposes as a spatial reconstruction performed for the critical reassessment of past conflicts as a projection or extrapolation of possible future conflicts and their social repercussions as a political statement to deconstruct the oppressive nature of violence and finally as a didactic tool to foster empathy This collection will appeal primarily to academics specialising in English and American literature but also to those researching media gender and game studies *Winged Warfare (WWI Centenary Series)* William A. Bishop, 2020-10-16 Here for the first time is presented the thrilling personal narrative of a living champion of the air the self told story of Major William A Bishop of Canada and the British Royal Flying Corps This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context **Private Peat (WWI Centenary Series)** Harold R. Peat, 2021-01-08 In this record of my experiences as a private in the great war I have tried to put the emphasis on the things that seemed to me important It is true I set out to

write a book of smiles but the seriousness of it all came back to me and crept into my pages Yet I hope along with the grimness and the humor I have been able to say some words of cheer and comfort to those in the United States who are sending their husbands their sons and brothers into this mighty conflict The book unsatisfactory as it is to me now that it is finished at least holds my honest and long considered opinions It was not written until I could view my experiences objectively until I was sure in my own mind that the judgments I had formed were sane and sound I give it to the public now hoping that something new will be found in it despite the many personal narratives that have gone before and confident that out of that public the many friends I have made while lecturing over the country will look on it with a lenient and a kindly eye This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context [A Kut Prisoner \(WWI Centenary Series\)](#) H. C. Bishop, 2021-06-28 The experiences related in the following pages are simply the individual fortunes of a subaltern of the Indian Army Reserve of Officers who had his first taste of fighting at the battle of Ctesiphon and was afterwards taken prisoner by the Turks with the rest of the Kut Garrison ultimately succeeding in escaping from Asia Minor It is not intended to generalize in any way since an individual unless of exalted rank sees as a rule only his own small environment and cannot pretend to speak for the majority of his comrades The book is published in the hope that it may prove of interest to the many relatives and friends of the Kut prisoners This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context [A Yankee in the Trenches \(WWI Centenary Series\)](#) Robert Derby Holmes, 2020-07-14 I have tried as an American in writing this book to give the public a complete view of the trenches and life on the Western Front as it appeared to me and also my impression of conditions and men as I found them It has been a pleasure to write it and now that I have finished I am genuinely sorry that I cannot go further On the lecture tour I find that people ask me questions and I have tried in this book to give in detail many things about the quieter side of war that to an audience would seem too tame I feel that the public want to know how the soldiers live when not in the trenches for all the time out there is not spent in killing and carnage As in the case of all men in the trenches I heard things and stories that especially impressed me so I have written them as hearsay not taking to myself credit as their originator I trust that the reader will find as much joy in the cockney character as I did and which I have tried to show the public let me say now that no finer body of men than those Bermondsey boys of my battalion could be found R Derby Holmes Corporal of the 22d

London Battalion of the Queen's Royal West Surrey Regiment This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world's bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context
