African Americans And Jews In The Twentieth Century Studies In Convergence And Conflict:

African Americans and Jews in the Twentieth Century Vincent P. Franklin, 1998 In recent scholarship academics have focused primarily on areas of conflict between Blacks and Jews yet in the long struggle to bring social justice to American society these two groups have often worked as allies in both the organized labor and the civil rights movements Demonstrating the complexity of the relationship of Blacks and Jews in America *African Americans and Jews in the Twentieth Century* examines the competition and solidarity that have characterized Black Jewish interactions over the past century These essays provide an intellectual foundation for cooperative efforts to improve social justice in our society and are an invaluable resource for the study of race relations in twentieth century America Copyright Libri GmbH All rights reserved

Norman Podhoretz and Commentary Magazine Nathan Abrams, 2011-10-27 What does the term neoconservative mean Who are we talking about and where did they come from Abrams answers those very questions through a detailed and critical study of neoconservatism s leading thinker Norman Podhoretz and the magazine he edited for 35 years *Commentary* Podhoretz has been described as the conductor of the neocon orchestra and through *Commentary* Podhoretz powerfully shaped neoconservatism Rich in research the book is based upon a wide range of sources including archival and other material never before published in the context of *Commentary* magazine including Podhoretz s private papers It argues that much of what has been said about neoconservatism is the product of willful distortion and exaggeration both by the neoconservatives themselves and their many enemies From this unique perspective Abrams examines the origins rise and fall of neoconservatism In understanding Podhoretz a figure often overlooked this book sheds light on the origins ideas and intellectual pedigree of neoconservatism

Hubert Harrison Brian Kwoba, 2025-06-17 The significance of Hubert Henry Harrison 1883 1927 as a journalist activist and educator lies in his innovation of radical solutions to radical injustices He witnessed staggering luxury for the few alongside crushing poverty for the many White mob violence continually haunted Black

communities while imperial conquest and world wars wrought wanton destruction upon entire nations of people These conditions sparked a global political awakening to which Harrison gave voice as a leading figure in cutting edge struggles for socialism internationalism free love freethinking and free speech He did far more than cultivate the rich dark soil in which the so called Harlem Renaissance would take root Harrison also played a pivotal role in the rise of Marcus Garvey and the emergence of the largest international organization of African people in modern history Because of his fearless radicalism however he has been erased from popular memory Hubert Harrison presents a historical restoration of Harrison s numerous intellectual and political breakthroughs Offering a fresh interpretation of his contributions to social movements for economic racial and sexual liberation Brian Kwoba s richly textured narrative highlights the startling and continued relevance of Harrison s visionary thinking across generations

South of the South Raymond A. Mohl, 2020-10-15 A must read for anyone interested in the history of civil rights the roles and varied motivations of southern Jews in the movement the interaction of blacks and Jews the role of hate groups and the anti communist hysteria in silencing or harassing the forces of positive change and the specific place of Miami Miami Beach and Florida in the struggle Raymond Mohl s writing style is dynamic and fully accessible for the lay as well as scholarly audience that I expect this work will attract Mark K Bauman Atlanta Metropolitan College Using unusual and revealing primary materials from the careers of two remarkable Jewish women Raymond Mohl offers an original interpretation of the role of Jewish civil rights activists in promoting racial change in post World War II Miami He describes the city s political climate after the war as characterized by segregation aggressive anti Semitism and a powerful strain of cold war McCarthyism In this hostile environment the dynamic leadership of two northern newcomers Matilda Bobbi Graff and Shirley M Zoloth played a critical role in the city s campaign for racial reform Working with the Miami chapter of the Civil Rights Congress established in 1948 Graff was instrumental in the organization s stand against the Ku Klux Klan its protests against lynchings and police brutality and its work with Florida s black civil rights leaders such as Harry T Moore With the Miami Congress of Racial Equality Zoloth helped to launch a lunch counter sit in campaign a year before the more famous student sit ins of 1960 that ultimately resulted in the desegregation of downtown public accommodations This analysis of the movement between 1945 and 1960 substantiates a new but now dominant interpretation of civil rights history that sees grassroots action as the powerful engine that drove racial change It emphasizes the major role played by women in the cause and documents the variety of civil rights experiences of Jews who migrated to Miami in large numbers during the mid century decades Committed to social justice they built activist organizations challenged segregationists and anti Semites and worked with black activists to break down Jim Crow barriers Original documents written by both women including Graff s autobiographical memoir demonstrate a level of Jewish activism especially by women that was unique for the time and place the postwar American South Their own words vividly describe fear harassment family and community pressures government intrigue and individual betrayal As Mohl s groundbreaking

history illustrates the perseverance of these women and their small band of supporters is a testament to their strength and an inspiration for continued reform in America Raymond A Mohl professor of history at the University of Alabama Birmingham is the editor of *Searching for the Sunbelt Historical Perspectives on a Region* and the coeditor of *The New African American Urban History and Urban Policy in Twentieth Century America* **Jesus, Jobs, and Justice** Bettye Collier-Thomas, 2013-12-20 Originally published New York Alfred A Knopf c2010 *Jewish Slavery in Antiquity* Catherine Hezser, 2005-12-22 This book is the first comprehensive analysis of Jewish attitudes towards slavery in Hellenistic and Roman times Against the traditional opinion that after the Babylonian Exile Jews refrained from employing slaves Catherine Hezser shows that slavery remained a significant phenomenon of ancient Jewish everyday life and generated a discourse which resembled Graeco Roman and early Christian views while at the same time preserving specifically Jewish nuances Hezser examines the impact of domestic slavery on the ancient Jewish household and on family relationships She discusses the perceived advantages of slaves over other types of labor and evaluates their role within the ancient Jewish economy The ancient Jewish experience of slavery seems to have been so pervasive that slave images also entered theological discourse Like their Graeco Roman and Christian counterparts ancient Jewish intellectuals did not advocate the abolition of slavery but they used the biblical tradition and their own judgements to ameliorate the status quo **Mazal Tov, Amigos!
