After Hours Modern Japan And The Search For Enjoyment:

The After Hours David W. Plath, 2023-11-15 This book explores how modernization has influenced Japan especially in terms of its people's quest for enjoyment and leisure within the context of their industrialized and democratic society The author describes Japan not as an exotic or mysterious culture but as a cultural opposing self that provides a contrasting perspective on the human condition shaped by industrialization and democracy Unlike Western societies where terms like alienation and mass leisure have defined social challenges Japan's unique approach to modernization invites a fresh examination of how people engage in enjoyment beyond mere work In modern Japan the pursuit of enjoyment is not defined by rigid Western ideals of pursuit of happiness or hedonism Instead Japanese culture has its own nuanced relationship with leisure which the author terms the search for enjoyment This concept encompasses not just leisure but the broader desire for well being and fulfillment in life which may differ significantly from Western interpretations Japanese culture according to the author resists Western biases that view leisure merely as a break from work instead it integrates work and enjoyment allowing for a fluid transition between the two Through an ethnographic approach combining field observations surveys and popular media the book provides a comprehensive look at Japanese life particularly outside of traditional work hours The after hours are more than just periods of rest they serve as a reflection of Japanese identity and values in a modernized world capturing the ways people seek balance leisure and cultural fulfillment The author's perspective is both empathetic and critical acknowledging Japan's unique synthesis of modernity while examining how the quest for enjoyment differs from Western models Ultimately the book argues that Japan's modern journey offers valuable insights for Western readers seeking to understand how non Western societies approach the challenges of industrialized living enjoyment and identity within a globalized context This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1964

Modern Japan Louis G. Perez, R. W. Purdy, 2024-05-30 Organized by theme this comprehensive encyclopedia examines all aspects of life in Japan from geography and government to food and etiquette and much more Japan or the Land of the Rising Sun is home to more than 126 million people nearly 10 million of whom live in Tokyo alone How did this tiny island nation become such a powerhouse in the 21st century and where will it go from here Modern Japan examines history and contemporary life through thematic entries organized into chapters covering such topics as geography history government and politics economy religion and thought social classes and ethnicity gender marriage and sexuality education language etiquette literature and drama art and architecture music and dance food leisure and sports and media and popular culture Each chapter contains an overview of the topic and alphabetized entries on examples of each theme A chronology covers from prehistoric times to the present and special appendices offer profiles of a

typical day in the life of representative members of Japanese society key facts and figures about Japan and a holiday chart
This volume is ideal for students researching Japan as well as general readers interested in learning more about the country

After Hours David W. Plath,1992 **The Japanese Economy and Economic Issues since 1945** Edward R. Beauchamp,2021-10-14 First Published in 1999 The best scholarship on the development of contemporary Japan This collection presents well over 100 scholarly articles on modern Japanese society written by leading scholars in the field These selections have been drawn from the most distinguished scholarly journals as well as from journals that are less well known among specialists and the articles represent the best and most important scholarship on their particular topic
An understanding of the present through the lens of the past The field of modern Japan studies has grown steadily as Westerners have recognized the importance of Japan as a leading world economic force and an emerging regional power The post 1945 economic success of the Japanese has however been achieved in the context of that nation's history social structure educational enterprise and political environment It is impossible to understand the postwar economic miracle without an appreciation of these elements Japan's economic emergence has brought about and in some cases exacerbated already existing tensions and these tensions have in turn had a significant impact on Japanese economic life The series is designed to give readers a basic understanding of modern Japan its institutions and its people as we stand on the threshold of a new century often referred to as the Pacific Century **Japan and National Anthropology: A Critique** Sonia Ryang,2004-08-02 Japan and National Anthropology A Critique is an empirically rich and theoretically sophisticated study which challenges the conventional view of Japanese studies in general and the Anglophone anthropological writings on Japan in particular Sonia Ryang explores the process by which the postwar anthropology of Japan has come to be dominated by certain conceptual and methodological and exposes the extent to which this process has occluded our view of Japan

License to Play Michal Daliot-Bul,2014-10-31 Play is one of the most powerful cultural forces in contemporary Japan and in other late modern societies In this notable contribution to our understanding of play Michal Daliot Bul explores the intricate and dynamic transformations of culture and play asobi in Japan Along the way she takes readers on a theoretically informed journey to better comprehend what makes play a significant cultural function asking such questions as How can we explain the dialectics between play as a biological instinct and play as a culturally specific activity What defines the best player How is creativity related to play What is the difference between play and playfulness Are some cultures more play oriented than others and if so why Daliot Bul argues that the cultural meaning of play and its influence on sociocultural life are not inherent properties of a fixed universal behavior called play but rather are conditioned by changing cultural contexts and competing social ideologies Spanning Japan's premodern period to the twenty first century the extent and expressions of play described in this book become thought provoking lenses through which to view Japanese social dynamics and cultural complexities As she approaches the post industrialized 1970s in Japan Daliot Bul's narrative also explores urban consumer

culture as a system for organizing daily life the tension between institutional and contemporary popular cultures the production of new gender identities and the cultural construction of urban space *License to Play* is an insightful and engaging work that will appeal widely to scholars and students specializing in cultural studies cultural anthropology and Japanese studies Given the global fascination with Japanese popular culture and with play like pleasures in late consumer cultures the book will also find a readership among those interested in Japan in general and the universal phenomenon of play

Bibliography of Japanese New Religious Movements Peter B Clarke, 2013-12-16 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership

Linking Community and Corrections in Japan Elmer Hubert Johnson, Carol H. Johnson, 2000 COMPLETING ELMER H JOHNSON S impressive three volume examination of corrections in Japan *Linking Community and Corrections in Japan* written with the assistance of Carol H Johnson focuses on the Rehabilitation Bureau s responsibilities regarding probation parole and aftercare as well as the Correction Bureau s role in Japan s version of community oriented corrections In *Linking Community and Corrections in Japan* Johnson first outlines the tasks of the Rehabilitation Bureau then turns to historic and contemporary views of community and corrections In discussions of the probation and parole system for both adults and juveniles he describes in detail the Japanese version of supervision and the return of prisoners to the community One strength of this study is Johnson s impartiality As an investigator he functions as a friend of the court an adviser who is free to conduct an objective pursuit of the fundamental strengths and shortcomings of the Japanese prison system He also follows the Foucauldian dictum With the prisons there would be no sense of limiting oneself to discourses about prisons just as important are the discourses which arise within the prison the decisions and regulations which are among its constituent elements its means of functioning along with its strategies Johnson provides sixty tables two charts and nineteen black and white illustrations

Women In Changing Japan Joyce C Lebra, 2019-03-20 It is a time when women in many parts of the world are questioning the roles life styles and values by which women have lived for centuries The contributors are American women engaged in studying various aspects of the life patterns of Japanese women in many walks of life and have published their findings in this volume We come from a variety

For Harmony and Strength Thomas P. Rohlen, 1979-07-06 Rohlen has demonstrated that traditional anthropological method and theory can be adjusted to the analysis of complex organizations The book provides a holistic perspective of a Japanese bank and its more than 3 000 employees Methodologically Rohlen analyzed this bank in much the same fashion as he would have carried out the study of a small community Eleven months of participant observation within the bank and among its employees after work provided the major source of data Possibly the most important finding of the study is that despite surface similarities with banks throughout the world the Japanese have evolved an institution which is radically different This bank like many modern Japanese businesses is organized to secure a common

livelihood and way of life for its employees more than the best cultural analysis of a Japanese business for the book also contributes to the fields of Japanese cultural change and modernization process essential reading American Anthropologist The account is adorned with an unusually rich selection of illustration from the speeches of firm officers company records and documents and of course extensive observations from employees As a case study of a single Japanese organization For Harmony and Strength is a superb effort that penetrates deeper than any other book in the English language Contemporary Sociology A first rate contribution to the literature in applied anthropology and comparative and cross cultural management for the insights it provides on management of white collar employees in Japan Industrial and Labor Relations Review A well written thoroughly researched study of the internal life of a single Japanese organization Unlike most previous writers Aohlen deals with the separate recruitment work and leisure patterns of the bank s women employees As an anthropologist he has particular sensitivity to the ritual meanings of bank songs ceremonies and extensive training activities one of the best analyses to date of how Japanese organization works Library Journal What emerges from Rohlen s convincing and penetrating analysis is a picture of a thoroughly Japanese business organization deeply imbued with Japanese cultural values in its sensitivity to cultural meanings and in its analytical coherence in the presentation of data this book is a model of scholarship matched by few ethnographies It will be consulted by those specializing in Japan those interested in organizational behavior and those interested in seeing the meanings of fundamental matters for a long time to come Journal of Asian Studies

The Enigmatic Realm of **After Hours Modern Japan And The Search For Enjoyment**: Unleashing the Language is Inner Magic
