Against The Law The Nixon Court And Criminal Justice:

Against the Law Leonard Williams Levy, 1976 **Quest for Equality in Freedom** Francis M. Wilhoit, 2023-04-14 This book describes and analyzes the gravest crisis now facing constitutional democracy the fundamental conflict between liberal and egalitarian values Particularly stressed in this analysis are such aspects of the crisis as its origins ideological tensions and public policy ramifications ABA Journal , 1976-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Unionization of the Armed Forces** United States. Congress. Senate. Committee on Armed Services, 1977 American Political Science Research Guide George W. Johnson, 2012-12-06 The American Political Science Research Guide to their efforts Individuals in administration is a new series dealing generally with American positions will also find that the APSRG offers a means for keeping current on public government and specifically with public administration state and local government policy questions despite the normal restriction of the legislative and executive branches and time and circumstance the judiciary The key to the entire program is the use of the database of the Political Science Series of As an innovative idea the APSRG is an approach to political research which focuses upon a the Universal Reference System Combining a single area within the discipline of political sciences of the definitive URS Supplement and a science The first in a proposed series of refined indexing procedure the APSRG is a softcover research guide the APSRG is reproduced under the supervision of the same scholarly representative of the guiding principle of providing scholars who develop that annual supplement **The Warren Court** Melvin I. Urofsky, 2001-03-06 A survey and analysis of the historical context key figures and lasting legacy of the Warren Court Earl Warren served as chief justice of the U S Supreme Court from 1953 until the end of the tumultuous 1960s This book shows why conservative critics still view this court as out of control and leftist while its liberal fans still cheer what they view as the court's progressive activism Among this court's contributions to American life are the rights accorded to the accused in *Miranda v Arizona* the limits it placed on school prayer and the abolition of school segregation in *Brown v Board of Education* To understand such basic American principles as equal protection freedom of speech freedom of the press freedom of religion separation of church and state the rights of the accused and the right to privacy every citizen should understand the Warren Court **Reform of the Grand Jury System** United States. Congress. Senate. Committee on the Judiciary, 1976 **Judicial Politics in the D.C. Circuit Court** Christopher P. Banks, 1999 In this new book political scientist Christopher Banks explains that this unique role evolved largely as a result of the politics of the nation's capital Because there are few books on circuit courts and their impact upon national politics and law *Judicial Politics in the D C Circuit Court* will be a welcome addition to the literature It is a book for political scientists legal scholars and students **BOOK JACKET** Seasoned Judgments Leonard W. Levy, Leonard Levy's new book a compendium of his law review articles book chapters and basic shorter writings on themes with which he has long been identified is a treasure chest of sound and reasonable analysis of

American constitutional history As one reviewer of the manuscript put matters There is not a clinker amongst them For anyone who thinks that liberal analysis has grown soft and flabby a good dose of Levy s book should set the record straight Seasoned Judgments is divided into three parts Rights Constitutional History and The Marshall Court In this progression from the general to the concrete Levy never ignores the context as well as the content of the judicial process Indeed it is this linkage that separates him from nearly all other commentators and writers on the subjects covered Whether discussing why the original Constitution lacked a Bill of Rights or why the Fourth Amendment uses the imperative form shall not rather than the conditional form ought not the reader enters a world of explanation rich in detail and careful scholarly elaboration Well known as editor in chief of the multivolumed Encyclopedia of the American Constitution this new volume extracts some of Levy s own contributions to that effort As a result one can for the first time gain a clear sense of the author s own profound sense of the major issues confronting American law from the founding fathers to the present The analysis of such still unresolved issues as flag desecration the exclusionary rule testimonial compulsion taxation without representation and the nature of the Constitution itself will be of tremendous appeal to historians and political scientists as well as attorneys and judges
