Night Duel Over Germany Peter Jacobs, 2017-01-30 Bomber Commands night offensive against Nazi Germany which lasted for nearly six years was one of Britains major contributions to the Allied effort during the Second World War But the decision to conduct its main operations at night only came about following heavy losses by day when its prewar medium bombers had been found lacking in modern air warfare The Luftwaffe too had its early problems Initially without a dedicated night fighter it was ill equipped to defend the Reich and so the stage was set for what would become one of the most critical strategic encounters of the war Things had to change on both sides Soon there came new and more capable aircraft in ever increasing numbers coupled with new tactics and technology as each side strove to gain the upper hand It became a fascinating encounter between the crews of Bomber Command and the Luftwaffes night fighter force the Nachtjagd with no shortage of courage and heavy losses on both sides Amongst the epic encounters were Bomber Commands Thousand Bomber raids the attack on the German V weapons research establishment at Peenemunde the campaigns against the industrial Ruhr Hamburg and Berlin and the disastrous raid on Nuremberg This new publication consolidates accounts from both sides and from all ranks of service in an effort to provide a comprehensive account of some of the most ferocious nocturnal engagements of the Second World War

Battle for the Ruhr Derek S. Zumbro, 2006 A richly detailed epic narrative that gives the perspective of the German officers soldiers and civilians trapped in one of the bloodiest battles toward the end of World War II ultimately leading to the massacre of 350 000 German troops Shows what it looked felt and sounded like for the German troops encircled by the Allied juggernaut in the west as the dealt with Hitler s increasingly surreal commands to stand and fight to the last man
