decentralisation and the question of cyclical phases The central theme throughout is the pursuit of three partly conflicting objectives growth efficiency and social action The trade offs between these three pursuits are used to examine significant contrasts in corporate strategies and behaviour including towards government and public opinion Boswell s rejection of economic determinism his insistence that managerial influences fall into definable long run patterns and his theses on managerial specialisation and long term policy biases confront fundamental issues for theories of the firm **Scott Lithgow** Lewis Johnman,Hugh Murphy,2017-10-18 This work studies the history of two major Scottish shipbuilding firms based on the River Clyde Scotts Shipbuilding and Engineering Company and Lithgows Limited It traces each firm s origin success decline and collapse and places the events into the historical context of maritime Britain The aim is to enhance the academic understanding of the cause and effect of the decline of the British shipbuilding industry delving beyond the factors of poor industrial relations international market conditions and entrepreneurial failure in search of further answers As a private company Lithgows Limited provides useful insights into company management outside of state control The authors base their analysis on the catalogued volumes of Scotts and Lithgows records though due to the large number of gaps in the data they also conducted interviews with major players in each company from the post war period Public business and banking records also provide supplementary material The book is separated into eight chapters plus a concluding ninth an appendix listing ships built by Scott Lithgow Limited between 1970 1987 and a select bibliography **Atlas of British Social and Economic History Since c.1700** Mr Rex Pope,2002-03-11 All students of history use maps This atlas is designed specifically to enhance the understanding of British history since 1700 as well as emphasizing social as well as economic change The contributors are all subject specialists who have taught in higher education institutions and a large proportion of both maps and text is based on their own original research The combination of maps and text is intended to illustrate not only historical developments such as the spread of agriculture or the growth of an integrated transport system but also regional contrasts at points in time The end product offers support for those historians who question the usefulness of thinking in terms of national economic histories *Michael Moss on Archives* Julie Mcleod,Andrew Prescott,Susan Stuart,David Thomas,2023-11-17 Michael Moss on Archives brings together selected outputs from an internationally renowned archival scholar who explored the theory and practice of archives and records management Comprising a selection of 11 of Moss most significant archival writings the book demonstrates the development of his thinking in archival theory and practice over the past 20 years Michael Moss was a towering figure in modern archival writing and was able to push the boundaries of the discipline notably with his analysis of how modern governments create records and his speculations about the future of the archive in the digital world Bringing together in one place Moss most significant writings alongside a comprehensive bibliography this book documents a significant contribution to British and international archival theory and practice Each essay is preceded by a critical introduction written by a leading archival scholar assessing the piece and setting it in a wider

archival or historical context while an overall introduction by the editors provides biographical information and describes the development of Michael's archival thinking Michael Moss on Archives will be of interest to scholars and students engaged in the study of archival science library and information science history digital humanities and media studies It should also be of interest to professionals who work in archives and records management **The Legend of Red Clydeside** Iain

McLean, 2000-02-02 This text analyzes what really happened in Glasgow in the tumultuous years following World War I It shows the real improvements in social conditions and explores the impact of these years on the coming dominance of the Labour party in the west of Scotland **The Royal Navy 1930-1990** Richard Harding, 2004-11-25 This book explores

innovation within the Royal Navy from the financial constraints of the 1930s through to the refocusing of the Royal Navy after 1990
