Majumdar with his rich and varied experience in Marketing tries to provide interesting insights into some of these and other interesting questions about consumer behaviour. He gives a masterly analysis of the theory and practice of consumer behaviour and decision making and the factors that influence it. Divided into six parts, Part I of the text shows the importance of understanding consumer behaviour. Part II highlights different aspects of consumer psychology and covers such topics as consumer motivation, consumer perception and consumer personality. Part III demonstrates how consumers behave in their social and cultural settings, the effect of personal factors and the influence of reference groups on consumer behaviour. Part IV, dealing with consumer decision making, describes the various stages involved in brand choice, the post-purchase behaviour and, importantly, the six well-established models proposed by scholars on consumer behaviour. Part V analyzes the diversity of the Indian market and about the emerging patterns of consumer behaviour. The concluding part, Part VI, gives seven live case studies that dwell on brand building and showcases some successful brands marketed in India.

Key Features The book is a harmonious blend of theory and practice. Each chapter contains numerous examples of marketing practices in India. Demonstrates the diversity of the Indian market. Power point presentations (PPTs) are available in the Learning Centre. Click https://www.phindia.com/consumer_behaviour_majumdar. For the wide spectrum of readers, the students of management, the marketers and the practising managers, reading this book should be a very valuable and rewarding experience. They would treasure the book for its incisive insights on the Indian market and the wealth of illustrative examples and concepts it offers.

The Routledge Companion to Consumer Behavior Michael R. Solomon, Tina M. Lowrey, 2017-09-22. The key to marketing is understanding and satisfying consumer needs; thus, a knowledge of consumer behavior is essential to any organization dealing with customers, users or clients. This book promises to be a contemporary classic. It brings together an international set of scholars, many of whom are household names, to examine the diverse approaches to consumer behavior topics. The editors employ a micro to macro structure, dividing each topic into three parts: one reflecting foundational work, one focused on emerging trends, and one covering practical applications. Each part examines the relationship between consumer behaviour and motivation, including well-being, gender, social class, and more, and concludes with practitioner perspectives on the challenges and opportunities that come with understanding customers. Readers will gain insight into how drivers that are constantly in flux relate to other aspects of human cognition and behavior, allowing them to reach customers successfully and to meet their needs. With contributions from leading scholars, including Sidney Levy and Jagdish Sheth, this volume sets the standard as the most comprehensive, cutting-edge resource on the subject of consumer behavior. Students of consumer behaviour and marketing will find this a useful exploration of a fast-moving field fundamental to the welfare of companies, government, non-profits, and consumers. It will also benefit new and established academic researchers as well as practitioners who want to stay on top of current knowledge.

Inspiring Green Consumer Choices Michael E. Smith, 2021-09-03. While many consumers profess a desire to help end climate change by engaging in more sustainable behaviors, consumer behavior

experts note the say do gap between expressed intention and behavior How do we explain this What if anything can consumers be encouraged to do to close this gap and purchase sustainable products and services Inspiring Green Consumer Choices explains the factors that underlie the discrepancy between consumers expressed preferences and their incongruous behavior in the marketplace Drawing from advances in neuroscience behavioral economics and experimental psychology the author reveals how marketplace behavior is not always rational Instead it is frequently the product of mental shortcuts triggered by situational cues and colored by implicit emotional responses In making purchasing decisions routine consumer behavior is governed less by intention than by mental habits and unconscious response biases These tendencies are difficult but not impossible to change Inspiring Green Consumer Choices outlines how techniques such as psychological framing design of choice architectures and pricing strategy can be used to disrupt habits and promote sustainable behavior The author also addresses the role that legislative policy and changing social norms can play in accelerating and sustaining behavior change Illustrated with case studies and filled with best practices Inspiring Green Consumer Choices helps marketers understand how consumers make purchase decisions in order to shift consumption choices towards a more sustainable future

The New Frontiers of Fashion Law Rossella Esther Cerchia, Barbara Pozzo, 2021-01-13 Fashion law encompasses a wide variety of issues that concern an article of clothing or a fashion accessory starting from the moment they are designed and following them through distribution and marketing phases all the way until they reach the end user Contract law intellectual property company law tax law international trade and customs law are of fundamental importance in defining this new field of law that is gradually taking shape This volume focuses on the new frontiers of fashion law taking into account the various fields that have recently emerged as being of great interest for the entire fashion world from sustainable fashion to wearable technologies from new remedies to cultural appropriation to the regulation of model weight from advertising law on the digital market to the impact of new technologies on product distribution The purpose is to stimulate discussion on contemporary problems that have the potential to define new boundaries of fashion law such as the impact of the heightened ethical sensitivity of consumers who increasingly require effective solutions that a comparative law perspective renders more interesting The volume seeks to sketch out the new legal fields in which the fashion industry is getting involved identifying the new boundaries of fashion law that existing literature has not dealt with in a comprehensive manner
