Biographia Literaria Or Biographical Sketches Of My Literary Life And Opinions By Samuel Taylor Coleridge Samuel-Taylor Coleridge, 1847 *Biographia Literaria* Samuel Taylor Coleridge, 2016-08-06 *Biographia Literaria* has emerged over the last century as a supreme work of literary criticism and one of the classics of English literature Into this volume poured 20 years of speculation about the criticism and uses of poetry and about the psychology of art Following the text of the 1817 edition the editors offer the first completely annotated edition of the highly allusive work **Biographia Literaria** Samuel Taylor Coleridge, 1917 *Biographia Literaria - Or Biographical Sketches of My Literary Life and Opinions (1817)* Samuel Taylor Coleridge, 2006-01-01 The story of *Biographia Literaria* begins in a conversation between two friends Wordsworth and Coleridge both settled in the Lake District after their return from Germany in 1799 They were debating what form a second edition of the *Lyrical Ballads* should take to replace the exhausted edition of 1798 In the course of a walk the idea of replacing the brief Advertisement by a critical Preface was conceived In the aged memory of Wordsworth many years after the idea and indeed the very substance of the Preface as he came to write it were all Coleridge's I have never cared a straw about the theory he wrote impatiently on the manuscript of Barron Fields biography of him and the Preface was written at the request of Mr Coleridge out of sheer good nature I recollect the very spot a deserted quarry in the Vale of Grasmere where he pressed the thing upon me and but for that it would never have been thought of By 1815 of course when he came to write the *Biographia* the Preface was Wordsworth and the *Biographia* Coleridge's reply to Wordsworth but the simplification is much too crude It poses and tries to answer two closely connected questions first what

relation should the language of poetry bear to that of ordinary life And secondly what relation should the subject of poetry bear to itself The order in which the questions are put look irrational but it is Wordsworth s own order and there are good reasons for it The answers of the Preface are the real language of men in a state of vivid sensation and the incidents of common life These two questions or rather Coleridge s attempt to modify and clarify the old answers to them are together the central theme of the second half of the Biographia
