masculinity depict women s singing as less than fully human Leach s argument comes full circle with the advent of sound recording This technological revolution like its medieval equivalent the invention of the music book once again made the relationship between music and nature an acute preoccupation of Western culture *Language Quickies (GR 4)* , The London magazine ,1825 **Army Reservist** ,1956 *The London Magazine and Review* ,1825 **Christian Science Sentinel** ,1914 FAA General Aviation News ,1980
