Biography and Turning Points in Europe and America Hackstaff, Karla B.,Kupferberg, Feiwei,2012-06-22 This sociological collection advances the argument that the concept of a turning point expands our understanding of life experiences from a descriptive to a deeper and more abstract level of analysis It addresses the conceptual issue of what distinguishes turning points from life transitions in general and raises crucial questions about the application of turning points as a biographical research method Biography and turning points in Europe and America is all the more distinctive and significant due to its broad empirical database The anthology includes authors from ten different countries providing a number of contexts for thinking about how turning points relate to constructions of meaning shaped by globalization and by cultural and structural meanings unique to each country The book will be useful across a wide range of social sciences and particularly valuable for researchers needing a stronger theoretical base for biographical work

Baltic Socialism Remembered Ene Kõresaar,2018-10-16 What does it mean to tell a life story How is one s memory of communism shaped by family profession generation and religion Do post communist Baltic states embrace similar memories The Baltic states represent not only a geographical but also a mnemonic region The mental maps of people who live on this territory are shaped by memories of Soviet socialism Baltic Socialism Remembered captures the workings of the memory of diverse groups of people who inhabit the region teachers officials young people women believers It comes as no surprise that their memories do not overlap but often contradict to other groups and to official narratives Baltic Socialism Remembered is a rare attempt to engage with the mnemonic worlds of social groups and individuals rather than with memory politics and monumental history The contributors try to chart unpredictable ways in which public and national memory affect individual memory and vice versa Understanding complexity and diversity of memory workings in such compact region as the Baltic states will enable a more nuanced policy making This book was originally published as a special issue of Journal of Baltic Studies

Researching Families and Communities Rosalind Edwards,2008-04-29 Recent years have seen a concern with how family and community relationships have changed across the generations whether for better or worse and particularly how they have been affected by social and economic developments But how can we think about and research the nature of the present in relation to the past and vice versa Researching Families and Communities Social and Generational Change explores the concepts and perspectives that guide research and the methods used to explore change during the last half of
