Biographers Craft:

The Biographer's Craft Milton Lomask, 1987 *The Impossible Craft* Scott Donaldson, 2015-02-23 In *The Impossible Craft* Scott Donaldson explores the rocky territory of literary biography the most difficult that biographers try to navigate Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf They make bonfires of their papers encourage others to destroy correspondence write their own autobiographies and appoint family or friends to protect their reputations as official biographers Thomas Hardy went so far as to compose his own life story to be published after his death while falsely assigning authorship to his widow After a brief background sketch of the history of biography from Greco Roman times to the present Donaldson recounts his experiences in writing biographies of a broad range of twentieth century American writers Ernest Hemingway F Scott Fitzgerald John Cheever Archibald MacLeish Edwin Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing *The Arvon Book of Life Writing* Sally Cline, Carole Angier, 2010-08-10 Fascinating wide ranging hugely knowledgeable an indispensable guide and a beguiling education William Boyd Packed with insights and advice just the inspiration to start writing Jenny Uglow Everyone has a story This book shows how the best writers tell them and offers advice on how to tell them yourself Biographers Sally Cline and Carole Angier teach life writing an area of creative writing that is exploding in popularity at the world famous Arvon Foundation They have distilled the essence of their popular course on memoir autobiography and biography into this wide ranging book *The Arvon Book of Life Writing* offers three fascinating ways into the genre First reflections on their trade by the authors exploring its special challenges truth memory ethics evidence and interpretation Second personal tips and tales from 32 top British and American life writers autobiographers and memoirists literary sports and celebrity biographers plus a critic an agent a literary editor two novelists and a ghost writer Third a practical guide complete with exercises designed for use in creative writing courses or by individual writers at home No other book contains such detailed witty and professional advice on the genre *Life Writing* Sally Cline, Carole Angier, 2013-10-10 *Life Writing A Writers Artists Companion* is an essential guide to writing biography autobiography and memoir PART 1 explores the history and forms of life writing and the challenges and potential pitfalls of the genre PART 2 includes tips by bestselling writers Diana Athill Alan Bennett Alain de Botton Jill Dawson Millicent Dillon

PART 3 includes practical advice from planning researching and interviewing to writing pacing and navigating ethical issues Extraordinary Lives Robert A. Caro, William Knowlton Zinsser, 1986 *Sex and the Founding Fathers* Thomas A. Foster, 2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America's Founding Fathers Tracing these commentaries on the Revolutionary Era's major political figures in *Sex and the Founding Fathers* Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves *Sex and the Founding Fathers* examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as a child molester and recently celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity

Searching for the Body Rae Erin Dachille, 2022-10-25 In the early fifteenth century two Tibetan monks debated how to transform the body ritually into a celestial palace inhabited by buddhas The discussion between Ngorchhen Knga Zangpo and Kh drupj G lek Pelzangpo concerned the mechanics of this tantric ritual practice known as body mandala as well as the most reliable sources to follow in performing it As representatives of the Sakya and emerging Geluk traditions respectively these authors spoke for communities of Buddhist practitioners vying for patronage and prestige in an evolving Tibetan scholastic culture Their debate witnessed clashes between imagination and deception continuity and rupture and tradition and innovation *Searching for the Body* demonstrates the significance of the body mandala debate for understandings of Tibetan Buddhism as well as conversations on representation and embodiment occurring across the disciplines today Rae Erin Dachille explores how Ngorchhen and Kh drup used citational practice as a tool for making meaning arguing that their texts reveal a deep connection between ritual mechanics and interpretive practice She contends that this debate addresses strikingly contemporary issues surrounding interpretation intertextuality creativity essentialism and naturalness Buddhist ideas about the construction of meaning and the body offer new ways of understanding representation which Dachille illuminates in an epilogue that considers Glenn Ligon's engagement with Robert Mapplethorpe's photography By placing Buddhist thought in dialogue with contemporary artistic practice and cultural critique *Searching for the Body* offers vital new perspectives on the transformative potential of representations in defining and transcending the human

Extraordinary Lives: The Art and

Craft of American Biography William Zinsser, 2016-01-15 Here six eminent biographers explain the pleasures and problems of their craft of reconstructing other people's lives. The result is a book rich in anecdote and in surprising new information about a variety of famous Americans. David McCullough takes us along on the exhilarating journey to Missouri to find The Unexpected Harry Truman. Richard B. Sewall describes his twenty-year search for the elusive poet Emily Dickinson. Paul C. Nagel tells us about The Adams Women, four generations of women he came to admire while writing his earlier biography of the Adams family. Ronald Steel, author of a much-honored biography of the nation's greatest journalist, recalls in *Living with Walter Lippman* how the life of the biographer can become entwined with that of his subject. Jean Strouse, on the trail of J. P. Morgan, discusses the fact that there are two reasons why a man does anything: a good reason and a real reason. Robert A. Caro reveals the frustrations of trying to unearth the true facts about Lyndon Johnson, a man who went to great pains to conceal them. Together, these six biographers take us through a gallery of unique American lives, most of them moving, many of them startling, and all of them extraordinary. [Memorial Biographies of New England Historic Genealogical Society, 1853-1855](#) New England Historic Genealogical Society, 1907 **Ahmad ibn Tulun** Matthew S. Gordon, 2021-05-06 Ahmad ibn Tulun 835-884 governed Egypt on behalf of the Abbasid dynasty for sixteen years. An aggressive and innovative actor, he pursued an ambitious political agenda, including the introduction of dynastic rule over Egypt, that put him at odds with his imperial masters. Throughout, however, he retained close ties to the Abbasid house, and at no point did he assert outright independence. In this volume, Matthew Gordon considers Ibn Tulun's many achievements in office as well as the crises, including the betrayals of his eldest son and close clients, that marred his singular career.
