

The Biotechnology Directory 1999

The background of the cover is a deep purple with a textured, painterly appearance. A prominent feature is a stylized DNA double helix that winds diagonally across the right side of the cover. The helix is composed of two strands, one colored green and the other red, with yellow horizontal bars representing the base pairs. To the left of the main title, there are several faint, parallel yellow lines that also trend diagonally, suggesting a molecular or technological theme.
