Blueprints For A Black Federal Theatre:

Blueprints for a Black Federal Theatre Rena Fraden, 1996-06-28 In the 1930s the Work Progress Administration funded a massive Federal Theatre Project in America's major urban centres presenting hundreds of productions some of the most popular and memorable of which were produced in the highly controversial and avant garde Negro Units This experiment in government supported culture brought to the forefront one of the central problems in American democratic culture the representation of racial difference Those in the profession quickly discovered inescapable ideological responsibilities attending any sort of show whether apparently entertaining or political in nature Exploring the liberal idealism of the thirties and the critical debates in black journals over the role of an African American theatre Fraden also looks at the obstacles facing black playwrights audiences and actors in a changing milieu

Blueprints for a Black Federal Theatre, 1935-1939 Rena Fraden, 1994 **The Federal Theatre Project in the American South** Cecelia Moore, 2017-09-26 The Federal Theatre Project in the American South introduces the people and projects that shaped the regional identity of the Federal Theatre Project When college theatre director Hallie Flanagan became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation's debates over government cultural expression art and identity in the American nation

Radical Black Theatre in the New Deal Kate Dossett, 2020-01-29 Between 1935 and 1939 the United States government paid out of work artists to write act and stage theatre as part of the Federal Theatre Project FTP a New Deal job relief program In segregated Negro Units set up under the FTP African American artists took on theatre work usually reserved for whites staged black versions of white classics and

developed radical new dramas In this fresh history of the FTP Negro Units Kate Dossett examines what she calls the black performance community a broad network of actors dramatists audiences critics and community activists who made and remade black theatre manuscripts for the Negro Units and other theatre companies from New York to Seattle Tracing how African American playwrights and troupes developed these manuscripts and how they were then contested revised and reinterpreted Dossett argues that these texts constitute an archive of black agency and understanding their history allows us to consider black dramas on their own terms The cultural and intellectual labor of black theatre artists was at the heart of radical politics in 1930s America and their work became an important battleground in a turbulent decade African American Theater Glenda Dicker/sun,2013-08-23 Written in a clear accessible storytelling style African American Theater will shine a bright new light on the culture which has historically nurtured and inspired Black Theater Functioning as an interactive guide for students and teachers African American Theater takes the reader on a journey to discover how social realities impacted the plays dramatists wrote and produced The journey begins in 1850 when most African people were enslaved in America Along the way cultural milestones such as Reconstruction the Harlem Renaissance and the Black Freedom Movement are explored The journey concludes with a discussion of how the past still plays out in the works of contemporary playwrights like August Wilson and Suzan Lori Parks African American Theater moves unsung heroes like Robert Abbott and Jo Ann Gibson Robinson to the foreground but does not neglect the race giants For actors looking for material to perform the book offers exercises to create new monologues and scenes Rich with myths history and first person accounts by ordinary people telling their extraordinary stories African American Theater will entertain while it educates
