this musical birth as only someone who was there can In *The Masters of Bebop* Gitler traces the advent of what was a revolution in sound He profiles the leading players Charlie Parker Dizzy Gillespie Max Roach but also studies the style and music of the first disciples such as Dexter Gordon and J J Johnson to reveal bebop's pervasive influence throughout American culture Revised with an updated discography and with a new chapter covering bebop right up through the end of the twentieth century *The Masters of Bebop* is the essential listener's handbook
