Before Freedom Forty Eight Oral Histories Of Former North And South Carolina Slaves:

Before Freedom Belinda Hurmenece,1990 *Before Freedom* Belinda Hurmence,1990 Presents firsthand accounts of the waning years of slavery describing the slaves clothing food houses work treatment and impressions of whites in their own words **Listening to Nineteenth-Century America** Mark M. Smith,2015-12-01 Arguing for the importance of the aural

dimension of history Mark M Smith contends that to understand what it meant to be northern or southern slave or free to understand sectionalism and the attitudes toward modernity that led to the Civil War we must consider how antebellum Americans comprehended the sounds and silences they heard Smith explores how northerners and southerners perceived the sounds associated with antebellum developments including the market revolution industrialization westward expansion and abolitionism In northern modernization southern slaveholders heard the noise of the mob the din of industrialism and threats to what they considered their quiet orderly way of life in southern slavery northern abolitionists and capitalists heard the screams of enslaved labor the silence of oppression and signals of premodernity that threatened their vision of the American future Sectional consciousness was profoundly influenced by the sounds people attributed to their regions And as sectionalism hardened into fierce antagonism it propelled the nation toward its most earsplitting conflict the Civil War

The War Was You and Me Joan E. Cashin,2020-09-01 Though civilians constituted the majority of the nation s population and were intimately involved with almost every aspect of the war we know little about the civilian experience of the Civil War That experience was inherently dramatic Southerners lived through the breakup of basic social and economic institutions including of course slavery Northerners witnessed the reorganization of society to fight the war And citizens of the border regions grappled with elemental questions of loyalty that reached into the family itself These original essays all commissioned from established scholars based on archival research and written for a wide readership recover the stories of civilians from Natchez to New England They address the experiences of men women and children of whites slaves and free blacks and of civilians from numerous classes Not least of these stories are the on the ground experiences of slaves seeking emancipation and the actions of white Northerners who resisted the draft Many of the authors present brand new material such as the war s effect on the sounds of daily life and on reading culture Others examine the war s premiere events including the battle of Gettysburg and the Lincoln assassination from fresh perspectives Several consider the passionate debate that broke out over how to remember the war a debate that has persisted into our own time In addition to the editor the contributors are Peter W Bardaglio William Blair W Fitzhugh Brundage Margaret S Creighton J Matthew Gallman Joseph T Glatthaar Anthony E Kaye Robert Kenzer Elizabeth D Leonard Amy E Murrell George C Rable Nina Silber Mark M Smith Mary Saracino Zboray and Ronald J Zboray Together they describe the profound transformations in community relations gender roles race relations and culture wrought by the central event in American history **Slavery , Writers of Multicultural Fiction for Young Adults** M. Daphne Kutzer,1996-01-09 Multicultural fiction is an essential part of the American

literary landscape This reference helps scholars teachers and librarians choose significant texts from both the past and present and provides guidance in approaching multicultural issues as they are discussed in fiction for young adults Included are entries for 51 writers some of whom have nearly been forgotten others who are just emerging Each entry provides biographical critical and bibliographical information while a general bibliography of works on multicultural literature concludes the book Authors included range from the nearly forgotten such as Laura Adams Armer to the newly discovered such as Graham Salisbury winner of the 1994 Scott O Dell Award for Historical Fiction The breadth of authors covered ensures an historical context for the issues raised by multiculturalism and the sections on the critical reception of each author address such important issues as the authority and authenticity of the writer to comment on a different culture Contributors are of many different ethnicities and include important scholars of children s literature lending authenticity and authority to the volume itself
