Brisbane Sketchbook:

Brisbane Sketchbook Peter Newell (architect.),1970 *Meanjin to Brisvegas: Snapshots of Brisbane's journey from colonial backwater to new world city* John Tilston,2014-09-14 This book describes seminal moments in the history of the capital city of Queensland which in just one generation has grown from country town to vibrant modern metropolis It had a tough start It became a separate state with less financial support from London than any other colony in the mighty British Empire Almost a century later it was briefly the Allied Forces headquarters for the Pacific War delighting and depressing its citizens in equal measure Then it had to shake off corruption in high places before it could realise its great potential There was some intrigue along the way Early Brisbane society was enlivened by its own aristocratic Lady Di a gruesome murder started a dynasty the Battle of Brisbane was hushed up to maintain morale and the local Rat Pack played a rather different Joke Prior to European settlement as Meanjin it was a busy meeting place for the many indigenous clans in the Moreton Bay region
