Britain and the Sino-Japanese War, 1937-1939 Bradford A. Lee, Bradford A. Lee, 1973 Britain and the Sino-Japanese War, 1937-1939; a Study in the Dilemmas of British Decline [By] Bradford A. Lee Bradford A. Lee, 1973 *Origins of the War in the East* Aron Shai, 2010-10-18 This study describes the British government's policy towards China during the first phases of the undeclared Sino Japanese war starting in July 1937 when the conflict in North China culminated in all out hostilities and ending in September 1939 when the outbreak of the war over Poland forced the British government to turn almost all its attention to Europe The dilemmas confronting British policy makers in the Far East are analysed together with the implementation of their subsequent solutions Attention is focused on the question of British interests in China and on the decisive factors and considerations which determined British policy and Britain's role in the Sino Japanese war Questions concerning the safety of the British subjects and the commercial community in China and their influence on the decision making process the attitude towards Soviet influence in China and prospects of Communist take over are also discussed In the final analysis the book examines the widely debated subject of appeasement in its Asian context It is argued that Britain pursued a policy towards Japan which gained strength without producing a Far Eastern Munich **The History of Anglo-Japanese Relations, 1600-2000** I. Nish, Y. Kibata, 2000-09-28 Volume II in this series of five volumes deals with relations between Japan and Britain in the poetical diplomatic sphere from 1931 to the present day From the political diplomatic standpoint it discusses the deteriorating relationship of the 1930s and leads on to the development of increasingly healthy postwar relations The book consists of parallel essays from Japanese and British academic specialists **China, Britain and Hong Kong, 1895-1945** Kit-ching Chan Lau, 1990 *Anti-Colonialism and the Crises of Interwar Fascism* Michael Ortiz, 2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In Anti Colonialism and the Crises of Interwar Fascism Michael Ortiz makes the case that fascism should be understood in part as an imperial phenomenon He contends that the Age of Appeasement 1935 1939 was not a titanic clash between rival socio political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialisms served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European fascisms Addressing this imbalance Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of

Versailles Whether fascist democratic or imperialist Europe's great powers collectively negotiated the fate of smaller nations

Britain, Japan and Pearl Harbor Antony Best, 1995 An authoritative account of British efforts to avert a conflict with Japan Using recently released material the author shows how the need to appease American opinion hamstrung Britain's ability to achieve an understanding with Japan *Britain, Japan and Pearl Harbour* Antony Best, 2013-10-18 Recent controversies about Pearl Harbour have highlighted the need for a new assessment of British policy towards Japan during the period leading up to the Pacific War Britain Japan and Pearl Harbour provides a thorough and authoritative account of British efforts to avert conflict with Japan and makes use of the most recently released material from British archives including information from intelligence sources This is the most comprehensive study so far of British policy towards East Asia in this period It illustrates the extent of British weakness in the region and the degree to which the constant need to appease American opinion hamstrung Britain's ability to achieve an understanding with Japan Britain's Imperial Cornerstone in China Donna Brunero, 2006-03-02 This is an in depth account of the Chinese Imperial Maritime Customs Service a uniquely cosmopolitan institution established in the wake of China's defeat in the Opium Wars 1842 to 43 and a central feature of the Treaty Port system The British dominated service was headed by the famous Robert Hart who founded a far reaching customs administration that also encompassed other responsibilities such as marine and harbour maintenance quarantine anti piracy patrols and postal services This institution sat at a crucial juncture between Chinese and foreign interests and was intimately linked to British interests and fortunes in the Far East Following the establishment of the Republic in 1911 there were grave misgivings as to whether the foreign element of the Service would survive Yet the Service grew in influence and strength ensuring the foreign inspectorate a continued role in China's affairs Delivering an overview of the Service its bureaucracy fiscal responsibilities and life for foreigners in its employ focusing especially on the later years of the Service Donna Brunero draws on the experiences of the foreign administration of the Service as it attempted to negotiate between Chinese and foreign expectations and interests A Modern History of Hong Kong Steve Tsang, 2007-07-30 This major history of Hong Kong tells the remarkable story of how a cluster of remote fishing villages grew into an icon of capitalism The story began in 1842 with the founding of the Crown Colony after the First Anglo Chinese war the original Opium War As premier power in Europe and an expansionist empire Britain first created in Hong Kong a major naval station and the principal base to open the Celestial Chinese Empire to trade Working in parallel with the locals the British built it up to become a focus for investment in the region and an international centre with global shipping banking and financial interests Yet by far the most momentous change in the history of this prosperous capitalist colony was its return in 1997 to Mother China the most powerful Communist state in the world
