Britain Southeast Asia And The Impact Of The Korean War

Scott C. Dulebohn

Britain Southeast Asia And The Impact Of The Korean War:

Britain, Southeast Asia and the Impact of the Korean War Nicholas Tarling, 2005 A sequel to the author's *Britain Southeast Asia and the Onset of the Pacific War* Cambridge University Press 1996 and *Britain Southeast Asia and the Onset of the Cold War* Cambridge University Press 1998 this book discusses Britain's policy towards Southeast Asia in the period 1950-55 when it was crucially affected by the struggle in Korea The phases in that struggle briefly described and placed in a world context provide a context for discussing Britain's relations with Burma Thailand Indonesia and Indochina Covering the dispute over West New Guinea and the Chinese Nationalist incursion into Burma the book gives a full account of the Geneva conference 50 years ago which reached a settlement in Vietnam Laos and Cambodia and of the creation of the SEATO alliance The focus of the work is on British policy and it is largely based on a study of British official records *The Southeast Asia Treaty Organisation* Ang Cheng Guan, 2021-09-09 A History of the Manila Pact and the Southeast Asia Treaty Organisation SEATO from its establishment in 1954 until its dissolution in 1977 The Southeast Asia Treaty Organization SEATO has received meagre scholarly attention in comparison to other key events and global developments during the duration of the Cold War due to its perceived failure early in its existence However there has been a renewed interest in the academic study of the organization Some scholars have argued that SEATO was not an outright failure New literatures have also shed in detail the workings of SEATO such as operational level contingency plans and counter insurgency plans This book aims to reconstruct a comprehensive life cycle of SEATO using declassified archival documents which were unavailable to scholars studying the organization from the 1950s through the 1980s and provide a nuanced assessment of it In addition in recent years there is also an emerging interest in the possibility of a multilateral military alliance in Asia for instance the Quadrilateral Security Dialogue morphing into an Asian NATO As such it is therefore crucial to study how previous multilateral alliances in the context of Asia were formed how they functioned and subsequently dissolved A groundbreaking reference on a key element of the United States Cold War strategy in Asia which will be a valuable resource to scholars of twentieth century diplomatic history **Southeast Asia's Cold War** Ang Cheng Guan, 2018-02-28 The historiography of the Cold War has long been dominated by American motivations and concerns with Southeast Asian perspectives largely confined to the Indochina wars and Indonesia under Sukarno Southeast Asia's Cold War corrects this situation by examining the international politics of the region from within rather than without It provides an up to date coherent narrative of the Cold War as it played out in Southeast Asia against a backdrop of superpower rivalry When viewed through a Southeast Asian lens the Cold War can be traced back to the interwar years and antagonisms between indigenous communists and their opponents the colonial governments and their later successors Burma Malaysia Singapore Brunei and the Philippines join Vietnam and Indonesia as key regional players with their own agendas as evidenced by the formation of SEATO and the Bandung conference The threat of global Communism orchestrated from Moscow which had such a powerful hold in the West

passed largely unnoticed in Southeast Asia where ideology took a back seat to regime preservation China and its evolving attitude toward the region proved far more compelling the emergence of the communist government there in 1949 helped further the development of communist networks in the Southeast Asian region Except in Vietnam the Soviet Union's role was peripheral managing relationships with the United States and China was what preoccupied Southeast Asia's leaders The impact of the Sino Soviet split is visible in the decade long Cambodian conflict and the Sino Vietnamese War of 1979 This succinct volume not only demonstrates the complexity of the region but for the first time provides a narrative that places decolonization and nation building alongside the usual geopolitical conflicts It focuses on local actors and marshals a wide range of literature in support of its argument Most importantly it tells us how and why the Cold War in Southeast Asia evolved the way it did and offers a deeper understanding of the Southeast Asia we know today

The Korean War Keith D. McFarland, 2009-12-04 The Korean War is the most comprehensive and detailed bibliography compiled to date on the American involvement in The Forgotten War In this revised and expanded second edition Keith D McFarland's clearly written annotations provide concise descriptions of more than 2 600 of the most important books articles and documents written in English on the conflict in Korea Key topics include origins of the war the political and military roles of North and South Korea the United States the Soviet Union China Great Britain Canada Australia South Africa Turkey and other United Nations members campaigns and battles weapons and uniforms and the military and diplomatic aspects of the war Specific subjects are easy to find using the index organized by topic and author making The Korean War a necessity for every academic or research library

Southeast Asia and the Great Powers Nicholas Tarling, 2013-06-17 Southeast Asia has on the basis of the nation state secured both a large measure of interstate peace and cooperation and a degree of autonomy from great powers outside the region ASEAN both represents that position and promotes it But it also depends on the attitude of the great powers

Neutrality in Southeast Asia Nicholas Tarling, 2016-10-04 This book analyses the notion of neutrality to the politics of the state in Southeast Asia Distinguishing among neutrality neutralism and neutralisation it asks what relation do the concepts bear to the independence of states and how do they relate to other forms of inter state relations and to participation in international organizations The author considers concepts of neutrality and the policy of non alignment as they were developed in South and Southeast Asia Using case studies of a variety of Asian countries including India Burma Cambodia and other countries in Southeast Asia he discusses the novel notion of a regional form of neutralisation as a means of decolonising the region and examines the relevance neutralism has in current international politics and what might it have in the future This new work by one of the most foremost historians on Southeast Asia is of interest to scholars in the field of Asian History Politics International Relations and Strategic Studies

Southeast Asia and the Cold War Albert Lau, 2012 The origins and the key defining moments of the Cold War in Southeast Asia have been widely debated This book focuses on an area that has received less attention the impact and legacy of the Cold War on the various countries in the region as well

as on the region itself The book contributes to the historiography of the Cold War in Southeast Asia by examining not only how the conflict shaped the milieu in which national and regional change unfolded but also how the context influenced the course and tenor of the Cold War in the region It goes on to look at the usefulness or limitations of using the Cold War as an interpretative framework for understanding change in Southeast Asia Chapters discuss how the Cold War had a varied but notable impact on the countries in Southeast Asia not only on the mainland countries belonging to what the British Foreign Office called the upper arc but also on those situated on its maritime lower arc The book is an important contribution to the fields of Asian Studies and International Relations

Shaping British Foreign and Defence Policy in the Twentieth Century
M. Murfett, 2014-07-31 This volume is devoted to the shaping of British foreign and defence policymaking in the twentieth century and illustrates why it is relatively easy for states to lose their way as they grope for a safe passage forward when confronted by mounting international crises and the antics of a few desperate men

External Intervention and the Politics of State Formation Ja Ian Chong, 2012-06-29 This book posits that when foreign actors face high opportunity costs of intervention in a weak state their behavior may foster state sovereignty This occurs as foreign actors work with local groups to avoid their worst fear domination of the polity by rivals Drawing from primary and secondary sources Ja Ian Chong examines this argument by considering China Indonesia and Thailand between the late nineteenth and mid twentieth centuries The book augments existing perspectives on nationalism sovereignty and state formation by introducing insights from research on foreign intervention and local collaboration

The Transformation of the International Order of Asia
Shigeru Akita, Gerold Krozewski, Shoichi Watanabe, 2014-07-25 In Asia the 1950s were dominated by political decolonization and the emergence of the Cold War system and newly independent countries were able to utilize the transformed balance of power for their own economic development through economic and strategic aid programmes This book examines the interconnections between the transfer of power and state governance in Asia the emergence of the Cold War and the transfer of hegemony from the UK to the US by focusing specifically on the historical roles of international economic aid and the autonomous response from Asian nation states in the immediate post war context The Transformation of the International Order of Asia offers closely interwoven perspectives on international economic and political relations from the 1950s to the 1960s with specific focus on the Colombo Plan and related aid policies of the time It shows how the plan served different purposes Britain's aim to reduce India's wartime sterling balances in London the quest for India's economic independence under Jawaharlal Nehru Japan's regional economic assertion and its endeavour to improve its international status Britain's publicity policy during the reorganization of British aid policies at a time of economic crisis and more broadly the West's desire to counter Soviet influence in Asia In doing so the chapters explore how international economic aid relations became reorganized in relation to the independent development of states in Asia during the period and crucially the role this transformation played in the emergence of a new international order in Asia Drawing on a wide range of international

contemporary and archival source materials this book will be welcomed by students and scholars interested in Asian international and economic history politics and development studies
