

British Military Campaign

Anita Prazmowska

British Military Campaign:

Queen Victoria's Wars Stephen M. Miller, 2021-06-17 Offers a revised and updated history of thirteen of the most significant British conflicts during the Victorian period British Military Campaign, 1996 Britain and Poland 1939-1943 Anita Prazmowska, 1995-03-23 Poland was a problematic issue for the Big Powers throughout the Second World War For Britain Poland was a major stumbling block in British Soviet relations as Polish Soviet territorial disputes clashed with the needs of the British Soviet United States alliance As the Polish government in exile attempted to obtain a guarantee of British support and many thousands of Polish troops fought for the British cause the perception grew that the Churchill government had a debt to pay Ultimately however it was a debt which Britain could not discharge because of its dependence on Soviet participation in the war In this book Anita Prazmowska looks at British policies from the point of view of wartime strategy relating this to Polish government expectations and policies She describes a tragic situation where Polish soldiers were trapped between the grandiose and unrealistic plans of their government and the harsh realities of a war which they fought with no prospect of a satisfactory outcome for them or their country **British Grand Strategy in the Age of American Hegemony** William D. James, 2024-01-18 Is the United Kingdom capable of grand strategy Common wisdom suggests otherwise Some think it implausible amid the maelstrom of domestic politics while others believe the UK lacks the necessary autonomy as a cog in the US led order British Grand Strategy in the Age of American Hegemony challenges these claims William D James contends that grand strategy is an unavoidable part of governing Grand strategy is the highest level of national security decision making encompassing judgements over a state s overarching objectives and interests as well as its security environment and resource base Getting these decisions right is vital in moments of geopolitical flux Employing several historical case studies between 1940 2003 and marshalling a host of primary sources James argues that British politicians and officials have thought in grand strategic terms under American hegemony even if they do not realise or admit to this He also demonstrates that the role of allies in shaping British grand strategy has been overstated Finally James highlights the conditions under which domestic political actors can influence grand strategic decision making Written for practitioners as well as scholars the book concludes with several policy recommendations at this inflection point in British history *Britain's War Powers* Tara McCormack, 2019-05-04 This book provides a state of the art discussion of the royal prerogative over war powers in the UK This issue has received particular attention over proposed military strikes against the Syrian regime and it was claimed by many observers and scholars that parliament now controls decisions in war However the record has been mixed and the most recent decision by Prime Minister May on Syria in 2018 shows that the executive can re assert prerogative powers and effectively sidestep parliament The author argues that these dynamics should be seen in the context of the declining authority of the executive and the legislature and in terms of a policy solution and ultimately she suggests a War Powers Act as a firmer foundation for Britain s war powers **All for One: Terrorism, NATO and the**

United States Tom Lansford, 2018-02-06 This title was first published in 2002 This detailed examination of the role of the Transatlantic Alliance in support of the America led military and intelligence operations against the Taliban and the Al Qaida network since the terrorist attacks on the United States provides the first in depth analysis of NATO s historic first invocation of Article V of the Washington Treaty Including a substantial overview of NATO s place in the broad security framework of the Western Atlantic powers and both the shared history and ideals that form its common basis the book specifically analyzes the political machinations behind the decision to invoke Article V and the impact of political differences among the Alliance partners The book also looks at efforts to prevent future incidents by expanding the security framework of the Alliance An essential reference source for military and foreign policy academics courses and practitioners this text offers the reader an unprecedented insight into NATO s response to this most significant event [The Encyclopedia of North American Colonial Conflicts to 1775: A-K](#), 2008 Covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics E xplores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues Publisher s Web site **Command** Anthony King, 2019-01-31 In the wake of the troubled campaigns in Afghanistan and Iraq military decision making appears to be in crisis and generals have been subjected to intense and sustained public criticism Taking these interventions as a starting point Anthony King examines the transformation of military command in the twenty first century Focusing on the army division King argues that a phenomenon of collective command is developing In the twentieth century generals typically directed and led operations personally monopolising decision making They commanded individualistically even heroically As operations have expanded in range and scope decision making has multiplied and diversified As a result command is becoming increasingly professionalised and collaborative Through interviews with many leading generals and vivid ethnographic analysis of divisional headquarters this book provides a unique insight into the transformation of command in western armies

Historical Record of the Sixty-first, or the South Gloucestershire Regiment of Foot Richard Cannon, 2022-01-17 In Historical Record of the Sixty first or the South Gloucestershire Regiment of Foot Richard Cannon meticulously chronicles the rich history and military engagements of one of England s storied regiments Written in the mid 19th century Cannon employs a precise and formal literary style indicative of military historiography of the era His narrative balances detailed accounts of regimental campaigns personal anecdotes and the socio political context surrounding the regiment s formation and operations offering valuable insights into the military practices and national sentiments of Victorian England Richard Cannon a distinguished military historian and officer was profoundly influenced by his own experiences within the British Army and his keen interest in military history His writings not only serve to memorialize the contributions of various regiments but also reflect his commitment to ensuring that the sacrifices and exploits of soldiers were preserved for future

generations Cannon's scholarly approach was characterized by extensive research and a desire to convey both factual history and the human element of military service This book is a recommended read for historians military enthusiasts and anyone interested in the evolution of British armed forces Cannon's detailed approach provides an engaging and enlightening perspective on military heritage making it a valuable addition to both personal and academic libraries Readers will find themselves immersed in the trials and triumphs of the Sixty first Regiment gaining a deeper appreciation for the legacy of infantry service in Britain In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read *Hearings* United States. Congress. Senate. Committee on Labor and Public Welfare,1947
