

"Common and well chosen, just what is needed for a good scholar's reader and just what The Norton Book offers a broad and new introduction to the study of classical literature." —Richard Kilian

"A good deal of serious work has been done in Greek and Roman literature, and this work is by the foremost scholars of our time." —Harvard Book

"There is an abundance of original literature, wherever one is at work, and in the hands of students in this case, especially chosen, carefully and intelligently annotated as well as selected by Bernard Knox. The selection of material is most impressive, and even when the dense literature, the study of antiquity, is being introduced, as well as the production of the manuscript itself, through a writing introduction to classical literature from the time to the present." —Anthony Smith

"This book will show how the Greek and Latin literature have formed the basis of the modern world, and it is a volume of the highest quality, both in the selection of the material and in the presentation. The introduction provides a valuable survey of the literature, and the book is a most valuable addition to the library of the student and the scholar." —Helen K. Johnson

"The Greek and Latin literature are the most important of the world's literature, and this book is a most valuable introduction to the study of the world's literature. The book is a most valuable introduction to the study of the world's literature, and it is a volume of the highest quality, both in the selection of the material and in the presentation. The introduction provides a valuable survey of the literature, and the book is a most valuable addition to the library of the student and the scholar." —Helen K. Johnson
