Britain and the People's Republic of China, 1949-74 Robert Boardman,1976 **Britain's International Role, 1970-1991** Michael J Turner,2010-10-06 How does one of the world s greatest powers preserve its status and influence when international conditions are unfavourable and its resources do not match its commitments This was Britain s burden in the 1970s and 1980s when the international order was transformed Much became unsettled and Britain had to adapt policy to suit new needs and opportunities Michael J Turner elucidates the efforts that were made to maximise Britain s role on those matters and in those parts of the world that were of special importance to British strategy prosperity and security He examines key decisions and their consequences and places British policy making in an international context suggesting that British leaders were more successful in preserving power and prestige on the world stage than has sometimes been appreciated *British Diplomacy and the Iranian Revolution, 1978-1981* Luman Ali,2018-07-19 This book investigates how British diplomats in Tehran and London reacted to the overthrow of the Shah and the creation of an Islamic Republic in Iran which had previously been a major political and commercial partner for London in the Middle East Making substantial use of recently declassified archival material the book explores the role of a significant diplomatic institution the resident embassy and the impact of revolutions on diplomatic relations It evaluates the performance of those charged with British diplomacy during the Iranian Revolution as Britain s position fell from favour under the post revolutionary regime Examining the views of key diplomatic personnel at the Foreign and Commonwealth Office and British ministers this study seeks to explain how British policy towards Iran was shaped and the means of diplomacy employed In charting the evolution of Britain s diplomatic relationship with Iran during this period a number of factors are considered including historical experience geography economics world politics and domestic concerns It also highlights the impact of events within the Iranian domestic political scene which were beyond London s control but which shaped British policy significantly The United States and China John King Fairbank,1983 Focusing on China during the last twenty five years the author illuminates the country s traditions customs political structure and economy *The West and China Since 1500* J. Gregory,2002-12-10 The West and China Since 1500 surveys Western relations with and attitudes towards China since sustained contact and desirable trading began with the great alternative culture in the sixteenth century The experiences of traders diplomats and missionaries are surveyed and illustrated by frequent quotations from contemporary sources In addition the book explores the flow of cultural influences in both directions and changes in Western opinion about China from admired model to disdained land of the eternal standstill to feared resurgent power Finally the author examines current issues in dispute such as Taiwan and human rights **The Hong Kong Reader** Ming K. The Changing Role of the British Protestant Missionaries in China, 1945-1952 Oi Ki Ling, 1999 This book focuses on the British Protestant missionaries in China in the period from 1945 to 1952 It captures the complexity and contradictions between the missionaries own perception of their role and Chinese reality It also examines the missionaries perception of the nature of Communism and their evaluation of the future prospects under Communist rule This study offers a stimulating reflection on the missionaries strategies for propagating the Christian faith their priorities and theological as well as cultural assumptions with regard to mission and politics mission and culture and mission church relations during the transition from Guomindang to Communist rule In general terms it provides an insight into the idealism and frustrations of missionaries as they wrestled with the changing political context in China East Wind Tom Buchanan, 2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the British left in relations with the People s Republic of China after 1949 He shows how this relationship was placed under stress by the growing unpredictability of Communist China above all by the Sino Soviet dispute and the Cultural Revolution which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts The impact of the suppression of the student protests in Tiananmen Square June 1989 is addressed as an epilogue East Wind argues that the significance of the left s relationship with China has been unjustly overlooked There were many occasions such as the mid 1920s the late 1930s and the early 1950s when China demanded the full attention of the British left It also argues that there is nothing new in the current fascination with China s emergence as an economic power Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China s economic growth could transform the world In addition to analysing the role of the political parties and pressure groups of the left Buchanan sheds new light on the activities of many well known figures in support of China including intellectuals such as Bertrand Russell R H Tawney and Joseph Needham Many other interesting stories emerge concerning less well known figures which show the complexity of personal links between Britain and China during the twentieth century
