British Administration In Nigeria 1900 1950 A Nigerian View:

British Administration in Nigeria, 1900-1950 I. M. Okonjo, 1974 *Colonialism and Violence in Nigeria* Toyin Falola, 2009-09-25 Colonialism and Violence in Nigeria looks closely at the conditions that created a legacy of violence in Nigeria Toyin Falola examines violence as a tool of domination and resistance however unequally applied to get to the heart of why Nigeria has not built a successful democracy Falola's analysis centers on two phases of Nigerian history the last quarter of the 19th century when linkages between violence and domination were part of the British conquest and the first half of the 20th century which was characterized by violent rebellion and the development of a national political consciousness This important book emphasizes the patterns that have been formed and focuses on how violence and instability have influenced Nigeria today *The Transformation of Nigeria* Toyin Falola, 2002 Professor Toyin Falola a distinguished Africanist and a leading historian of Nigeria has established an enduring academic legacy **The Great Upheaval** Judith A. Byfield, 2021-07-09 This social and intellectual history of women's political activism in postwar Nigeria reveals the importance of gender to the study of nationalism and poses new questions about Nigeria's colonial past and independent future In the years following World War II the women of Abeokuta Nigeria staged a successful tax revolt that led to the formation first of the Abeokuta Women's Union and then of Nigeria's first national women's organization the Nigerian Women's Union in 1949 These organizations became central to a new political vision a way for women across Nigeria to define their interests desires and needs while fulfilling the obligations and responsibilities of citizenship In *The Great Upheaval* Judith A Byfield has crafted a finely textured social and intellectual history of gender and nation making that not only tells a story of women's postwar activism but also grounds it in a nuanced account of the complex tax system that generated the upheaval Byfield captures the dynamism of women's political engagement in Nigeria's postwar period and illuminates the centrality of gender to the study of nationalism She thus offers new lines of inquiry into the late colonial era and its consequences for the future Nigerian state Ultimately she challenges readers to problematize the collapse of her female subjects' greatest aspiration universal franchise when the country achieved independence in 1960 **Studies in Southern Nigerian History** Boniface I. Obichere, 2005-07-27 First Published in 1982 Nigerians on the whole have a strong sense of history and a rich heritage of historical traditions This collection of essays is a contribution to the total effort of the study of the history of Southern Nigeria *Nigerian Chiefs* Olufemi Vaughan, 2006 An analysis of how traditional power structures in Nigeria have survived the forces of colonialism and the modernization processes of postcolonial regimes This book analyzes how indigenous political power structures in Nigeria survived both the constricting forces of colonialism and the modernization programs of postcolonial regimes With twenty detailed case studies on colonial and postcolonial Nigerian history the complex interactions between chieftaincy structures and the rapidly shifting sociopolitical and economic conditions of the twentieth century become evident Drawing on the interactions between the state and chieftaincy this study

goes beyond earlier Africanist scholarship that attributes the resilience of these indigenous structures to their enduring normative and utilitarian qualities Linked to externally derived forces and legitimated by neotraditional themes chieftaincy structures were distorted by the indirect rule system transformed by competing communal claims and legitimated a dominant ethno regional power configuration Olufemi Vaughan is Professor in the Department of Africana Studies and the Department of History State University of New York at Stony Brook Winner of the 2001 Cecil B Currey Book length Award from the Association of Third World Studies Nigeria's Resource Wars Egodi Uchendu, 2021-03-02 Nigeria's Resource Wars reflects on the diversity of conflicts over access to and allocation of resources in Nigeria From the devastating effects of crude oil exploration in the Niger Delta to desertification caused by climate change and illegal gold mining in Zamfara to mention a few Nigeria faces new dimensions of resource related struggles The ravaging effects of these resource conflicts between crop farmers and Fulani herders in Nigeria's Middlebelt and states across Southern Nigeria call for urgent scholarly interventions with the Fulani cattle breeders onslaught altering the histories of many Nigerian families through deaths loss of homes and investments and permanent physical incapacity Currently there is an almost total breakdown of interethnic relations with political commentators acknowledging that Nigeria has never been so divided as it presently is in its history The struggles have now degenerated into kidnaps armed robbery and incessant targeted and random killings across the country compounding the already complex problem of insecurity in Nigeria The chapters in this volume engage with these issues presenting the different arguments on resource conflicts in Nigeria They draw insights from similar conflicts in Nigeria's colonial post independence past and events from around the world to proffer possible solutions to resource related confrontations in Africa By offering a collection of different intellectual perspectives on resource conflicts in Nigeria this volume will be an important reference material for understanding the diversity of thought patterns that underpin the struggle and policy approaches towards resolving conflict situations in Africa This volume will be of considerable interest to scholars of Africa researchers in the humanities social sciences and conflict studies and policymakers interested in understanding the resource crisis in Africa **The Oxford Handbook of Nigerian History** Toyin Falola, Matthew M. Heaton, 2022 Thirty six chapters covering the history of Nigeria from prehistoric times to the twenty first century Accessible overviews of both the political narrative as well as the deeper histories of social organization identity formation and inter group relationships cutting edge analysis of key themes from highly respected scholars in a single forward facing volume Book jacket

Economic Reforms and Modernization in Nigeria, 1945-1965 Toyin Falola, 2004 Created as a result of British colonialism Nigeria emerged as a nation state during the mid 20th century Toyin Falola presents statistical data on Nigeria's economy that illustrate the nature of the changes made throughout the mid 20th century **The Failure Of The Centralized State** James Wunsch, Dele Olowu, John W Harbeson, Vincent Ostrom, 2019-07-11 This book is an outcome of the workshop on Political Theory and Policy Analysis held in Indiana during the 1985-86 It seeks to explain why the centralized African state
