Anton Weiss-Wendt

British Year Of International Law 1998 Sixty Ninth Year Of Issue:

British Year Book of International Law 2008 James Crawford, Vaughan Lowe, 2009-11-12 The British Year Book of International Law is a key reference resource for academics and practising lawyers providing up to date information on important developments in modern international law

Finnish Yearbook of International Law, 1999 Jarna Petman, Martti Koskenniemi, 2002-04-01 Despite its Finnish initiative and pedigree the Finnish Yearbook of International Law does not restrict itself to purely Finnish topics On the contrary it reflects the many connections in law between the national and the international The Finnish Yearbook of International Law annually publishes articles of high quality dealing with all aspects of international law including international law aspects of European law with close attention to developments that affect Finland Its offering include longer articles of a theoretical nature exploring new avenues and approaches shorter polemics commentaries on current international law developments book reviews and documentation of relevance to Finland's foreign relations not easily available elsewhere The Finnish Yearbook offers a fertile ground for the expression of and reflection on the connections between Finnish law and international law as a whole and insight into the richness of this interaction

Non-Flag State Enforcement in High Seas Fisheries Rosemary Gail Rayfuse, 2004-01-01 This book is the first comprehensive examination of state practice relating to enforcement by non flag states of the high seas conservation and management measures adopted by Regional Fisheries Organisations It demonstrates that an exception is emerging in customary international law to the rule of the primacy of flag state jurisdiction in the high seas fisheries context

The Nature of International Law Miodrag A. Jovanović, 2019-04-25 The Nature of International Law provides a comprehensive analytical account of international law within the prototype theory of concepts

The Politics of International Law Martti Koskenniemi, 2011-06-10 Today international law is everywhere Wars are fought and opposed in its name It is invoked to claim rights and to challenge them to indict or support political leaders to distribute resources and to expand or limit the powers of domestic and international institutions International law is part of the way political and economic power is used critiqued and sometimes limited Despite its claim for neutrality and impartiality it is implicit in what is just as well as what is unjust in the world To understand its operation requires shedding its ideological spell and examining it with a cold eye Who are its winners and who are its losers How if at all can it be used to make a better or a less unjust world In this collection of essays Professor Martti Koskenniemi a well known practitioner and a leading theorist and historian of international law examines the recent debates on humanitarian intervention collective security protection of human rights and the fight against impunity and reflects on the use of the professional techniques of international law to intervene politically The essays both illustrate and expand his influential theory of the role of international law in international politics The book is prefaced with an introduction by Professor Emmanuelle Jouannet Sorbonne Law School which locates the texts in the overall thought and work of Martti Koskenniemi

The Creation of States in International Law James R. Crawford, 2007-03-15 Statehood in

the early 21st century remains as much a central problem as it was in 1979 when the first edition of *The Creation of States in International Law* was published. As Rhodesia, Namibia, the South African Homelands, and Taiwan then were subjects of acute concern, today governments, international organizations, and other institutions are seized of such matters as the membership of Cyprus in the European Union, application of the Geneva Conventions to Afghanistan, a final settlement for Kosovo, and still relations between China and Taiwan. All of these and many other disputed situations are inseparable from the nature of statehood and its application in practice. The remarkable increase in the number of States in the 20th century did not abate in the twenty five years following publication of James Crawford's landmark study, which was awarded the American Society of International Law Prize for Creative Scholarship in 1981. The independence of many small territories comprising the residue of the European colonial empires alone accounts for a major increase in States since 1979, while the disintegration of Yugoslavia and the USSR in the early 1990s further augmented the ranks. With these developments, the practice of States and international organizations has developed by substantial measure in respect of self-determination, secession, succession, recognition, decolonization, and several other fields. Addressing such questions as the unification of Germany, the status of Israel and Palestine, and the continuing pressure from non-State groups to attain statehood even in cases like Chechnya or Tibet against the presumptive rights of existing States, James Crawford discusses the relation between statehood and recognition, the criteria for statehood especially in view of evolving standards of democracy and human rights, and the application of such criteria in international organizations and between states. Also discussed are the mechanisms by which states have been created, including devolution and secession, international disposition by major powers or international organizations, and the institutions established for Mandated Trust and Non-Self-Governing Territories. Combining a general argument as to the normative significance of statehood with analysis of numerous specific cases, this fully revised and expanded second edition gives a comprehensive account of the developments which have led to the birth of so many new states.

Documents on the Genocide Convention from the American, British, and Russian Archives Anton

Weiss-Wendt, 2018-09-20. This document collection highlights the legal challenges, historical preconceptions, and political undercurrents that had informed the UN Genocide Convention, its form, contents, interpretation, and application. Featuring 436 documents from thirteen repositories in the United States, the United Kingdom, and Russia, the collection is an essential resource for students and scholars working in the field of comparative genocide studies. The selected records span the Cold War period and reflect on specific issues relevant to the Genocide Convention as established at the time by the parties concerned. The types of documents reproduced in the collection include interoffice correspondence, memorandums, whitepapers, guidelines for national delegations, commissioned reports, draft letters, telegrams, meeting minutes, official and unofficial inquiries, formal statements, and newspaper and journal articles. On a classification curve, the featured records range from unrestricted to top secret. Taken in the aggregate, the documents reproduced in this collection suggest primacy of

politics over humanitarian and or legal considerations in the UN Genocide Convention

Europe and the Recognition of New States in Yugoslavia Richard Caplan, 2005-09-01 Europe's recognition of new states in Yugoslavia remains one of the most controversial episodes in the Yugoslav crisis Richard Caplan offers a detailed narrative of events exploring the highly assertive role that Germany played in the episode the reputedly catastrophic consequences of recognition for Bosnia Herzegovina in particular and the radical departure from customary state practice represented by the EC's use of political criteria as the basis of recognition The book examines the strategic logic and consequences of the EC's actions but also explores the wider implications offering insights into European security policy at the end of the Cold War the relationship of international law to international relations and the management of ethnic conflict The significance of this book extends well beyond Yugoslavia as policymakers continue to wrestle with the challenges posed by violent conflict associated with state fragmentation

The International Court of Justice and the Judicial Function Gleider I Hernández, 2014-05-29 This book evaluates the concept of the function of law through the prism of the International Court of Justice It goes beyond a conventional analysis of the Court's case law and applicable law to consider the compromise between supranational order and state sovereignty that lies at the heart of its institutional design It argues that this compromise prevents the Court from playing a progressive role in the development of international law Instead it influences the international legal order in more subtle ways in particular in shaping understanding of the nature or form of the international legal order as a whole The book concludes that the role of the Court is not to advance some universal conception of international law but rather to decide the cases before it in the best possible way within its institutional limits while remaining aware of law's deeper theoretical foundations The book considers three key elements firstly it examines the historical aspects of the Court's constitutive Statute and the manner in which it defines its judicial character Secondly it considers the drafting process the function of a dissenting opinion and the role of the individual judge in an attempt to discern insights on the function of the Court Finally the book examines the Court's practice in regard to three conceptual issues which assist in understanding the Court's function its theory of precedent its definition of the international community and its theory on the completeness of the international legal order

British Year Of International Law 1998 Sixty Ninth Year Of Issue Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free British Year Of International Law 1998 Sixty Ninth Year Of Issue PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free British Year Of International Law 1998 Sixty Ninth Year Of Issue PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of British Year Of International Law 1998 Sixty Ninth Year Of Issue free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About British Year Of International Law 1998 Sixty Ninth Year Of Issue Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
