Edward O. Shakespeare

Boys And Sex:

Boys & Sex Peggy Orenstein, 2020 To understand girls and sex we also need to talk about boys and sex Today's young men are subject to the same cultural forces as their female peers They are steeped in the distorted media images and binary stereotypes of female sexiness and toxic masculinity which shape how they too navigate sexual and emotional relationships In this book the author uses the same fascinating mix of anecdote and research to reveal how young men understand and negotiate the new rules of physical and emotional intimacy Drawing on comprehensive interviews with young men psychologists academics and experts in the field the author takes an unprecedented look at the myriad factors that are shaping boys' ideas of sex girls and masculinity Provided by publisher

Who Sell Sex Peter Aggleton, 1999 While much is known about prostitution and sex work from studies of female sex workers and their customers relatively little is known about men who sell sex either to women or other men Particularly poorly understood are their motivations for doing so the circumstances in which the sale of sex occurs the meanings attached to the acts by both sex worker and client and the HIV related risks involved Each chapter written by a national expert is based on months and even years of interviews with male sex workers including young boys and elderly men in some countries The workers discuss why they do the work what it is like and what their behavior means to them For example those who have regular sex with men often strenuously affirm their heterosexuality though there is considerable variety in their attitudes Each chapter relates the experiences of the male sex workers to the political economy of their neighborhood and assesses the implications of their work for HIV transmission and the AIDS epidemic The researchers and the sex workers discuss the value of different kinds of health promotion interventions

Teenagers in our society are bombarded on a daily basis with images of sexuality Unfortunately they are not given the proper information to help them sort out this information Instead they try to handle it by themselves Too often they do a poor job One need only watch the news to hear yet another story of a minor getting arrested for inappropriate and harmful sexual
