Diet Cults Matt Fitzgerald, 2014-05-15 From The Four Hour Body to Atkins there are diet cults to match seemingly any mood and personality type Everywhere we turn someone is preaching the One True Way to eat for maximum health Paleo Diet advocates tell us that all foods less than 12 000 years old are the enemy Low carb gurus demonize carbs then there are the low fat prophets But they agree on one thing there is only one true way to eat for maximum health The first clue that that is a fallacy is the sheer variety of diets advocated Indeed while all of these competing views claim to be backed by science a good look at actual nutritional science itself suggests that it is impossible to identify a single best way to eat Fitzgerald advocates an agnostic rational approach to eating habits based on one s own habits life style and genetics body type Many professional athletes already practice this Good Enough diet and now we can too and ditch the brainwashing of these diet cults for good

Recipe for a Livable Planet

William Sutton,Alexander Lotsch,Ashesh Prasann,2024-10-16 The global agrifood system has been largely overlooked in the fight against climate change Yet greenhouse gas emissions from the agrifood system are so big that they alone could cause the world to miss the goal of keeping global average temperatures from rising above 1.5 centigrade compared to preindustrial levels Greenhouse gas emissions from agrifood must be cut to net zero by 2050 to achieve this goal Recipe for a Livable Planet Achieving Net Zero Emissions in the Agrifood System offers the first comprehensive global strategic framework to mitigate the agrifood system's contributions to climate change detailing affordable and readily available measures that can cut nearly a third of the world's planet heating emissions while ensuring global food security These actions which are urgently needed offer three additional benefits improving food supply reliability strengthening the global food system's resilience to climate change and safeguarding vulnerable populations This practical guide outlines global actions and specific steps that countries at all income levels can take starting now focusing on six key areas investments incentives information innovation institutions and inclusion Calling for collaboration among governments businesses citizens and international organizations it maps a pathway to making agrifood a significant contributor to addressing climate change and healing the planet
