American Vision Actual Ideal Society

Florian Freitag

American Vision Actual Ideal Society:

The American Vision A. N. Kaul, 1980 This book examines the function of irony and humor in Carlyle's Sartor Resartus, Newman's Apologist and Yeats's A Vision. Steven Hemling identifies in these three unusual texts a comic sensibility that has its roots in Augustan satire. In his view, the works are proto-modernist, exemplifying a major cultural shift that was to find expression in the avant-garde comic self-consciousness and the black humor of writers like Joyce, Beckett, and Pynchon. Hemling analyzes the motives and functions of parody, the uses of difficulty and self-referentiality, and the development of ironic personae in Carlyle or presentations of the self as eccentric or foolish in Newman and Yeats. Such devices were central to these imaginative writers who sought to address an audience that was increasingly homogenized by the emergence of mass culture. The book attempts to explain why, over the course of a century, ambitious works of art became increasingly difficult and demanding, culminating in the daunting masterpieces of high modernism. By asserting the continuity of a genre of esoteric comedy, it provides not only an account of three very different careers but also explores in a fresh light some of the origins of modernism.

The American Vision. Actual and Ideal Society in Nineteenth-century Fiction. [On James Fenimore Cooper, Nathaniel Hawthorne, Herman Melville and Mark Twain.] Ajodhia Nath KAUL, 1963

Mastering Western Texts A. N. Kaul, 2003 This Volume Will Interest All Students Of English And American Studies Colonialism And Nationalism Culture And Gender Issues The Complex Relation Between Literature And Society And The Even More Complex Relationship Between Western Texts And Indian Leaders

The Practices of Hope Christopher Castiglia, 2017-09-26 Offers a positive approach to literary criticism. At a moment when the hermeneutics of suspicion is under fire in literary studies, *The Practices of Hope* encourages an alternative approach that rather than abandoning critique altogether relinquishes its commitment to disenchantment. As an alternative, Castiglia offers hopeful reading: a combination of idealism and imagination that retains its analytic edge yet moves beyond saying to articulate the values that shape our scholarship and create the possible worlds that animate genuine social critique. Drawing on a variety of critics from the Great Depression to the Vietnam War from Granville Hicks and Constance Rourke to Lewis Mumford, C. L. R. James, Charles Feidelson, and Richard Poirier, Castiglia demonstrates that their criticism simultaneously denounced the social conditions of the Cold War United States and proposed ideal worlds as more democratic alternatives. Organized around a series of terms that have become anathema to critics: nation, liberalism, humanism, symbolism, *The Practices of Hope* shows how they were employed in criticism's usable past to generate an alternative critique, a practice of hope.

Melville's Mirrors Brian Yothers, 2019 An accessible and highly readable guide to the story of Melville criticism as it has developed over the past century and a half. Herman Melville is among the most thoroughly canonized authors in American literature, and the body of criticism dealing with his writing is immense. Until now, however, there has been no

standard volume on the history of Melville criticism That a volume on this subject is timely and important is shown by the number of introductions and companions to Melville's work that have been published during the last few years none of which focuses on the critical reception of Melville's works as well as the steady stream of critical monographs and scholarly biographies that have been published on Melville since the 1920s Melville's Mirrors provides Melville scholars and graduate and undergraduate students with an accessible guide to the story of Melville criticism as it has developed over the years It is a valuable reference for research libraries and for the personal libraries of scholars of Melville and of nineteenth century American literature in general and it is also a potential textbook for major author courses on Melville which are offered at many universities BRIAN YOTHERS is the Frances Spatz Leighton Endowed Distinguished Professor of English at the University of Texas at El Paso and associate editor of *Leviathan: A Journal of Melville Studies* He is the author of *Reading Abolition: The Critical Reception of Harriet Beecher Stowe and Frederick Douglass* Camden House 2016 *Necro Citizenship* Russ Castronovo, 2001-09-27 Argues that the category of death was a central part of the concept of citizenship in the nineteenth century U S and that the particular form of that construction functioned to naturalize white males as ideal citizens *The Myth of America* Viola Sachs, 2019-05-20 No detailed description available for *The Myth of America* **The Farm Novel in North America** Florian Freitag, 2013 Provides the first history of the North American farm novel a genre which includes John Steinbeck's *The Grapes of Wrath* Sheila Watson's *The Double Hook* and Louis Hémon's *Maria Chapdelaine* **The Utopian Novel in America, 1886-1896** Jean Pfaelzer, 2010-11-23 In the late 1800s Americans flocked to cities immigration slums and unemployment burgeoned and America's role in foreign affairs grew This period also spawned a number of fictional glimpses into the future After the publication of Edward Bellamy's *Looking Backward* in 1888 there was an outpouring of utopian fantasy many of which promoted socialism while others presented refined versions of capitalism Jean Pfaelzer's study traces the impact of the utopian novel and the narrative structures of these sentimental romances She discusses progressive pastoral feminist and apocalyptic utopias as well as the genre's parodic counterpart the dystopia

Decoding **American Vision Actual Ideal Society**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**American Vision Actual Ideal Society**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
