The Best Resources for College Choice & Admissions Resource Pathways, Inc,1996 *Resources in Education* ,1997 **Challenged by Coeducation** Leslie Miller-Bernal,Susan L. Poulson,2007-01-22 Challenged by Coeducation details the responses of women's colleges to the most recent wave of Women's colleges originated in the mid nineteenth century as a response to women's exclusion from higher education Women's academic successes and their persistent struggles to enter men's colleges resulted in coeducation rapidly becoming the norm however Still many prestigious institutions remained single sex notably most of the Ivy League and all of the Seven Sisters colleges In the mid twentieth century colleges concerns about finances and enrollments as well as ideological pressures to integrate formerly separate social groups led men's colleges and some women's colleges to become coeducational The admission of women to practically all men's colleges created a serious challenge for women's colleges Most people no longer believed women's colleges were necessary since women had virtually unlimited access to higher education Even though research spawned by the women's movement indicated the benefits to women of a room of their own few young women remained interested in applying to women's colleges Challenged by Coeducation details the responses of women's colleges to this latest wave of coeducation Case studies written expressly for this volume include many types of women's colleges Catholic and secular Seven Sisters and less prestigious private and state liberal arts and more applied northern southern and western urban and rural independent and coordinated with a coeducational institution They demonstrate the principal ways women's colleges have adapted to the new coeducational era some have been taken over or closed but most have changed by admitting men and thereby becoming coeducational or by offering new programs to different populations Some women's colleges mostly those that are in cities connected to other colleges and prestigious with a high endowment still enjoy success Despite their dramatic drop in numbers from 250 to fewer than 60 today women's colleges are still important editors Miller Bernal and Poulson argue With their commitment to enhancing women's lives women's colleges and formerly women's colleges can serve as models of egalitarian coeducation Class Warfare J Martin Rochester,2002-12-01 Class Warfare Besieged Schools Bewildered Parents Betrayed Kids and the Attack on Excellence offers a first hand account of the Great American Education War being

waged from coast to coast including the reading wars math wars testing wars and other schoolyard scuffles reported almost daily by the nation's media Martin Rochester takes the reader on a field trip that begins with his own upper middle class suburban school district in St Louis and then moves on to inner city locales and some of the best private schools in showing how pack pedagogy has steamrolled parent resistance in promoting disasters such as whole language fuzzy math multiple intelligences theory teacher as coach the therapeutic classroom and all the other latest fads found in today's schools A college professor Rochester became deeply involved in public education as a result of his children's misadventures in the classroom After several years of trying to improve the status quo as a dogged volunteer he graduated from involved parent to informed critic of a system in which progressive educators continue to assault the techniques of traditional schooling ability grouping grades homework etc allow nonacademic diversions to crowd out academic study and subordinate a commitment to excellence to an obsession with equity As a result of his experiences Rochester concludes that all children are being victimized not only the most gifted but especially average students and those lower achieving kids whose needs are now supposedly driving the entire curriculum Martin Rochester began as a concerned parent and wound up creating a fever chart of what is wrong in our nation's classrooms

The Future of the City of Intellect Steven G. Brint, 2002 Based on new data and new analytical frameworks this book assesses the forces of change at play in the development of American universities and their prospects for the future The book begins with a lengthy introduction by Clark Kerr that not only provides an overview of change since the time he coined the phrase the city of intellect but also discusses the major changes that will affect American universities over the next thirty years Part One examines demographic and economic changes such as the rise of nearly universal higher education private gift and corporate sponsorship of research new labor market opportunities and increasing inequality among institutions and disciplines Part Two assesses the profound influence of the Internet and other technologies on teaching and learning Part Three describes how the various forces of change affect the nature of academic research and the organization of disciplines and the curriculum Part Four analyzes the consequences of change for university governance and the means by which universities in the future can maintain high levels of achievement while maintaining high levels of autonomy The contributors include many of today's leading scholars of higher education They are Andrew Abbott Steven Brint Richard Chait Burton R Clark Randall Collins David J Collis Roger L Geiger Patricia J Gumpert Clark Kerr Richard A Lanham Jason Owen Smith Walter W Powell Sheila Slaughter and Carol Tomlinson Keasey
