Is America Safe? Don Philpott,2019-01-31 As potential targets such as military facilities symbols of democracy government buildings and infrastructure are hardened against possible terrorist attacks terrorists will shift to softer targets churches schools malls mass entertainment centers high rise apartments transportation centers and energy facilities Their goal will be to disrupt or destroy our economy impose fear and uncertainty break our national will and deflect our attention and support from the Middle East We could wait for it to happen or we can prepare now This new book empowers Americans by providing them with the knowledge and skills needed to understand terrorist strategies which in turn allow each of us to contribute to disrupting the terrorists intended goals through observing and reporting suspicious activity reducing target vulnerabilities and minimizing casualties through education and preparation The authors define terrorism and its origins and describe present day organizations where they operate what their philosophies entail and what their motivation and objectives are They review different terrorist tactics and their desired

effects providing readers with guidelines and checklists for surviving them Knowing how to prepare for and how to survive an attack is a step toward marginalizing intended casualty rates psychological impacts and propaganda values At the same time the lifesaving skills presented in this book may also be used in naturally occurring catastrophic events such as hurricanes tornadoes floods or earthquakes **Preparing Early, Acting Quickly** United States.
