Americas Jews Ethnic Groups In Comparative Perspective

Seymour Martin Lipset

Americas Jews Ethnic Groups In Comparative Perspective:

Comparative Perspectives on Judaism and Jewish Identities Stephen Sharot, 2011 *Comparative Perspectives on Judaism and Jewish Identities* makes a unique contribution building on but not duplicating Sharot's earlier work. There is no comparable work that covers all of these periods and particular cases. Harriet Hartman, professor of sociology at Rowan University. **American Pluralism and the Jewish Community** Seymour Martin Lipset, In a landmark volume of new essays destined to reshape the parameters of future discourse on American Jews and their relationships to major ideologies and organization of our time, Lipset has brought together many of the finest social analysts of Jewish life both in the United States and overseas. Indeed, Canadian and Israeli perspectives add a comparative dimension that increases the special value of this book. S. N. Eisenstadt calls attention in his opening chapter to the thrust of the volume as a whole: a focus on the most distinguishing aspect of the American Jewish experience, the incorporation of Jews into all arenas and aspects of American life and the effects of such incorporation on the structuring of Jewish life and self-perception. The work emphasizes the burgeoning of Jewish institutions, the visibility and acceptability of such institutions, and the changing Jewish definition of their collective identity. The work is conceived of as a Festschrift in honor of Earl Raab. Thus, the work has a community dimension that typifies Raab's work. The four essays in the final segment, *California is Different*, will come as a pleasant bonus in a work that otherwise features the more global dimensions of Jewish life in America. The first section on the North American Community features essays by S. N. Eisenstadt, Nathan Glazer, Arnold Eisen, Chaim Waxman, and Morton Weinfield. The second section on Politics contains contributions by Irving Kristol, Carl Sheingold, Eyton Gilboa, and Alan Fisher. The third segment is on Jewish Community Life with essays by Daniel Eleazar, Larry Ruben, and Arnold Dashevsky. This is in short a major collective statement by scholars long associated with the subject. It will be of interest to political scientists and sociologists interested in ethnic studies and Jewish life in America. *Ritual and Ethnic Identity* Jack N. Lightstone, Frederick B. Bird, Simcha Fishbane, Marc P. Lalonde, Victor Levin, Louise Mayer, Madeleine McBrearty, 2006-01-01 In this innovative and comprehensive collection of essays, Jack Lightstone and Frederick Bird document and interpret ritual practice among contemporary Canadian Jews. They particularly focus on the character and meaning of the public performance of the Sabbath liturgy in six urban Canadian synagogues ranging from Orthodox to Reform and from large congregations to a small house synagogue, yeshiva, rabbinic academy. Their examination of synagogue ritual is complemented with accounts of the ritual life of contemporary Canadian Jews outside the synagogue, amongst their families within their homes and beyond. In contrast with other studies of Jewish observance, Lightstone and Bird document not simply which rituals are practised and how often, rather they stress the meaning, including the social meaning, of these rituals and treat them as complex symbolic systems. Their multidisciplinary approach, together with their openness to include a wide variety of phenomena in their study, for example, the organization of the physical setting of the Sabbath, dress codes, and patterns of greeting and handshaking, place this work

at the very forefront of current research Ritual and Ethnic Identity will be of great value to historians and sociologists of religion anthropologists and all those concerned with religion ritual and Canadian Jewish and ethnic studies **Observing America's Jews** Marshall Sklare,1993 **Jews and the American Religious Landscape** Uzi Rebhun,2016-09-06 Jews and the American Religious Landscape explores major complementary facets of American Judaism and Jewish life through a comprehensive analysis of contemporary demographic and sociological data Focusing on the most important aspects of social development geographic location socioeconomic stratification family dynamics group identification and political orientation the volume adds empirical value to questions concerning the strengths of Jews as a religious and cultural group in America and the strategies they have developed to integrate successfully into a Christian society With advanced analyses of data gathered by the Pew Research Center Jews and the American Religious Landscape shows that Jews like other religious and ethnic minorities strongly identify with their religion and culture Yet their particular religiosity along with such factors as population dispersion professional networks and education have created different outcomes in various contexts Living under the influence of a Christian majority and a liberal political system has also cultivated a distinct ethos of solidarity and egalitarianism enabling Judaism to absorb new patterns in ways that mirror its integration into American life Rich in information thoughtfully construed this book presents a remarkable portrait of what it means to be an American Jew today
