Americo Vespuccio:

Americo Vespucci Pilot Cb Frederick Julius Pohl, 2013-10-28 First published in 1967 This volume looks at the voyages of Americo Vespuccio to use the Spanish form of the name Amerigo Vespucci who sailed to the West under the Spanish flag in 1499 and again in 1501 when he sailed to gain geographical information for the King of Portugal who like the King of Spain had been confused by the contradictory reports of Columbus Columbus to his death believed that he had landed in Asia and not the Americas Americo discovered the Amazon and the Para Rivers and explored over 6000 miles of continuous shoreline between Venezuela which he named and a harbour about fifty degrees south on the coast of Argentina In 1502 he presented proof of the existence of the New World Americo crossed the Atlantic Ocean and found out and reported what was really there naming the continent America from the Latin version of his name **Amerigo and the New World** Germán Arciniegas, 1955 *The First Four Voyages of Amerigo Vespucci* Amerigo Vespucci, 2007-01-01 2007 Scholar s Bookshelf reprint edition of this London 1893 publication reproduced in facsimile and with translation and Introduction the central documents for Vespucci and his explorations including the Soderini letter *Amerigo Vespucci* Charles Lester Edwards, Amerigo Vespucci, Keith Bridgeman, 2009 The biography of Amerigo Vespucci 1451 1512 the Italian explorer whose discoveries led to the continent of America being named after him Amerigo Vespucci made four voyages during which he discovered a lot of the coastline and rivers of South Central and North America The first of Amerigo s voyages has been disputed since he first described it because it meant that Amerigo Vespucci had reached the mainland of America before Christopher Columbus So instead of the continent of America being named after Columbus it came to be named America after Amerigo Often out of resentment at the lessening of Columbus s achievements allegations have persisted for centuries that Amerigo or somebody else has either fabricated much of what was described of his voyages or has been mistaken in what was written Amerigo saw peoples plants and animals never seen before by Europeans His crew found the bird song so melodious and the trees so beautiful and sweet smelling that they imagined themselves in a terrestrial paradise His voyages brought him in to contact with thousands of naked natives who met with Amerigo s crew with anything from a warm and curious welcome to vicious warfare He described some of the natives as being lascivious beyond measure especially the women and that the men took as many wives as they pleased often marrying their mothers or their sisters Amerigo wrote that the natives had neither laws nor religion Many of them were cannibals some of whom smoked the meat of their victims before eating it Even some of Amerigo s own men were killed by being pulled to pieces before being eaten in view of the rest of the crew Included are all of the first hand accounts of the four voyages detailed in letters written by Amerigo Vespucci to his friend Pietro Soderini who was Gonfaloniere of the Republic of Florence and to Lorenzo di Piero Francesco de Medici who was an Italian banker and politician *The Letters of Amerigo Vespucci and Other Documents Illustrative of His Career* Amerigo Vespucci, 1894 *Who Was Amerigo Vespucci? | He Who Named America | Biography 3rd Grade | Children's*
