Amerika Und Die Deutschen Bestandsaufnahme Einer 300jährigen Geschichte:

The U.s. Congress And The German Bundestag Uwe Thaysen,Robert Gerald Livingston,Martin J Hillenbrand,Nelson W Polsby,2019-07-11 This book examines the lawmaking bodies of the United states and the Germany and their constitutional duties and limitations It is a first ever joint US German parliamentary study that compares and contrasts two of the democratic West s most powerful legislatures Friedrich Hecker Sabine Freitag,2006 Friedrich Hecker 1811 1881 lived the first half of his life in the Grand Duchy of Baden a small state in southern Germany He was a major leader of a rebellion on behalf of the German republican movement in 1848 but his defeat forced him into exile in America There he spent the second half of his life as a farmer in southern Illinois helping to found the Republican Party and campaigning among his countrymen in local and national elections During the Civil War he served bravely fighting in some of the most important battles Although much better known in Germany than in America he founded a remarkable family in the Midwest that is still flourishing and is a major example of the melding of the European and American traditions of liberty The work draws heavily from original sources including letters and diaries at the Western Historical Manuscript Collection the Missouri Historical Society and the St Louis Mercantile Library *Social Justice Feminists in the United States and Germany* Kathryn Kish Sklar,Anja Schüller,Susan Strasser,2018-10-18 Women reformers in the United States and Germany maintained a brisk dialogue between 1885 and 1933 Drawing on one another s expertise they sought to alleviate a wide array of social injustices generated by industrial capitalism such as child labor and the exploitation of women in the workplace This book presents and interprets documents from that exchange most previously unknown to historians which show how these interactions reflected the political cultures of the two nations On both sides of the Atlantic women reformers pursued social justice strategies The documents discussed here reveal the influence of German factory legislation on debates in the United States point out the differing contexts of the suffrage movement compare pacifist and antipacifist reactions of women to World War I and trace shifts in the feminist movements of both countries after the war *Social Justice Feminists in the United States and Germany* provides insight into the efforts of American and German women over half a century of profound social change Through their dialogue these women explicate their larger political cultures and the place they occupied in them The Many Faces of Germany John A. McCarthy,Walter Grûnzweig,Thomas Koebner,2004-04-01 With the fall of the Berlin Wall and the shifting of American foreign policy away from old Europe long established patterns of interaction between Germany and the U S have come under review Although seemingly disconnected from the cultural and intellectual world political developments were not without their influence on the humanities and their curricula during the past century In retrospect we can speak of the many different roles Germany has played in American eyes The Many Faces of Germany seeks to acknowledge the importance of those incarnations for the study of German culture and history on both sides of the Atlantic One of the major questions raised by the contributors is whether the transformations in the transatlantic dynamics and in the importance of Germany for the U

S have had a major influence on the study of things German in the U S internally The volume gathers together leading voices of the older and younger generations of social historians literary scholars film critics and cultural historians **German Diasporic Experiences** Sebastian Siebel-Achenbach,2008-10-02 Co published with the Waterloo Centre for German Studies For centuries large numbers of German speaking people have emigrated from settlements in Europe to other countries and continents In German Diasporic Experiences Identity Migration and Loss more than forty international contributors describe and discuss aspects of the history language and culture of these migrant groups individuals and their descendants Part I focuses on identity with essays exploring the connections among language politics and the construction of histories national familial and personal in German speaking diasporic communities around the world Part II deals with migration examining such issues as German migrants in postwar Britain German refugees and forced migration and the immigrant as a fictional character among others Part III examines the idea of loss in diasporic experience with essays on nationalization language change or loss and the reshaping of cultural identity Essays are revised versions of papers presented at an international conference held at the University of Waterloo in August 2006 organized by the Waterloo Centre for German Studies and reflect the multidisciplinary and the global perspective of this field of study **American Dinosaur Abroad** Ilja Nieuwland,2019-05-15 In early July 1899 an excavation team of paleontologists sponsored by Andrew Carnegie discovered the fossil remains in Wyoming of what was then the longest and largest dinosaur on record Named after its benefactor the *Diplodocus carnegii* or Dippy as it s known today was shipped to Pittsburgh and later mounted and unveiled at the Carnegie Museum of Natural History in 1907 Carnegie s pursuit of dinosaurs in the American West and the ensuing dinomania of the late nineteenth century coincided with his broader political ambitions to establish a lasting world peace and avoid further international conflict An ardent philanthropist and patriot Carnegie gifted his first plaster cast of Dippy to the British Museum at the behest of King Edward VII in 1902 an impulsive diplomatic gesture that would result in the donation of at least seven reproductions to museums across Europe and Latin America over the next decade in England Germany France Austria Italy Russia Argentina and Spain In this largely untold history Ilja Nieuwland explores the influence of Andrew Carnegie s prized skeleton on European culture through the dissemination reception and agency of his plaster casts revealing much about the social political cultural and scientific context of the early twentieth century *Die Verwaltungsjuristin Theanolte B hnsch (1899-1973) und der Deutsche Frauenring* Nadine Freund,2018-09-13 Die Regierungspr sidentin Theanolte B hnsch 1899 1973 spielte im Wiederaufbau Deutschlands nach 1945 eine zentrale Rolle Das Fundament ihres Engagements lag in ihrer Sozialisation im Geiste des reformorientierten republikanischen Preu en begr ndet Nadine Freund legt dar wie die Pr sidentin des Deutschen Frauenrings DFR in Orientierung an der Idee der berparteilichkeit versuchte insbesondere Frauen f r die Etablierung einer zweiten deutschen Demokratie zu gewinnen In ihrer Absicht dabei ein Bollwerk gegen den Kommunismus zu errichten wurde sie von deutschen und britischen Eliten aus

Politik Verwaltung Militär Erwachsenenbildung und Frauenbewegung unterstützt *Language Loyalty, Continuity and Change* Rakhmiel Peltz, Harold F. Schiffman, 2006-01-01 This short volume provides a comprehensive and synoptic view of Joshua A. Fishman's contributions to international sociolinguistics. The two integrative essays provide readers with the essential understandings of Fishmanian sociolinguistics and his contributions to Yiddish scholarship. An up-to-date comprehensive bibliography prepared by Gella Schweid Fishman as well as Fishman's own concluding sentiments complement the integrative essays. German Studies in North America Keith Duane Alexander, Annemarie Sammartino, 2004 American Aurora Timothy Grieve-Carlson, 2024 *American Aurora* explores the impact of climate change on early modern radical religious groups during the height of the Little Ice Age in the seventeenth century. Focusing on the life and legacy of Johannes Kelpius (1667-1707), an enormously influential but comprehensively misunderstood theologian who settled outside of Philadelphia from 1604 to 1707, Timothy Grieve-Carlson explores the Hermetic and alchemical dimensions of Kelpius's Christianity before turning to his legacy in American religion and literature. This engaging analysis showcases Kelpius's forgotten theological intricacies, spiritual revelations, and cosmic observations, illuminating the complexity and foresight of an important colonial mystic. As radical Protestants during Kelpius's lifetime struggled to understand their changing climate and a seemingly eschatological cosmos, esoteric texts became crucial sources of meaning. Grieve-Carlson presents original translations of Kelpius's university writings, which have never been published in English, along with analyses and translations of other important sources from the period in German and Latin. Ultimately, *American Aurora* points toward a time and place when climate change caused an eruption of esoteric thought and practice and how this moment has been largely forgotten.
