Bayyinah S. Jeffries

Black Nationalism A Search For An Identity In America:

Black Nationalism E. U. Essien-Udom, 1962 Author E U Essien Udom aims to the common conception that the Nation of Islam and by extension all Black Nationalist movements existed solely for political purposes and instead for poor urban blacks to attain a national identity a sense of ethnic consciousness and empowerment in a society that denied them these privileges

Black Nationalism Essien Udosen Essien-Udom, 1968 **Black Nationalism** E. U. Essien-Udom, 1995-07-01 One of the first studies of the organization life and meaning of the Nation of Islam and by extension all Black Nationalist movements this classic work dispels the still common conception that the movement functioned primarily for political purposes By observing the daily life of its members Essien Udom demonstrates that the Nation of Islam served primarily as a means for poor urban blacks to attain a national identity a sense of ethnic consciousness and empowerment in a society that denied them these privileges Black Nationalism continues to hold profound implications for our understanding of the appeal of Black Nationalism as an ideology and a political force An excellent standard treatment of black nationalist belief and practice in the 50 s Michael Eric Dyson New York Times Book Review This is an absorbing exercise in first class reporting In the light of his scrupulous fairness the book is another illustration of how the press prejudges a story And most provocatively Essien Udom has emphasized that even after the current campaigns for wide scale integration are won there will be an even wider chasm between the liberated Negro middle class and the rootless Negro poor Nat Hentoff Commonweal

A Nation Can Rise No Higher Than Its Women Bayyinah S. Jeffries, 2014-04-04 *A Nation Can Rise No Higher Than Its Women* African American Muslim Women in the Movement for Black Self Determination 1950 1975 challenges traditional notions and interpretations of African American particularly women who joined the Original Nation of Islam during the Civil Rights Black Power era This book is the first major investigation of the subject that engages a wide scope of women from The Nation and utilizes a wealth of primary documents and personal interviews to reveal the importance of women in this community Jeffries reveals that women were respected in the movement and maintained a very clear and often sought after voice in the advancement of the Original Nation of Islam *A Nation Can Rise No Higher Than Its Women* replaces the typical portrait of the subservient and irrelevant African American Muslim woman with a far more accurate picture of their integral leadership and substantial contributions to the rise of Islam and black consciousness in the self determination movement in the United States and beyond during the Civil Rights Black Power era

The Origins of Black Humanism in America J. Floyd-Thomas, 2008-10-13 By examining the minister who helped inspire the founding of the Harlem Unitarian Church Reverend Ethelred Brown Floyd Thomas offers a provocative examination of the religious and intellectual roots of Black humanist thought

The Harvard Guide to African-American History Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

Harvard Guide to American History Frank Freidel, Frank Burt Freidel, Richard K. Showman, 1974 Editions for 1954 and 1967 by O Handlin and others

The Nuwaubian Nation Susan J. Palmer, 2010 Presenting fresh and important insights into racialist spirituality and the social control of unconventional religions in America The Nuwaubian Nation follows the extraordinary career of Dwight York who in his teens started out in a New York street gang but converted to Islam in prison Emerging as a Black messiah York proceeded to break the Paleman s spell of Kingu and to guide his people through a series of racial religious identities that demanded dramatic changes in costume gender roles and lifestyle Referring to theories in the sociology of deviance and media studies the author tracks the escalating hostilities against the group that climaxed in a Waco style FBI raid on the Nuwaubian compound in 2002

A Companion to African American History Alton Hornsby, Jr., 2008-04-15 A Companion to African American History is a collection of original and authoritative essays arranged thematically and topically covering a wide range of subjects from the seventeenth century to the present day Analyzes the major sources and the most influential books and articles in the field Includes discussions of globalization region migration gender class and social forces that make up the broad cultural fabric of African American history

[African Americans and the Bible](#) Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meanings of the Bible than about the Bible and meanings less about the worlds of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed
