Black Victory The Rise And Fall Of The White Primary In Texas:

Black Victory Darlene Clark Hine, Steven F. Lawson, Merline Pitre, 2003 In *Black Victory* Darlene Clark Hine examines a pivotal breakthrough in the struggle for black liberation through the voting process She details the steps and players in the 1944 U S Supreme Court decision in *Smith v Allwright* a precursor to the 1965 Voting Rights Act She discusses the role that NAACP attorneys such as Thurgood Marshall played in helping black Texans regain the right denied them by white Texans in the Democratic Party the right to vote and to have that vote count Hine illuminates the mobilization of black Texans She effectively demonstrates how each part of the African American community from professionals to laborers was essential to this struggle and the victory against disfranchisement Book Jacket

Long Is the Way and Hard Kevern Verney, Lee Sartain, Adam Fairclough, 2009-11-01 Celebrating its one hundredth anniversary in February 2009 the National Association for the Advancement of Colored People NAACP has been the leading and best known African American civil rights organization in the United States It has played a major and at times decisive role in most of the important developments in the twentieth century civil rights struggle Drawing on original and previously unpublished scholarship from leading researchers in the United States Britain and Europe this important collection of sixteen original essays offers new and invaluable insights into the work and achievements of the association The first part of the book offers challenging reappraisals of two of the NAACP's best known national spokespersons Walter White and Roy Wilkins Other essays analyze the association's cultural initiatives and the key role played by its public relations campaigns in the mid 1950s to counter segregationist propaganda and win over the hearts and minds of American public opinion in the wake of the NAACP's landmark legal victory in *Brown v Board of Education* Others provide thought provoking accounts of the association's complex and difficult relationship with Martin Luther King the post World War II Civil Rights movement and Black Power radicals of the 1960s The second part of the collection focuses on the work of the NAACP at state city and local levels examining its grassroots organization throughout the nation from Chicago Cleveland and Detroit in the North to California in the West as well as states across the South including Virginia Arkansas Alabama Louisiana and Texas Providing detailed and fascinating information on hitherto little explored aspects of the association's work these studies complement the previous essays by demonstrating the impact national initiatives had on local activists and analyzing the often strained relations between the NAACP national office in New York and its regional branches

The Crisis, 1980-03 The *Crisis* founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The *Crisis* has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens
