Black Women In The New World Order:

Latinas and African American Women at Work Irene Browne, 2000-10-12 One of Choice magazine's Outstanding Academic Books of 1999 Accepted wisdom about the opportunities available to African American and Latina women in the U S labor market has changed dramatically Although the 1970s saw these women earning almost as much as their white counterparts in the 1980s their relative wages began falling behind and the job prospects plummeted for those with little education and low skills At the same time African American women more often found themselves the sole support of their families While much social science research has centered on the problems facing black male workers Latinas and African American Women at Work offers a comprehensive investigation into the eroding progress of these women in the U S labor market The prominent sociologists and economists featured in this volume describe how race and gender intersect to especially disadvantage black and Latina women Their inquiries encompass three decades of change for women at all levels of the workforce from those who spend time on the welfare rolls to middle class professionals Among the many possible sources of increased disadvantage they particularly examine the changing demands for skills increasing numbers of immigrants in the job market the precariousness of balancing work and childcare responsibilities and employer discrimination While racial inequity in hiring often results from educational differences between white and minority women this cannot explain the discrimination faced by women with higher skills Minority women therefore face a two tiered hurdle based on race and gender Although the picture for young African American women has grown bleaker overall for Latina women the story is more complex with a range of economic outcomes among Cubans Puerto Ricans Mexicans and Central and South Americans Latinas and African American Women at Work reveals differences in how professional African American and white women view their position in the workforce with black women perceiving more discrimination for both race and gender than whites The volume concludes with essays that synthesize the evidence about racial and gender based obstacles in the labor market Given the current heated controversy over female and minority employment as well as the recent sweeping changes to the national welfare system the need for empirical data to inform the public debate about disadvantaged women is greater than ever before The important findings in Latinas and African American Women at Work substantially advance our understanding of social inequality and the pervasive role of race ethnicity and gender in the economic well being of American women

Black Intimacies Shirley Ann Hill, 2005 In Black Intimacies A Gender Perspective on Families and Relationships Shirley A Hill applies a gender lens to the multiple systems of oppression that have shaped the lives of African American women and men She challenges the image of a monolithic black population a legacy of the civil rights movement that she argues is impossible to sustain in the postmodern era Through a critique of intersectionality theory Hill examines the ways in which gender has affected experiences of intimacy family relationships child rearing and motherhood for contemporary African Americans Drawing on ethnographic material interviews and

scholarly research Hill's work rethinks the cultural and historical definitions of black identity and reconceptualizes the various forms of oppression faced by black women This book will be useful to students and instructors of African American Studies Gender Studies Sociology Anthropology Marriage and Family and Social Work *Black and Multiracial Politics in America* Yvette Marie Alex-Assensoh, Lawrence J. Hanks, 2000-11-01 America is currently in the midst of a major racial and ethnic demographic shift By the twenty first century the population of Hispanics and Asians will increase significantly while the black population is expected to remain relatively stable Non Hispanic Whites will decrease to just over half of the nation's population How will the changing ethnic and racial composition of American society affect the long struggle for black political power and inclusion To what extent will these racial and ethnic shifts affect the already tenuous nature of racial politics in American society Using the literature on black politics as an analytical springboard *Black and Multiracial Politics in America* brings together a broad demography of scholars from various racial and ethnic groups to assess how urban political institutions political coalitions group identity media portrayal of minorities racial consciousness support for affirmative action policy political behavior partisanship and other crucial issues are impacted by America's multiracial landscape Contributors include Dianne Pinderhughes M Margaret Conway Pei-te Lein Susan Howell Mack Jones Brigitte L Nacos Natasha Hritzuk Marion Orr Michael Jones Correa A B Assensoh Joseph McCormick Sekou Franklin Jose Cruz Erroll Henderson Mamie Locke Reuel Rogers James Endersby Charles Menifield and Lawrence J Hanks **Women, Power, and Ethnicity** Patricia S.E. Darlington, Becky Michele Mulvaney, 2014-06-03 Powerful women aren't just men walking around in dresses As women continue to assume positions of social leadership in increasing numbers the dynamics of the social construction of power need to be examined Have women adopted traditionally male patterns of behavior in an effort to gain and maintain power in business industry politics academics etc And if not what kind of power are women practicing The authors of *Women Power and Ethnicity Working Toward Reciprocal Empowerment* endeavored to find out by conducting a research study on how women from various racial and ethnic backgrounds compare and contrast the attributes associated with existing power paradigms traditional empowerment personal authority with an alternate model of power reciprocal empowerment Reciprocal empowerment is a discursive and behavioral style of interaction grounded in reciprocity initiated by people who feel a sense of personal authority Reciprocal empowerment enables people with mutual self interests to rise above obstacles based on social and political structures and to use personal authority to discuss and act on issues openly and honestly in order to effect change Using a qualitative methodology *Women Power and Ethnicity* includes the results of surveys and interviews with women from seven different ethnic groups in the United States to determine if the concept or reciprocal empowerment resonates with them The answer Yes *Women Power and Ethnicity* is organized by surveys and interview findings on women from seven cultural groups living in the United States African Asian Caribbean European Latin Middle Eastern Native American Each chapter includes analyses of ethnographic findings surveys and interviews concise

historical information effects of immigration where applicable tables and diagrams direct quotes and much more Women Power and Ethnicity examines women s attitudes toward power in several social forums home job religion politics and society in general The book is an essential resource for teachers and students of communication studies women studies gender studies ethnic studies and social sciences **Global Sex Workers** Kamala Kempadoo,Jo Doezema,2018-10-24 Global Sex Workers presents the personal experiences of sex workers around the world Drawing on their individual narratives it explores international struggles to uphold the rights of this often marginalized group *Handbook of Black Studies* Molefi Kete Asante,Maulana Karenga,2006 Publisher Description **Words Made Flesh** Justine Bakker,David Kline,2025-06-03 The first sustained treatment of religion and religions in the scholarship of a prominent Caribbean thinker Sylvia Wynter is a profoundly transdisciplinary scholar whose works span an impressive array of theory literature science anthropology philosophy and religious studies as well as different forms including essays plays a novel and a 935 page unpublished manuscript entitled Black Metamorphosis New Natives in a New World Whatever the medium Wynter frequently engages religion as a relevant category of analysis from reflections on Christianity Islam and Rastafarianism to the category and role of religion as a universal aspect of human social production Wynter s writings have received enthusiastic attention by scholars in Black studies Caribbean theory critical race theory literature and philosophy But until recently little scholarly writing exists that directly engages the topic of religion in her corpus Words Made Flesh seeks to fill this gap by focusing exclusively on religion religions and religiosity in her work Bringing together scholars that provide a wide variety of theoretical perspectives on religion political theology social theory and science studies this book offers an in depth engagement with one of the most innovative and important thinkers of the last forty years and illustrates how Wynter s writing has significant implications for the study of religion and religion s relationship to colonialism race humanism science and political theology The African American Experience Arvarh E. Strickland,Robert E. Weems Jr.,2000-11-30 Compared to the early decades of the 20th century when scholarly writing on African Americans was limited to a few titles on slavery Reconstruction and African American migration the last thirty years have witnessed an explosion of works on the African American experience With the Civil Rights and Black Power movements of the 1960s came an increasing demand for the study and teaching of African American history followed by the publication of increasing numbers of titles on African American life and history This volume provides a comprehensive bibliographical and analytical guide to this growing body of literature as well as an analysis of how the study of African Americans has changed **Speculative Film and Moving Images by or about Black Women and Girls** Karima K. Jeffrey-Legette,2023-01-24 Speculative Film and Moving Images by or about Black Women and Girls Watch It examines depictions of African descended women and girls in twentieth and twenty first century filmmaking Topics include a discursive analysis of stereotypes roles garnered by Halle Berry the only Black woman to receive an Oscar for Best Actress in a Leading Role the promise of characters relationships and scripts found

in works ranging from *Altered Carbon* Lovecraft Country and HBO's *Watchmen* series and a closing chapter that considers the legacy of Black women in horror Jeffrey Legette illustrates the ways in which recent texts explore the trauma endured by people of African descent in the United States of America in evocative ways In doing so she provides a compelling interpretation of prevalent well received and recurring images of Black women and girls in American popular culture
