Blacks In The Federal Judiciary:

Blacks in the Federal Judiciary Abraham L. Davis, 1989 A Rift in the Clouds Brent J. Aucoin, 2007-08-01 A Rift in the Clouds chronicles the efforts of three white southern federal judges to protect the civil rights of African Americans at the beginning of the twentieth century when few in the American legal community were willing to do so Jacob Treiber of Arkansas Emory Speer of Georgia and Thomas Goode Jones of Alabama challenged the Supreme Court's reading of the Reconstruction amendments that were passed in an attempt to make disfranchised and exploited African Americans equal citizens of the United States These unpopular white southerners two of whom who had served in the Confederate Army and had themselves helped to bring Reconstruction to an end in their states asserted that the amendments not only established black equality but authorized the government to protect blacks Although their rulings won few immediate gains for blacks and were overturned by the Supreme Court their legal arguments would be resurrected and meet with greater success over half a century later during the civil rights movement Equal Employment Opportunity Practices in the Federal Judiciary

Gerald D. Jaynes, 2005-02-01 Do your students or patrons ever ask you about African Americans in sports How about African American Academy Award winners Or perhaps you're asked about more complex social issues regarding the unemployment rate among African Americans or the number of African American men on death row If these questions sound familiar the Encyclopedia of African American Society is a must have for your library This two volume

reference seeks to capture the ways in which the tenets and foundations of African American culture have given rise to today's society. Approaching the field from a street level perspective, these two volumes cover topics of universal interest in America: rap, music, sports, television, cinema, racism, religion, literature, and much more. The Encyclopedia of African American Society is also the first comprehensive yet accessible reference set in this field to give voice to the turbulent historical trends: slavery, segregation, separate but equal, that are often ignored in favor of mere facts. This is a definitive, reliable, and accessible entry point to learning the basics about African American society. The encyclopedia is anchored by alphabetically arranged essays on such topics as abolitionism, affirmative action, and the civil rights movement. More than just a who's who, these volumes emphasize social issues and events those filled with significance and consequence through history. Civil Rights, economic growth, law, and justice, and politics, with all of their numerous subcategories, receive substantial coverage. The encyclopedia naturally contains hundreds of articles on notable African Americans: Martin Luther King Jr., Jackie Robinson, Miles Davis, groundbreaking events: Emancipation, Proclamation, Los Angeles Riots, sports, and culture: Rap Music, Jazz, and significant heritage sites: Apollo Theater. This much-needed two-volume encyclopedia should become a staple in collections at school, public, and academic libraries.
