Black Novelists And The Southern Literary Tradition:

Black Novelists and the Southern Literary Tradition Ladell Payne, 1981 **Influence and Intertextuality in Literary History** Jay Clayton, Eric Rothstein, 1991 This important collection explores and clarifies two of the most contested ideas in literary theory today influence and intertextuality The study of influence tends to center on major authors and canonical works identifying prior documents as sources or contexts for a given author Intertextuality on the other hand is a concept unconcerned with authors as individuals it treats all texts as part of a network of discourse that includes culture history and social practices as well as other literary works In thirteen essays drawing on the entire spectrum of English and American literary history this volume considers the relationship between these two terms their rivalry their kinship their range of uses Debates about these two concepts have been crucial to the new historicism and the resurgence of interest in literary history The essays in this volume employ a refreshing array of examples from that history poetry of the Renaissance and the twentieth century novels of the eighteenth through twentieth centuries Old English texts and postmodernist productions that have served as recurrent intertexts for contemporary theory The contributors treat such currently vital questions as the role of the author canon formation gender causality and the social dimension of texts They illuminate old assumptions and new ideas about agency that lie behind notions of influence and they examine models of an anonymous textual field that lie behind notions of intertextuality The volume takes much of its character from its own intertextual origin as a group project of the English faculty at the University of Wisconsin Madison Though diverse in their academic interests concerns and experience the contributors participated in an ongoing intellectual exchange that is a model of how new scholarship can arise from dialogue **Black Women in New South Literature and Culture** Sherita L. Johnson, 2009-09-11 This book focuses on the profound impact that racism had on the literary imagination of black Americans in the South Sherita L Johnson argues that it is impossible to consider what the South and what southernness mean without looking at how black women have contributed to and contested any unified definition of that region **A Literary History of Mississippi** Lorie Watkins, 2017-05-31 With contributions by Ted Atkinson Robert Bray Patsy J Daniels David A Davis Taylor Hagood Lisa Hinrichsen Suzanne Marrs Greg O'Brien Ted Ownby Ed Piacentino Claude Pruitt Thomas J Richardson Donald M Shaffer Theresa M Towner Terrence T Tucker Daniel Cross Turner Lorie Watkins and Ellen Weinauer Mississippi is a study in contradictions One of the richest states when the Civil War began it emerged as possibly the poorest and remains so today Geographically diverse the state encompasses ten distinct landform regions As people traverse these they discover varying accents and divergent outlooks They find pockets of inexhaustible wealth within widespread grinding poverty Yet the most illiterate disadvantaged state has produced arguably the nation's richest literary legacy Why Mississippi What does it mean to write in a state of such extremes To write of racial and economic relations so contradictory and fraught as to defy any logic Willie Morris often quoted William Faulkner as saying To understand the world you must first understand a place like

Mississippi What Faulkner or more likely Morris posits is that Mississippi is not separate from the world The country s fascination with Mississippi persists because the place embodies the very conflicts that plague the nation This volume examines indigenous literature Southwest humor slave narratives and the literature of the Civil War Essays on modern and contemporary writers and the state s changing role in southern studies look at more recent literary trends while essays on key individual authors offer more information on luminaries including Faulkner Eudora Welty Richard Wright Tennessee Williams and Margaret Walker Finally essays on autobiography poetry drama and history span the creative breadth of Mississippi s literature Written by literary scholars closely connected to the state the volume offers a history suitable for all readers interested in learning more about Mississippi s great literary tradition *The Female Tradition in Southern Literature* Carol S. Manning, 1993 This collection of critical essays examines the contributions to and influences on literature that have been made by Southern women writers From publisher description *A Richard Wright Bibliography* Kenneth Kinnamon, Joseph Benson, Michel Fabre, Craig Werner, 1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any library supporting American literature studies Richard Wright has truly been well served Choice The most comprehensive bibliography ever compiled for an American writer this book contains 13 117 annotated items pertaining to Richard Wright It includes almost all published mentions of the author or his work in every language in which those mentions appear Sources listed include books articles reviews notes news items publishers catalogs promotional materials book jackets dissertations and theses encyclopedias biographical dictionaries handbooks and study guides library reports best seller charts the Index Translationum playbills and advertisements editorials radio transcripts and published letters and interviews The bibliography is arranged chronologically by year Each entry includes bibliographical information an annotation by the authors and information about all reprintings partial or full The index is unusually complete and contains the titles of Wright s works real and fictional characters in the works entries relating to significant places and events in the author s life important literary terminology and much additional information *Humanities* , 1998 *Afro-American Life, History and Culture* , 1985 **Richard Wright** Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982

This is the exhaustive reference for serious students of Richard Wright and his critics **Passing and the Rise of the African American Novel** Maria Giulia Fabi, 2001 *Passing and the Rise of the African American Novel* restores to its rightful place a body of American literature that has long been overlooked dismissed or misjudged This insightful reconsideration of nineteenth century African American fiction uncovers the literary artistry and ideological complexity of a body of work that laid the foundation for the Harlem Renaissance and changed the course of American letters Focusing on the trope of passing black characters lightskinned enough to pass for white M Giulia Fabi shows how early African American authors such as William Wells Brown Frank J Webb Charles W Chesnutt Sutton E Griggs James Weldon Johnson Frances E W Harper and Edward A Johnson transformed traditional representations of blackness and moved beyond the tragic mulatto motif Celebrating a distinctive African American history culture and worldview these authors used passing to challenge the myths of racial purity and the color line Fabi examines how early black writers adapted existing literary forms including the sentimental romance the domestic novel and the utopian novel to express their convictions and concerns about slavery segregation and racism She also gives a historical overview of the canon making enterprises of African American critics from the 1850s to the 1990s and considers how their concerns about crafting a particular image for African American literature affected their perceptions of nineteenth century black fiction
