Black Of Polish Jewry:

The ^ABlack Jews of Africa Edith Bruder,2008-05-29 The Last Years of Polish Jewry Yankev Leshchinsky,2023-03-08

Ukrainian born Yankev Leshchinsky 1876 1966 was the leading scholarly and journalistic analyst of Eastern European Jewish socioeconomic and political life from the 1920s to the 1950s Known as the dean of Jewish sociologists and the father of Jewish demography Leshchinsky published a series of insightful and moving essays in Yiddish on Polish Jewry between 1927 and 1937 Despite heightened interest in interwar Jewish communities in Poland in recent years these essays like most of Leshchinsky s works have never been translated into English *The Last Years of Polish Jewry* helps to rectify this situation by translating some of Leshchinsky s key essays A thoughtful Introduction by Robert Brym provides the context of the author s life and work The essays in this volume based on years of research and first hand observation focus on the period 1927 33 The rise of militant Polish nationalism and the ensuing anti Jewish boycotts and pogroms the increasing exclusion of Jews from government employment and the universities the destitution hunger suicide and efforts to emigrate that characterized Jewish life the psychological toll taken by mass uncertainty and hopelessness all this falls within the author s ambit There is no work in English that comes close to the range and depth of Leshchinsky s essays on the last years of the three million Polish Jews who were to perish at the hand of the Nazi regime This book will be of interest to researchers and students of Eastern European history and society especially those with an interest in Eastern Europe s Jewish communities on the brink of the Holocaust Fate Unknown Dan Stone,2023 Dan Stone tells the story of the last great unknown archive of Nazism the International Tracing Service set up to find missing persons at the end of World War II Spanning across death marches slave labour and liberation *Fate Unknown* uncovers the history of this remarkable archive which holds over 30 million documents *Black Zion* Yvonne Patricia Chireau,Nathaniel Deutsch,2000 This is an exploration of the interaction between African American religions and Jewish traditions beliefs and spaces The collection s argument is that religion is the missing piece of the cultural jigsaw and black Jewish relations need the religious roots of their problem illuminated **Genocide on Trial** Donald Bloxham,2001-10-04 When the Allies decided to try German war criminals at the end of World War II they were attempting not only to punish the guilty but also to create a record of what had happened in Europe This ground breaking new study shows how Britain and the United States went about inscribing the history of Nazi Germany and the effect their trial and occupation policies had on both long and short term memory in Germany and Britain Donald Bloxham here examines the actions and trials of German soldiers and policemen the use of legal evidence the refractory functions of the courtroom and Allied political and cultural preconceptions of both Germanism and of German criminality His evidence shows conclusively that the trials were a failure the greatest of all crimes against humanity the final solution of the Jewish question was largely written out of history in the post war era and the trials failed to transmit the breadth of German criminality Finally with reference to the historiography of the Holocaust *Genocide on Trial* illuminates the function of the trials in

perpetuating misleading generalizations about the course of the Holocaust and the nature of Nazism [Reconstructing the Old Country](#) Eliyana R. Adler, Sheila E. Sinnreich, 2023-02-16 During World War II the Germans put the Jews in Nazi occupied Poland into ghettos which restricted their movement and most crucially for their survival access to food The Germans saw the Jews as useless eaters and denied them sufficient food for survival The hunger which resulted from this intentional starvation impacted every aspect of Jewish life inside the ghettos This book focuses on the Jews in the d Warsaw and Krak w ghettos as they struggled to survive the deadly Nazi ghetto and in particular the genocidal famine conditions Jews had no control over Nazi food policy but they attempted to survive the deadly conditions of Nazi ghettoization through a range of coping mechanisms and survival strategies In this book Helene Sinnreich explores their story drawing from diaries and first hand accounts of the victims and survivors This title is also available as Open Access on Cambridge Core *Different Horrors, Same Hell* Myrna Goldenberg, Amy Shapiro, 2013-05-15 Different Horrors Same Hell brings together a variety of essays demonstrating the breadth of contributions that feminist theory and gender analysis make to the study of the Holocaust The collection provides new perspectives on central works of Holocaust scholarship and representation from the books of Hannah Arendt and Ruth Kluger to films such as Claude Lanzmann's Shoah and Steven Spielberg's Schindler's List Interviews with survivors and their descendants draw new attention to the significance of women's roles and family structures during and in the aftermath of the Holocaust and interviews and archival research reveal the undercurrents of sexual violence within the Final Solution As Doris Bergen shows in the book's first chapter the focus on women's and gender issues in this collection complicates familiar and outworn categories and humanizes the past in powerful ways [Guide to the YIVO Archives](#) Yivo Institute For Jewish Research, 2019-08-08 YIVO founded in 1925 in Wilno Vilnius is a center for scholarship on East European Jewish history language and culture During the 1920s and early 1930s a network of YIVO affiliates was established across Europe and the Americas including one in New York which became the institute's new home when YIVO was reestablished in 1940 by members of its board who had escaped from Nazi occupied Europe This is the first repository level finding aid to the archives over 1 400 collections of the YIVO Institute for Jewish Research in New York It includes a brief history of the institute and archives descriptive entries on each collection a detailed index of key words and subject headings and information on the archive's basic services
