

The background of the entire image is a complex, abstract pattern. It features a dark, almost black, base color. Overlaid on this are various organic, flowing, and somewhat geometric shapes in a vibrant red color. These shapes resemble stylized waves, veins, or perhaps a microscopic view of a material. The overall effect is one of depth and movement, with the red elements standing out sharply against the dark background.

Blackness And Value Seeing Double:

Blackness and Value Lindon Barrett,1999 Blackness and Value investigates the principles by which value operates and asks if it is useful to imagine that the concepts of racial blackness and whiteness in the United States operate in terms of these principles Testing these concepts by exploring various theoretical approaches and their shortcomings Lindon Barrett finds that the gulf between the street where race is acknowledged as a powerful enigma and the literary academy where until recently it has not been can be understood as a symptom of racial violence The book traces several interrelations between value and race such as literate illiterate the signing singing voice time space civic criminal and academy street and offers relevant and fresh readings of two novels by Ann Petry While approaches to race and value are commonly examined historically or sociologically this intriguing study provides a new critical approach that speaks to theorists of race as well as gender and queer studies

Blackness and Value Lindon Barrett,2009-04-30 Blackness and Value investigates the principles by which value operates and asks if it is useful to imagine that the concepts of racial blackness and whiteness in the United States operate in terms of these principles Testing these concepts by exploring various theoretical approaches and their shortcomings Lindon Barrett finds that the gulf between the street where race is acknowledged as a powerful enigma and the literary academy where until recently it has not been can be understood as a symptom of racial violence While commonly approaches to race and value are examined historically or sociologically this intriguing study provides a new critical approach that speaks to theorists of race as well as gender and queer studies

Blackhood Against the Police Power Tryon P. Woods,2019-06-01 Both significant and timely Blackhood Against the Police Power addresses the punishment of race and the disavowal of sexual violence central to the contemporary post racial culture of politics Here the author asserts that the post racial presents an antiblack animus that should be read as desiring the end of blackness and the black liberation movement s singular ethical claims The book redefines policing as a sociohistorical process of implementing antiblackness and in so doing redefines racism as an act of sexual violence that produces the punishment of race It smartly critiques the way leading antiracist discourse is frequently complicit with antiblackness and recalls the original 1960s conception of black studies as a corrective to the deficiencies in today s critical discourse on race and sex The book explores these lines of inquiry to pinpoint how the history of racial slavery wraps itself in a new discourse of disavowal In this way Blackhood Against the Police Power responds to a range of texts policies practices and representations complicit with the police power from the Fourth Amendment and the movements to curtail stop and frisk policing and mass incarceration to popular culture treatments of blackness to the leading academic discourses on race and sex politics

Black Aliveness, or A Poetics of Being Kevin Quashie,2021-02-05 In Black Aliveness or A Poetics of Being Kevin Quashie imagines a Black world in which one encounters Black being as it is rather than only as it exists in the shadow of anti Black violence As such he makes a case for Black aliveness even in the face of the persistence of death in Black life and Black study Centrally Quashie

theorizes aliveness through the aesthetics of poetry reading poetic inhabitation in Black feminist literary texts by Lucille Clifton Audre Lorde June Jordan Toni Morrison and Evie Shockley among others showing how their philosophical and creative thinking constitutes worldmaking This worldmaking conceptualizes Blackness as capacious relational beyond the normative terms of recognition Blackness as a condition of oneness Reading for poetic aliveness then becomes a means of exploring Black being rather than nonbeing and animates the ethical question how to be In this way Quashie offers a Black feminist philosophy of being which is nothing less than a philosophy of the becoming of the Black world

Disabilities of the Color Line Dennis Tyler, 2022-02-15 Rather than simply engaging in a triumphalist narrative of overcoming where both disability and disablement are shunned alike *Disabilities of the Color Line* argues that Black authors and activists have consistently avowed disability as a part of Black social life in varied and complex ways Sometimes their affirmation of disability serves to capture how their bodies minds and health have been and are made vulnerable to harm and impairment by the state and society Sometimes their assertion of disability symbolizes a sense of commonality and community that comes not only from a recognition of the shared subjection of Blackness and disability but also from a willingness to imagine and create a world distinct from the dominant social order Through the work of David Walker Henry Box Brown William and Ellen Craft Charles Chesnutt James Weldon Johnson and Mamie Till Mobley this book examines how Black writer activists have engaged in an aesthetics of redress modes of resistance that show how Black communities have rigorously acknowledged disability as a response to forms of racial injury and in the pursuit of racial and disability justice

Liner Notes for the Revolution Daphne A. Brooks, 2021-02-23 *Liner Notes for the Revolution* offers a startling new perspective on Black women musicians from Bessie Smith to Beyoncé Informed by the overlooked contributions of women who wrote about the blues rock and pop Daphne A Brooks argues that acclaimed entertainers have also been radical intellectuals challenging the culture industry to catch up

Scandalize My Name Terrion L. Williamson, 2016-10-03 From sapphire mammy and jezebel to the angry black woman baby mama and nappy headed ho black female iconography has had a long and tortured history in public culture The telling of this history has long occupied the work of black female theorists much of which has been foundational in situating black women within the matrix of sociopolitical thought and practice in the United States *Scandalize My Name* builds upon the rich tradition of this work while approaching the study of black female representation as an opening onto a critical contemplation of the vagaries of black social life It makes a case for a radical black subject position that structures and is structured by an intramural social order that revels in the underside of the stereotype and ultimately destabilizes the very notion of civil society At turns memoir sociological inquiry literary analysis and cultural critique *Scandalize My Name* explores topics as varied as serial murder reality television Christian evangelism teenage pregnancy and the work of Toni Morrison to advance black feminist practice as a mode through which black sociality is both theorized and made material

Paul Robeson and the Cold War Performance Complex Tony Perucci, 2012-04-18 Two key performances by Paul

Robeson shed light on the Cold War era **Feenin** Alexander Ghedi Weheliye,2023-09-29 In Feenin Alexander Ghedi Weheliye traces R B music s continuing centrality in Black life since the late 1970s Focusing on various musical production and reproduction technologies such as auto tune and the materiality of the BlackFem singing voice Weheliye counteracts the widespread popular and scholarly narratives of the genre s decline and death He shows how R B remains a thriving venue for the expression of Black thought and life and a primary archive of the contemporary moment Among other topics Weheliye discusses the postdisco evolution of house music in Chicago and techno in Detroit Prince and David Bowie in relation to appropriations of Blackness and Euro whiteness in the 1980s how the BlackFem voice functions as a repository of Black knowledge the methods contemporary R B musicians use to bring attention to Black Lives Matter and the ways vocal distortion technologies such as the vocoder demonstrate Black music s relevance to discussions of humanism and posthumanism Ultimately Feenin represents Weheliye s capacious thinking about R B as the site through which to consider questions of Blackness technology history humanity community diaspora and nationhood Raising the Dead Sharon Patricia Holland,2000-03-29 Through a series of literary and cultural readings argues that African Americans have a special relation to death arising from their death like social marginality

Embracing the Melody of Appearance: An Mental Symphony within **Blackness And Value Seeing Double**
