Showalter,1998-02-01 3D Diet Discipline and Discipleship/My Thoughts Along the Way/Devotions for a New Beginning Set Paraclete Press,2002-12-01

Devotional Fitness Martin Radermacher,2017-01-05 This book examines evangelical dieting and fitness programs and provides a systematic approach of this diverse field with its wide variety of programs When evangelical Christians engage in fitness and dieting classes in order to glorify God they often face skepticism This book approaches devotional fitness culture in North America from a religious studies perspective outlining the basic structures ideas and practices of the field Starting with the historical backgrounds of this current the book approaches both practice and ideology highlighting how devotional fitness programs construe their identity in the face of various competing offers in religious and non religious sectors of society The book suggests a nuanced and complex understanding of the relationship between sports and religion beyond simple functional equivalency It provides insights into the formation of secular and religious body ideals and the way these body ideals are sacralized in the frame of an evangelical worldview **Controversies in Body Theology** Marcella Althaus-Reid,Lisa

Isherwood,2008 Examines some of the most extreme approaches to the body that our society engages with This book embraces the difficult and challenging areas of the body and society as an embodied resource for the ever expanding task of considering the nature of incarnation through the lens of body theology The Fat Jesus Lisa Isherwood,2008 We are living in a food and body image obsessed culture We are encouraged to over consume by the marketing and media that surround us and then berated by those same forces for doing so At the same time we are bombarded with images of unnaturally thin celebrities who go to enormous lengths to retain an unrealistic body image either by extremes of dieting or through plastic surgery or both The spiritual realm is not immune from these pressures as can be seen in the flourishing of biblically and faith based weight loss programs that encourage women to lose weight physically and gain spiritually Isherwood examines this environment in light of Christian tradition which has often had a difficult relationship with sexuality and embodiment and which has promoted ideals of restraint and asceticism She argues that part of the reason for our current obsession and bizarre treatment of issues around weight size and looks is that secular society has unknowingly absorbed many of its negative attitudes towards the body from its Christian heritage Isherwood argues powerfully that there are resources within Christianity that can free us from this thinking and lead us towards a more holistic incarnational view of what it is to be human The Fat Jesus provides a fascinating study of the complex ways that food women and religion interconnect and proposes a theology of embrace and expansion emphasizing the fullness of our incarnation 3D Individual Members Kit

Evangelical Theologies of Liberation and Justice Mae Elise Cannon, Andrea Smith, 2019-09-10 Despite the current evangelical focus on justice work evangelical theologians have not adequately developed a theological foundation for this activism In this insightful resource evangelical academics activists and pastors come together to survey the history and outlines of liberation theology opening a conversation for developing a specifically evangelical view of liberation that speaks to the critical justice issues of our time

Seeking the Straight and Narrow Lynne Gerber, 2012-08-01 Losing weight and changing your sexual orientation are both notoriously difficult to do successfully Yet many faithful evangelical Christians believe that thinness and heterosexuality are godly ideals and that God will provide reliable paths toward them for those who fall short Seeking the Straight and Narrow is a fascinating account of the world of evangelical efforts to alter our strongest bodily desires Drawing on fieldwork at First Place a popular Christian weight loss program and Exodus International a network of ex gay ministries Lynne Gerber explores why some Christians feel that being fat or gay offends God what exactly they do to lose weight or go straight and how they make sense of the program's results or frequently their lack Gerber notes the differences and striking parallels between the two programs and more broadly she traces the ways that other social institutions have attempted to contain the excesses associated with fatness and homosexuality Challenging narratives that place evangelicals in constant opposition to dominant American values Gerber shows that these programs reflect the often overlooked connection between American cultural obsessions and Christian ones
