

The illustration features a pink taxi driver with long, flowing pink hair and a matching pink suit, falling upside down. The driver's legs are extended upwards, and their arms are outstretched. The background shows a city skyline at night with several tall buildings, each filled with many small, glowing windows. The sky is a mix of light green and white, with several starburst effects scattered across it. The overall style is reminiscent of a retro video game or a stylized comic book illustration.

Rosenstein argues the Jewish people's collective memories desires hopes and faith have converged to envision an ideal life in the Land of Israel but critically the legacy is a kaleidoscope of conflicting and sometimes overlapping visions And after three millennia of imagining utopia it is almost impossible for Jews to respond to Israel's realities without being influenced even unconsciously by these images Charting the place of utopian thought in Judaism Rosenstein then illustrates with original texts diverse utopian visions of the Jewish state Torah state Yavetz holy community based on nostalgic memories of the medieval community national cultural home Lewinsky normal state Herzl socialist paradise Syrkin anarchy Jabotinsky and a polity defined by Israel's historic or divinely ordained borders Analyzing how these disparate utopian visions collide in Israel's attempts to chart policy and practice regarding the Sabbath social welfare immigration developing versus conserving the land and the Israel Diaspora relationship yields novel perspectives on contemporary flashpoints His own utopian vision offers a further entryway for both Israelis and Diaspora Jews into more informed and nuanced conversations about the Jewish state
