Media Industries in the Digital Age Amanda D. Lotz, Timothy Havens, 2024-11-18 The digital communication technologies that emerged at the turn of the century have profoundly disrupted long practiced norms of nearly every media industry In particular internet distribution has fundamentally changed the foundation of the media industry to enable the emergence of new sectors while posing a challenge for others Media Industries in the Digital Age reframes our understanding of media businesses in the light of these substantial changes To develop an integrated understanding of media industries today the book foregrounds the different funding sources that are now common It begins by mapping the foundations and developments of media industry operation and exploring all forms of advertiser funded and consumer funded media to identify connections across sectors including digital and legacy media The final section grounds the book's conceptual work in examples of media making to explore how some old media have successfully adapted to internet disruption and the differences and similarities of media making outside of corporations Looking to the future the book anticipates implications for the emerging metaverse media experiences and the key issues generative AI poses to the sector Ultimately the book argues that the contemporary differences in media industry operation vary by sector but meaningful

patterns can be identified by considering how advertiser consumer or government funding sets different priorities Offering a new and original way of understanding the media industries today this book is enlightening reading for students and scholars of media studies and media industries as well as global industry professionals

Cross-Sector Cyber Insurance for the Intelligent Society Alawida, Moatsum,Almomani, Ammar,Alauthman, Mohammad,2025-08-06 As societies utilize smart technologies the need for cybersecurity measures and cross sector cyber insurance grows more urgent In an intelligent society cyber incidents can have extreme impacts Cross sector cyber insurance emerges as a tool to manage these risks offering financial protection resilience planning and coordinated response mechanisms However this field faces challenges in standardizing risk assessment ensuring regulatory compliance and fostering collaboration across industries As threats become sophisticated the development of cyber insurance frameworks is essential to safeguarding both public and private sectors in a digital world Cross Sector Cyber Insurance for the Intelligent Society explores the role of cyber insurance in managing digital risks across sectors within a connected and data driven society It examines how cross sector collaboration regulatory frameworks and cyber threats influence the design of cyber insurance models This book covers topics such as cyber technology risk assessment and healthcare systems and is a useful resource for engineers business owners

policymakers educators medical professionals academicians researchers and scientists

Running a Successful Live Service Game Sergei Vasiuk,2024-12-03 This book unveils the secrets of

extraordinarily successful games and hands you a smarter way to create exceptional engagement and convert it into revenue. It teaches you detailed LiveOps techniques that show you how to keep your game appealing through engaging events, personalized experiences, and smart monetization. You'll discover the 3 LAPs of Operations framework, a dynamic question-driven process that you can implement to systematically boost retention and achieve your game's financial goals. The book delves into the intricate business of live service games, explaining how to enhance your operational efficiency with precise toolset implementations and analytics. While some studio leaders merely talk about riding the trend, this approach is far too passive. Embrace the shift towards people-driven game development where your players evolve from mere consumers into active co-creators. This transformation allows you to construct your own trend, known as People's LiveOps, where you engage your most devoted fans and offer them opportunities to earn a living through their creations. Essential for professionals in live service games, this book is also invaluable for aspiring talents and seasoned experts aiming to enter or excel in the gaming industry.
