

AN ANNOTATED ANTHOLOGY
OF
HYMNS

Edited with commentary by J. R. WATSON
with a foreword by TIMOTHY DUDLEY-SMITH

Annotated Anthology Of Hymns

Anthony C. Thiselton

Annotated Anthology Of Hymns:

An Annotated Anthology of Hymns Timothy Dudley-Smith, 2002-06-21 An Annotated Anthology of Hymns is a selection of 250 of the best known hymns in the English language including texts translated from Greek Latin German and other languages The selection includes hymns from the earliest years of the Christian church to the present day This is not a book for worship the hymns are printed in a chronological sequence and not by Christian season or subject as they would be in a church hymn book It is an anthology for those who would like to understand more about hymns each one is given a commentary which sets it in context identifies significant sources and provides explanatory and critical material An introductory essay discusses the hymn as a historical and literary form and the way in which it appeals to so many people This is a book which shows how in the words of the foreword by Timothy Dudley Smith hymns lift the heart It will be treasured by those who already know something about hymns and it will delight all those who enjoy hymns and would like to know more about them

An Annotated Anthology of Hymns John Richard Watson, 2002 [Hymns and Hymnody: Historical and Theological Introductions, Volume 2](#) Mark A. Lamport, Benjamin K. Forrest, Vernon M. Whaley, 2019-05-24 Hymns and the music the church sings in worship are tangible means of expressing worship And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is a sixty chapter three volume introductory textbook describing the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature

The Sung Theology of the English Particular Baptist Revival Joseph V. Carmichael, 2020-12-21 Anne Steele 1717 1778 originally wrote her hymns to be sung in the Baptist congregation pastored by her father The foremost female contemporary of hymn writing giants Charles Wesley John Newton and William Cowper her hymns are infused with spiritual sensitivity theological depth and raw

emotion She eventually published her hymns under the pseudonym Theodosia which means God's Gift She believed God had given her a gift to share Steele's work was warmly received in her own day Pastor and publishing pioneer of the modern English hymnal John Rippon included more than fifty of her hymns in the various topical sections of his wildly successful Selection of Hymns Rippon's hymnal was popular on both sides of the Atlantic but was especially influential during the nineteenth century revival and renewal of English Particular Baptists This book introduces Steele's hymns in the context of her life and times and of Rippon's hymnal It illustrates that Steele's approach to hymn writing is a model of biblical spirituality Each hymn as printed in Rippon's hymnal and thus sung by congregations and used as devotional literature is considered The sung theology of these congregations is a gift to the church universal and worth rediscovering in the twenty first century

Hymns and Hymnody, Volume 2 Benjamin K. Forrest, Mark A. Lamport, Vernon M. Whaley, 2020-07-30 While worship is one of the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is an introductory textbook in three volumes describing the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Each chapter contains five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The missions of Hymns and Hymnody are to provide biographical data on influential hymn writers for students and interested laypeople and to provide a theological analysis of what the cited composers have communicated in the theology of their hymns It is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect is missing in accessible formats for the current literature

Fiddled out of Reason John William Knapp, 2019-04-11 Fiddled out of Reason is a study of several poems spanning the life and career of Joseph Addison who along with John Dryden Alexander Pope Ambrose Philips Isaac Watts and many British poets of the turn of the eighteenth century helped to cultivate a broad new current of nonliturgical hymnic verse that became immensely popular across that century though it has eluded critical notice until now The texts the book examines Addison's St Cecilia's Day odes 1692 1699 his libretto for the opera Rosamond 1707 and a sequence of five hymnic works in The Spectator 1712 precede by twenty five years John Wesley's publication of the first hymnal for use in the Church of England The book argues that secular hymnic works such as Addison's emerged alongside religio political controversies and anxieties about British national identity morality and expressions of enthusiastic passions Church and Tory interests largely rejected hymnic verse claiming it would only fiddle unwitting readers out of their reason and reignite the dangerous fervor of Revolution era

Nonconformity and Dissent As is evident from his poetry Addison a moderate Whig ardently opposed this view arguing that the hymnic could in fact be a portal to national and individual amelioration After an introductory chapter exploring period conceptions of hymnic poetry and the highly contested term hymn itself the argument proceeds through three sections to trace the hymnic s upward trajectory through Addison s early mid period and mature verse The book devotes the lion s share of its attention to the last of these three which includes the five poem Spectator sequence a poem from the sequence The Spacious Firmament on High will be familiar to many readers Indeed in addition to offering new readings of hymnic works by Dryden and Pope Fiddled out of Reason provides the first extended critical treatment of these five important poems Publication of the book coincides with the 300th anniversary of Addison s death and with the appearance of a new Oxford edition of Addison s nonperiodical writings

Emily Dickinson and Hymn Culture Victoria N. Morgan, 2016-12-05

Extending the critical discussion which has focused on the hymns of Isaac Watts as an influence on Emily Dickinson s poetry this study brings to bear the hymnody of Dickinson s female forbears and contemporaries and considers Isaac Watts s position as a Dissenter for a fuller understanding of Dickinson s engagement with hymn culture Victoria N Morgan argues that the emphasis on autonomy in Watts a quality connected to his position as a Dissenter and the work of women hymnists who sought to redefine God in ways more compatible with their own experience posing a challenge to the hierarchical I Thou form of address found in traditional hymns inspired Dickinson s adoption of hymnic forms As she traces the powerful intersection of tradition and experience in Dickinson s poetry Morgan shows Dickinson using the modes and motifs of hymn culture to manipulate the space between concept and experience a space in which Dickinson challenges old ways of thinking and expresses her own innovative ideas on spirituality Focusing on Dickinson s use of bee imagery and on her notions of religious design Morgan situates the radical re visioning of the divine found in Dickinson s alternative hymns in the context of the poet s engagement with a community of hymn writers In her use of the fluid imagery of flight and community as metaphors for the divine Dickinson anticipates the ideas of feminist theologians who privilege community over hierarchy

War and Death in the Music of George Crumb Abigail Shupe, 2022-09-02 This book studies George Crumb s *The Winds of Destiny* 2004 and *Black Angels* 1970 as artifacts of collective memory and cultural trauma It situates these two pieces in Crumb s output and unpacks the complex methodologies needed to understand these pieces as contributions and challenges to traditional narratives of the Civil War and the Vietnam War *The Winds of Destiny* is shown to be a critical commentary on the legacy of American wars and militarism both concepts crucial to American identity *The Winds of Destiny* also acts as an ironic war memorial as a means of critiquing such concepts *Black Angels* has long been associated with the Vietnam War This book shows how this association began and how it endures through connections to iconic Vietnam War media including films and books Together these analyses show the legacy of trauma in American collective memory which is in a continuous crisis Crumb s musical critiques point to a need to resist conventional narratives and to begin to heal trauma

on a collective level This book will be of interest to students of contemporary American music American studies and memory studies It benefits readers by newly situating Crumb's music within these three fields of study

The Oxford History of Protestant Dissenting Traditions, Volume II Andrew C. Thompson, 2018-05-30 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume II charts the development of protestant Dissent between the passing of the Toleration Act 1689 and the repealing of the Test and Corporation Acts 1828 The long eighteenth century was a period in which Dissenters slowly moved from a position of being a persecuted minority to achieving a degree of acceptance and eventually full political rights The first part of the volume considers the history of various dissenting traditions inside England There are separate chapters devoted to Presbyterians Congregationalists Baptists and Quakers the denominations that traced their history before this period and also to Methodists who emerged as one of the denominations of New Dissent during the eighteenth century The second part explores the ways in which these traditions developed outside England It considers the complexities of being a Dissenter in Wales and Ireland where the state church was Episcopalian as well as in Scotland where it was Presbyterian It also looks at the development of Dissent across the Atlantic where the relationship between church and state was rather looser Part three is devoted to revivalist movements and their impact with a particular emphasis on the importance of missionary societies for spreading protestant Christianity from the late eighteenth century onwards The fourth part looks at Dissenters relationship to the British state and their involvement in the campaigns to abolish the slave trade The final part discusses how Dissenters lived the theology they developed and their attitudes towards scripture the importance of both sermons and singing their involvement in education and print culture and the ways in which they expressed their faith materially through their buildings

1 and 2 Thessalonians Through the Centuries Anthony C. Thiselton, 2020-06-22 This unique commentary on Paul's early letters by an outstanding New Testament specialist provides a broad range of original perspectives of how people have interpreted and been influenced by Paul's first two letters Addresses questions concerning the content setting and authenticity of the two Thessalonian letters drawing on responses from leading scholars poets hymn writers preachers theologians and biblical scholars throughout the ages Offers new insights into issues they raise concerning feminist biblical interpretation Provides a history of two way influences as exemplified by Ulrich Luz Hans Robert Jauss and Hans Georg

Gadamer Written by Anthony Thiselton a leading commentator on the Greek New Testament
